

*Responses per Respondent:* 2.

*Annual Responses:* 218.

*Average Burden per Response:* 45 minutes.

*Annual Burden Hours:* 164.

*Needs and Uses:* This collection is necessary to collect essential personal information on foreign national students attending the National Defense University. The information collected is used to create profiles for the international students that ensures their needs are met as they transition to their time living in the United States as a student. It also helps them secure driving licenses, common access cards, facility identification number, temporary lodging assignment payments, and a defense travel system profile. Their preliminary information, including name, service, past assignments, etc. is collected via email correspondence while they are still in their home country. More sensitive information such as passport information, Date of Birth, Visa # and their FIN are collected either in person or over the WhatsApp messaging service, utilizing their end-to-end encryption. All student information is stored in a database that is only accessible to members of our office.

*Affected Public:* Individuals or households (Foreign Nationals).

*Frequency:* Annually.

*Respondent's Obligation:* Voluntary.

*OMB Desk Officer:* Ms. Jasmeet Seehra.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

*Instructions:* All submissions received must include the agency name, Docket ID number, and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

*DOD Clearance Officer:* Ms. Angela James.

Requests for copies of the information collection proposal should be sent to Ms. James at [whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil](mailto:whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil).

Dated: February 18, 2021.

**Aaron T. Siegel,**

*Alternate OSD Federal Register Liaison Officer, Department of Defense.*

### Office of the Secretary

[Docket ID DoD-2020-HA-0102]

#### Submission for OMB Review; Comment Request

**AGENCY:** The Office of the Assistant Secretary of Defense for Health Affairs, Department of Defense (DoD).

**ACTION:** 30-Day information collection notice.

**SUMMARY:** The Department of Defense has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

**DATES:** Consideration will be given to all comments received by March 29, 2021.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

#### FOR FURTHER INFORMATION CONTACT:

Angela James, 571-372-7574, or [whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil](mailto:whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil).

#### SUPPLEMENTARY INFORMATION:

*Title; Associated Form; and OMB Number:* Professional Qualifications Medical/Peer Reviewers; CHAMPUS Form 780; OMB Control Number 0720-0005.

*Type of Request:* Revision.  
*Number of Respondents:* 60.  
*Responses per Respondent:* 1.  
*Annual Responses:* 60.  
*Average Burden per Response:* 20 minutes.

*Annual Burden Hours:* 20.

*Needs and Uses:* The information collection requirement is necessary to obtain and record the professional qualifications of medical and peer reviewers utilized within TRICARE®. The form is included as an exhibit in an appeal or hearing case file as evidence of the reviewer's professional qualifications to review the medical documentation contained in the case file.

*Affected Public:* Businesses or other for-profit.

*Frequency:* One-time collection.

*Respondent's Obligation:* Voluntary.

*OMB Desk Officer:* Mr. James Crowe.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

*Instructions:* All submissions received must include the agency name, Docket ID number, and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

*DOD Clearance Officer:* Ms. Angela James.

Requests for copies of the information collection proposal should be sent to Ms. James at [whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil](mailto:whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil).

Dated: February 18, 2021.

## DEPARTMENT OF DEFENSE

### Office of the Secretary

#### Notice To Reopen Public Scoping for the Homeland Defense Radar in Hawaii Environmental Impact Statement

**AGENCY:** Missile Defense Agency, Department of Defense (DoD).

**ACTION:** Notice of intent.

**SUMMARY:** The Missile Defense Agency (MDA) announces that it is reopening the public scoping period for the Homeland Defense Radar-Hawaii (HDR-H) Environmental Impact Statement (EIS). MDA will use the additional public scoping input to support preparation of the EIS in accordance with the National Environmental Policy Act (NEPA) of 1969.

**DATES:** MDA invites public comments on the updated scope of the HDR-H EIS during the 45-day public scoping period beginning with publication of this notice in the **Federal Register**. Comments will be accepted on or before April 12, 2021 to ensure their consideration in the Draft EIS analysis.

**ADDRESSES:** Written comments, statements, and/or concerns regarding the scope of the EIS should be addressed to MDA HDR-H EIS and sent by email to [mda.hdrh.eis@kfs-llc.com](mailto:mda.hdrh.eis@kfs-llc.com); by facsimile at 256-713-1617; or by U.S. Postal Service to: KFS, LLC, Attn: MDA HDR-H EIS, 303 Williams Ave., Suite 116, Huntsville, AL 35801.

Comments will also be accepted via voicemail by calling 1-888-473-6650. All comments, and commenters' names and addresses, will be included in the administrative record.

**FOR FURTHER INFORMATION CONTACT:** Ms. Heather Cavaliere, MDA Public Affairs at 256-450-1599 or by email to [mda.info@mda.mil](mailto:mda.info@mda.mil). Additional information on the project can be found at MDA's website: [www.mda.mil/hdrh](http://www.mda.mil/hdrh).

