**FOR FURTHER INFORMATION CONTACT:** For information on the regulations for the interstate movement of regulated articles to prevent the spread of *Phytophthora ramorum*, contact Dr. Robert Baca, Assistant Director, Permitting and Compliance Coordination, Compliance and Environmental Coordination Branch, PPQ, APHIS, 4700 River Road Unit 150, Riverdale, MD 20737; (301) 851-2292. For copies of more detailed information on the information collection, contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2483.

**SUPPLEMENTARY INFORMATION:**

*Title:* Phytophthora Ramorum; Quarantine and Regulations.

*OMB Control Number:* 0579-0310.

*Type of Request:* Revision to and extension of approval of an information collection.

*Abstract:* The Plant Protection Act (7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States.

In accordance with the regulations in "Subpart-Phytophthora Ramorum" (§§ 301.92 through 301.92-12), the Animal and Plant Health Inspection Service of the U.S. Department of Agriculture restricts the interstate movement of certain articles to prevent the spread of *Phytophthora ramorum*, the plant pathogen that causes the disease commonly known as sudden oak death. The regulations contain requirements for the interstate movement of regulated articles, such as nursery stock and certain trees, from both quarantined and nonquarantined areas and involve information collection activities, including compliance agreements, annual inspections of nurseries and certification of nurseries, issuance and cancellation of certificates, sampling labels for testing, records of fungicide applications, recordkeeping of incoming and outgoing shipments of plants, notification of high risk *P. ramorum* genera, and emergency action notifications.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

*Estimate of burden:* The public reporting burden for this collection of information is estimated to average 0.29 hours per response.

*Respondents:* Nurseries, private industry, and State plant regulatory officials.

*Estimated annual number of respondents:* 29.

*Estimated annual number of responses per respondent:* 23.

*Estimated annual number of responses:* 678.

*Estimated total annual burden on respondents:* 199 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 19th day of April 2017.

**Michael C. Gregoire,**

*Acting Administrator, Animal and Plant Health Inspection Service.*

**BILLING CODE 3410-34-P**

Commerce ("Department") and the International Trade Commission ("ITC"), the Department is issuing the antidumping duty order on phosphor copper from the Republic of Korea ("Korea").

**DATES:** Effective April 24, 2017.

**FOR FURTHER INFORMATION CONTACT:** Cindy Robinson, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3797.

**SUPPLEMENTARY INFORMATION:** In accordance with section 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the "Act"), and 19 CFR 351.210(c), on March 3, 2017, the Department published its affirmative final determination in the less than fair value ("LTFV") investigation of phosphor copper from Korea.<sup>1</sup> On April 17, 2017, the ITC notified the Department of its final determination pursuant to section 735(d) of the Act, that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of LTFV imports of phosphor copper from Korea.<sup>2</sup>

**Scope of the Order**

The merchandise covered by the order is master alloys<sup>3</sup> of copper containing between five percent and 17 percent phosphorus by nominal weight, regardless of form (including but not limited to shot, pellet, waffle, ingot, or nugget), and regardless of size or weight. Subject merchandise consists predominantly of copper (by weight), and may contain other elements, including but not limited to iron (Fe), lead (Pb), or tin (Sn), in small amounts (up to one percent by nominal weight). Phosphor copper is frequently produced to JIS H2501 and ASTM B-644, Alloy 3A standards or higher; however, merchandise covered by the order includes all phosphor copper, regardless of whether the merchandise meets, fails to meet, or exceeds these standards.

Merchandise covered by the order is currently classified in the Harmonized

**Phosphor Copper From the Republic of Korea: Antidumping Duty Order**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** Based on an affirmative final determination by the Department of

<sup>1</sup> See *Phosphor Copper from the Republic of Korea: Final Affirmative Determination of Sales at Less Than Fair Value and Negative Final Determination of Critical Circumstances*, 82 FR 12433 (March 3, 2017) ("Final Determination").

<sup>2</sup> See Letter to Ronald Lorentzen, Acting Assistant Secretary of Commerce for Enforcement and Compliance, from Rhonda K. Schmidlein, Chairman of the U.S. International Trade Commission, regarding phosphor copper from the Republic of Korea (April 17, 2017) ("ITC Letter").

<sup>3</sup> A "master alloy" is a base metal, such as copper, to which a relatively high percentage of one or two other elements is added.

Tariff Schedule of the United States (“HTSUS”) under subheading 7405.00.1000. This HTSUS subheading is provided for convenience and customs purposes; the written description of the scope of the order is dispositive.

### Antidumping Duty Order

On April 17, 2017, in accordance with sections 735(b)(1)(A)(i) and 735(d) of the Act, the ITC notified the Department of its final determination in this investigation, in which it found that imports of phosphor copper from Korea are materially injuring a U.S. industry.<sup>4</sup> Therefore, in accordance with section 735(c)(2) of the Act, we are publishing this antidumping duty order.

Because the ITC determined that imports of phosphor copper from Korea are materially injuring a U.S. industry, unliquidated entries of such merchandise from Korea, entered or withdrawn for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection (“CBP”) to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of phosphor copper from Korea. Antidumping duties will be assessed on unliquidated entries of phosphor copper entered, or withdrawn from warehouse, for consumption on or after October 14, 2016, the date on which the Department published the *Preliminary Determination*,<sup>5</sup> but will not include entries occurring after the expiration of the provisional measures period and before publication of the ITC’s final injury determination, as further described below.

### Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we will instruct CBP to continue to suspend liquidation on entries of subject merchandise from Korea. These instructions suspending liquidation will remain in effect until further notice.

We will also instruct CBP to require cash deposits equal to the estimated

weighted-average dumping margins indicated in the chart below. Accordingly, effective on the date of publication of the ITC’s final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated duties on this subject merchandise, a cash deposit at the rates listed below.<sup>6</sup> The “all others” rate applies to all producers or exporters not specifically listed.

### Provisional Measures

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of Bongsan Co., Ltd., the sole mandatory respondent in this investigation, the Department extended the four-month period to six months.<sup>7</sup> In the underlying investigation, the Department published the *Preliminary Determination* on October 14, 2016.<sup>8</sup> Therefore, the six-month period beginning on the date of the publication of the *Preliminary Determination* ended on April 11, 2017. Furthermore, section 737(b) of the Act states that definitive duties are to begin on the date of publication of the ITC’s final injury determination.

Therefore, in accordance with section 733(d) of the Act and our practice, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of phosphor copper entered, or withdrawn from warehouse, for consumption after April 11, 2017, the date the provisional measures expired, and through the day preceding the date of publication of the ITC’s final injury determination in the **Federal Register**.

### Estimated Weighted-Average Dumping Margins

The Department determines that the estimated final weighted-average dumping margins are as follows:

Exporter/producer	Weighted-Average dumping margin (percent)
Bongsan Co., Ltd. ....	8.43
All Others .....	8.43

### Notification to Interested Parties

This notice constitutes the antidumping duty order with respect to phosphor copper from Korea, pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at <http://www.trade.gov/enforcement/>.

This order is issued and published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: April 20, 2017.

**Ronald K. Lorentzen,**  
Acting Assistant Secretary for Enforcement and Compliance.
