

TIGs is expected to commence on November 1, 2024.

III. Grant Application Process

A. Technology Initiative Grant Application Process

The TIG application process will be administered in LSC's unified grants management system, GrantEase. Applicants in the General TIG category must first submit a pre-application to LSC in GrantEase by March 11, 2024, at 11:59 p.m. ET, to be considered for a grant. After review by LSC staff, LSC's president decides which applicants will be asked to submit a full application. Applicants will be notified of approval to submit a full application by late April 2024. Full applications are due to LSC in the GrantEase system on June 3, 2024, at 11:59 p.m. ET. Once received, full applications will undergo a rigorous review by LSC staff. LSC's president makes the final decisions on funding for the Technology Initiative Grant program.

As noted above, applicants applying for Technology Improvement Project funding or in the Adoption, Expansion, and Enhancement category are not required to submit pre-applications. LSC will launch the online application system for Technology Improvement Projects by April 1, 2024, and set a submission deadline of May 19, 2024, at 11:59 p.m. ET. LSC will launch the online application system for Adoption, Expansion, and Enhancement grants in late April 2024 and applications will be due to LSC in GrantEase on June 3, 2024, at 11:59 p.m. ET. LSC follows a similar review process for applications in these categories, which includes LSC staff conducting a rigorous review of all proposals and the LSC president making final funding decisions.

B. Late or Incomplete Applications

LSC may consider a request to submit a pre-application after the deadline, but only if the applicant has submitted an email to techgrants@lsc.gov explaining the circumstances that caused the delay prior to the pre-application deadline. Communication with LSC staff, including assigned program liaisons, is not a substitute for sending a formal request and explanation to techgrants@lsc.gov. At its discretion, LSC may consider incomplete applications. LSC will determine whether it will consider late or incomplete applications on a case-by-case basis.

C. Multiple Pre-Applications

Applicants may submit multiple pre-applications. If applying for multiple grants that require pre-applications,

applicants should submit separate pre-applications for each funding request.

D. Additional Information and Guidelines

Additional guidance and instructions on the pre-application and application processes for Technology Initiative Grants will be available and regularly updated at <https://www.lsc.gov/grants/technology-initiative-grant-program>.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-23-0016; NARA-2024-012]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice of certain Federal agency requests for records disposition authority (records schedules). We publish notice in the **Federal Register** and on [regulations.gov](https://www.regulations.gov) for records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite

public comments on such records schedules.

DATES: We must receive responses on the schedules listed in this notice by March 11, 2024.

ADDRESSES: To view a records schedule in this notice, or submit a comment on one, use the following address: <https://www.regulations.gov/docket/NARA-23-0015/document>. This is a direct link to the schedules posted in the docket for this notice on [regulations.gov](https://www.regulations.gov). You may submit comments by the following method:

- **Federal eRulemaking Portal:** <https://www.regulations.gov>. On the website, enter either of the numbers cited at the top of this notice into the search field. This will bring you to the docket for this notice, in which we have posted the records schedules open for comment. Each schedule has a 'comment' button so you can comment on that specific schedule. For more information on [regulations.gov](https://www.regulations.gov) and on submitting comments, see their FAQs at <https://www.regulations.gov/faq>.

If you are unable to comment via [regulations.gov](https://www.regulations.gov), you may email us at request.schedule@nara.gov for instructions on submitting your comment. You must cite the control number of the schedule you wish to comment on. You can find the control number for each schedule in parentheses at the end of each schedule's entry in the list at the end of this notice.

FOR FURTHER INFORMATION CONTACT: Kimberly Richardson, Strategy and Performance Division, by email at regulation_comments@nara.gov or at 301-837-2902. For information about records schedules, contact Records Management Operations by email at request.schedule@nara.gov or by phone at 301-837-1799.

SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule.

We have uploaded the records schedules and accompanying appraisal memoranda to the *regulations.gov* docket for this notice as “other” documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the *regulations.gov* portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we may or may not make changes to the proposed records schedule. The schedule is then sent for final approval by the Archivist of the United States. After the schedule is approved, we will post on *regulations.gov* a “Consolidated Reply” summarizing the comments, responding to them, and noting any changes we made to the proposed schedule. You may elect at *regulations.gov* to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA’s approval. Once approved by NARA, records schedules provide mandatory instructions on what

happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records’ administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government’s activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist’s consideration process.