**SUPPLEMENTARY INFORMATION:** A notice of intent to prepare the EIS for this project was previously published in the **Federal Register** on June 1, 2018, 83 FR 25442-25443. The purpose for reopening public scoping is to provide opportunity for comment on substantive project changes to previously identified HDR-H alternatives on the island of Oahu, in addition to a new HDR-H alternative on the island of Kauai. MDA is preparing the EIS to evaluate potential environmental impacts that could result from construction and operation of the HDR-H (a radar to identify, track, and classify long-range ballistic missile threats in mid-course flight), an In-Flight Interceptor Communications System Data Terminal or IDT (a facility that provides communication between the Ground-Based Midcourse Defense fire control system and the interceptor, both stationed elsewhere), and associated support facilities and infrastructure. The Proposed Action would also include establishment of restricted airspace for the HDR-H site. The purpose of the Proposed Action is to support the Missile Defense System and enhance homeland defense capabilities for Hawaii. The Fiscal Year (FY) 2017 National Defense Authorization Act (NDAA) requires MDA to develop a plan to construct and operate a "discrimination radar" or equivalent sensor, for a location that will improve homeland missile defense for the defense of Hawaii. A "discrimination radar" is capable of identifying and classifying specific ballistic missile threats. The FY2021 NDAA authorizes MDA to continue Homeland Defense Radar—Hawaii (HDR-H) radar development and siting efforts. The FY 2021 Appropriation bill provided funding to continue these efforts in FY 2021. Therefore, MDA is engaged in Advanced Planning studies and preparing an Environmental Impact Statement (EIS) for the siting and development of the HDR-H, should a deployment decision be made and is funded. The DoD has not yet made a decision on where to deploy the HDR-H and is still in the process of evaluating alternative locations.

During the original public scoping effort, MDA held three public scoping meetings on Oahu between June 19 and June 21, 2018. Due to the ongoing Coronavirus Disease 2019 (COVID-19) public health emergency, and consistent with the Centers for Disease Control and Prevention's guidance regarding large events and mass gatherings, MDA will provide an Online Open House website and hold two Telephone Public Meetings in place of in-person public scoping meetings. The Open House website has been developed to provide the public with HDR-H EIS-related information and the ability to comment on the Proposed Action. Access to this information can be found on MDA's website at [www.mda.mil/hdrh](http://www.mda.mil/hdrh). Notification of the public scoping period, Online Open House website, and Telephone Public Meetings will be published and announced in local news media to encourage public participation and review.

In accordance with the current 40 Code of Federal Regulations (CFR) 1501.8, the Department of the U.S. Air Force, Department of the U.S. Army, Department of the U.S. Navy, and Federal Aviation Administration (FAA) have been identified as cooperating agencies in preparing the EIS.

During the 2018 public scoping effort, MDA identified three alternative locations on the island of Oahu for the proposed HDR-H complex, which would consist of multiple buildings and facilities placed within and outside of a restricted fenced area. The overall complex would occupy up to approximately 50 acres and require up to approximately 100 additional acres for temporary construction laydown area and new infrastructure, depending on topographic and environmental conditions. Originally, one HDR-H alternative was identified at Kuaokala Ridge (KR) on state-owned land adjacent to the U.S. Air Force Kaena Point Satellite Tracking Station (KPSTS), while two other alternatives were identified at U.S. Army Kahuku Training Area (KTA) on DoD property and labeled as KTA Site 1 and Site 2. Since 2018, MDA has conducted additional and more intensive siting studies to confirm alternative selection, and optimize facility planning and design. As a result, in 2020 MDA removed both the KR and KTA Site 2 alternatives from further consideration and added a new alternative at the U.S. Navy Pacific Missile Range Facility (PMRF) on DoD property on the island of Kauai. The EIS analysis will include three alternatives: one on Oahu (KTA-1), one on Kauai (PMRF), and a No Action Alternative.

Because operation of the radar would create a hazard in areas of the National Airspace System where high intensity radiated fields (HIRF) would exceed FAA certification standards for aircraft electrical and electronic systems, MDA would coordinate with FAA to establish a Restricted Area within the radar's field-of-view where the flight of aircraft would be restricted.

Operation of the proposed HDR-H radar at the KTA-1 alternative would cause radio frequency interference with the U.S. Air Force Solar Observatory located at KPSTS. Because of the radio frequency interference, selection of the KTA-1 alternative would require the existing Solar Observatory mission to be relocated off island to another military installation in Hawaii and the existing facilities at KPSTS potentially demolished. Alternatives for relocating the Solar Observatory are PMRF on Kauai or the Air Force Research Laboratory Remote Maui Experiment facility situated on privately-owned lands leased to the U.S. Air Force on the island of Maui. Relocation of the Solar Observatory would require approximately one to two acres of privately-owned land for long-term operations. An additional acre of adjacent privately-owned land could be needed as temporary laydown area during Solar Observatory facility construction. Under the HDR-H alternative at PMRF, should it be selected, the existing Solar Observatory on Oahu would not require relocation.

