

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (32)(e) of the Instruction, from further environmental documentation.

Paragraph (32)(e) excludes the promulgation of operating regulations or procedures for drawbridges from the environmental documentation requirements of the National Environmental Policy Act (NEPA). Since this regulation would alter the normal operating conditions of the drawbridge, it falls within this exclusion. A “Categorical exclusion Determination” is available in the docket for inspection or copying where indicated under **ADDRESSES**.

Approval and Promulgation of Air Quality Implementation Plans; West Virginia; Withdrawal of Direct Final Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: Due to an adverse comment, EPA is withdrawing the direct final rule to redesignate the City of Weirton PM10 nonattainment area to attainment and approval of the maintenance plan. In the direct final rule published on October 27, 2004 (69 FR 62591), we stated that if we received adverse comment by November 26, 2004, the rule would be withdrawn and not take effect. EPA subsequently received an adverse comment. EPA will address the comment received in a subsequent final action based upon the proposed action also published on October 27, 2004 (69 FR 62637). EPA will not institute a second comment period on this action.

EFFECTIVE DATE: The direct final rule is withdrawn as of December 20, 2004.

National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Direct final notice of partial deletion of the Uravan Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region 8 is publishing a direct final notice of partial deletion of 9.84 acres within the Uravan Superfund Site (Site), located in Montrose County, Colorado, from the National Priorities List (NPL).

The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is appendix B of 40 CFR part 300, which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). This direct final partial deletion is being published by EPA with the concurrence of the State of Colorado, through the Colorado Department of Public Health and the Environment because EPA has determined that all appropriate response actions, for the 9.84 acres including two historic structures, under CERCLA have been completed and, therefore, further remedial action pursuant to CERCLA is not appropriate.

DATES: This direct final deletion will be effective February 18, 2005. If adverse comments are received by January 19, 2005, EPA will publish a timely withdrawal of the direct final deletion in the **Federal Register** informing the public that the deletion will not take effect.
