## DEPARTMENT OF JUSTICE

### Notice of Lodging of Consent Decrees Under The Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)

Notice is hereby given that on December 18, 2009, two proposed Consent Decrees in the case of *U.S. v. Mascot Mines, Inc., et al.*, Civil Action No. 08-383-EJL, with Defendants Mascot Mines, Inc. and Nabob Silver-Lead Company and with Defendant United Resource Holdings Group, Inc., were lodged with the United States District Court for the District of Idaho.

The United States filed a complaint in September 2008 alleging that the defendants are liable pursuant to Section 107(a) of CERCLA for response costs incurred and to be incurred by the United States in connection with Operable Unit Three of the Bunker Hill Mining and Metallurgical Complex Superfund Site in northern Idaho. The proposed Consent Decrees grant each settling defendant a covenant not to sue for response costs, as well as natural resource damages, in connection with the Site. The Coeur d'Alene Tribe is a co-trustee of injured natural resources at the Site and a party to the proposed Consent Decrees. The settlements are based on an analysis of each settling defendant's limited ability to pay and require payments totaling \$90,000. The settlements also require assignment of interest in insurance policies to a trust, for the benefit of EPA and the natural resource trustees, and payment of two percent of net smelter returns generated from any future mining activities.

For thirty (30) days after the date of this publication, the Department of