At each HDR-H alternative location, impacts will be assessed for the following resource topics: Airspace management, air quality, biological resources, cultural resources, environmental justice, geology and soils, hazardous materials and waste management, health and safety, infrastructure (utilities), land use, noise and vibration, socioeconomics, transportation, visual resources, and water resources.

This public scoping effort also supports compliance with Section 106 of the National Historic Preservation Act (NHPA) of 1966 and its implementing regulations at 36 CFR part 800. As such, MDA will be conducting consultation with Native Hawaiian Organizations, government officials, and other interested parties regarding historic and cultural resources under Section 106 of the NHPA as appropriate.

MDA encourages all interested members of the public, as well as federal, state, and local agencies to participate in the public scoping process for the preparation of this EIS. The public scoping process assists in determining the scope of issues to be

addressed, other alternatives that should be considered, and helps identify significant environmental issues to be analyzed in depth in the EIS.

Dated: February 16, 2021.

**Aaron T. Siegel,**

## DEPARTMENT OF DEFENSE

### Office of the Secretary

[Docket ID: DoD-2020-OS-0007]

### Proposed Collection; Comment Request

**AGENCY:** The Office of the Under Secretary of Defense Comptroller, Department of Defense (DoD).

**ACTION:** Information collection notice.

**SUMMARY:** In compliance with the *Paperwork Reduction Act of 1995*, the Defense Finance and Accounting Service announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

**DATES:** Consideration will be given to all comments received by April 27, 2021.

**ADDRESSES:** You may submit comments, identified by docket number and title, by any of the following methods:

*Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

*Mail:* The DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should be sent electronically to the docket listed above.

*Instructions:* All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are

received without change, including any personal identifiers or contact information.

**FOR FURTHER INFORMATION CONTACT:** To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Defense Finance and Accounting Service, Kellen Stout, 8899 E 56th St., Indianapolis, IN 46249 or call (317) 212-1801.

### SUPPLEMENTARY INFORMATION:

*Title; Associated Form; and OMB Number:* Request for Information Regarding Deceased Debtor, DD Form 2840; OMB Control Number 0730-0015.

*Needs and Uses:* The information collection requirement is necessary to obtain information on deceased debtors from probate courts. Probate courts review their records to see if an estate was established. They provide the name and address of the executor or lawyer handling the estate. From the information obtained, DFAS submits a claim against the estate for the amount due to the United States.

*Affected Public:* State, local, or tribal government.

*Annual Burden Hours:* 100.

*Number of Respondents:* 300.

*Responses per Respondent:* 1.

*Annual Responses:* 300.

*Average Burden per Response:* 20 minutes.

*Frequency:* On occasion.

Dated: February 18, 2021.

**Aaron T. Siegel,**

*Alternate OSD Federal Register Liaison Officer, Department of Defense.*

### Army Corps of Engineers

[Docket ID: USA-2021-HQ-0003]

### Proposed Collection; Comment Request

**AGENCY:** Army Corps of Engineers, Department of Defense (DoD).

**ACTION:** Information collection notice.

**SUMMARY:** In compliance with the *Paperwork Reduction Act of 1995*, the U.S. Army Corps of Engineers announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have

practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

**DATES:** Consideration will be given to all comments received by April 27, 2021.

**ADDRESSES:** You may submit comments, identified by docket number and title, by any of the following methods:

*Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

*Mail:* The DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should be sent electronically to the docket listed above.

*Instructions:* All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

**FOR FURTHER INFORMATION CONTACT:** To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the U.S. Army Corps of Engineers Omaha District, ATTN: Kelly Baxter, 1616 Capitol Ave., Ste. 9000, Omaha, NE 68102; call at 402-995-2447; or email at [Kelly.D.Baxter@usace.army.mil](mailto:Kelly.D.Baxter@usace.army.mil).

### SUPPLEMENTARY INFORMATION:

*Title; Associated Form; and OMB Number:* Pacific Northwest Households Recreation Use Surveys; OMB Control Number 0710-0021.

*Needs and Uses:* The U.S. Army Corps of Engineers, Bonneville Power Administration (BPA), and Bureau of Reclamation (BOR), are jointly developing an environmental impact statement (EIS), referred to as the Columbia River System Operations (CRSO) EIS. As part of the EIS, the Corps is tasked with evaluating changes in the economic value provided by water-based recreation. The purpose of this survey effort is to gather information that will support development of a water-based recreational demand model for the Columbia River Basin in Washington,
