SUPPLEMENTARY INFORMATION:**I. Abstract**

Title III, Subtitle B, Section 321 through Section 328 of the United States-Colombia Trade Promotion Agreement Implementation Act (the "Act") [Public Law 112-42] implements the textile and apparel safeguard provisions, provided for in Article 3.1 of the United States-Colombia Trade Promotion Agreement (the "Agreement"). This safeguard mechanism applies when, as a result of the elimination of a customs duty under the Agreement, a Colombian textile or apparel article is being imported into the United States in such increased quantities, in absolute terms or relative to the domestic market for that article, and under such conditions as to cause serious damage or actual threat thereof to a U.S. industry producing a like or directly competitive article. In these circumstances, Article 3.1 permits the United States to increase duties on the imported article from Colombia to a

level that does not exceed the lesser of the prevailing U.S. normal trade relations (NTR)/most-favored-nation (MFN) duty rate for the article or the U.S. NTR/MFN duty rate in effect on the day before the Agreement entered into force.

The Statement of Administrative Action accompanying the Act provides that the Committee for the Implementation of Textile Agreements (CITA) will issue procedures for requesting such safeguard measures, for making its determinations under Section 322(a) of the Act, and for providing relief under section 322(b) of the Act.

In Proclamation No. 8818 (77 FR 29519, May 18, 2012), the President delegated to CITA his authority under Subtitle B of Title III of the Act with respect to textile and apparel safeguard measures.

CITA must collect information in order to determine whether a domestic textile or apparel industry is being adversely impacted by imports of these products from Colombia, thereby allowing CITA to take corrective action to protect the viability of the domestic textile industry, subject to section 322(b) of the Act.

Pursuant to Section 321(a) of the Act and Section (9) of Presidential Proclamation 8818, an interested party in the U.S. domestic textile and apparel industry may file a request for a textile and apparel safeguard action with CITA. Consistent with longstanding CITA practice in considering textile safeguard actions, CITA will consider an interested party to be an entity (which may be a trade association, firm, certified or recognized union, or group of workers) that is representative of either: (A) A domestic producer or producers of an article that is like or directly competitive with the subject Colombian textile or apparel article; or (B) A domestic producer or producers of a component used in the production of an article that is like or directly competitive with the subject Colombian textile or apparel article.

In order for a request to be considered, the requester must provide the following information in support of a claim that a textile or apparel article from Colombia is being imported into the United States in such increased quantities, in absolute terms or relative to the domestic market for that article, and under such conditions as to cause serious damage or actual threat thereof, to a U.S. industry producing an article that is like, or directly competitive with, the imported article: (1) Name and description of the imported article concerned; (2) import data

demonstrating that imports of an Colombian origin textile or apparel article that are like or directly competitive with the articles produced by the domestic industry concerned are increasing in absolute terms or relative to the domestic market for that article; (3) U.S. domestic production of the like or directly competitive articles of U.S. origin indicating the nature and extent of the serious damage or actual threat thereof, along with an affirmation that to the best of the requester's knowledge, the data represent substantially all of the domestic production of the like or directly competitive article(s) of U.S. origin; (4) imports from Colombia as a percentage of the domestic market of the like or directly competitive article; and (5) all data available to the requester showing changes in productivity, utilization of capacity, inventories, exports, wages, employment, domestic prices, profits, and investments, and any other information, relating to the existence of serious damage or actual threat thereof caused by imports from Colombia to the industry producing the like or directly competitive article that is the subject of the request. To the extent that such information is not available, the requester should provide best estimates and the basis therefore.

If CITA determines that the request provides the information necessary for it to be considered, CITA will publish a notice in the **Federal Register** seeking public comments regarding the request. The comment period shall be 30 calendar days. The notice will include a summary of the request. Any interested party may submit information to rebut, clarify, or correct public comments submitted by any interested party.

CITA will make a determination on any request it considers within 60 calendar days of the close of the comment period. If CITA is unable to make a determination within 60 calendar days, it will publish a notice in the **Federal Register**, including the date it will make a determination.

If a determination under Section 322(b) of the Act is affirmative, CITA may provide tariff relief to a U.S. industry to the extent necessary to remedy or prevent serious damage or actual threat thereof and to facilitate adjustment by the domestic industry to import competition. The import tariff relief is effective beginning on the date that CITA's affirmative determination is published in the **Federal Register**.

Entities submitting requests, responses or rebuttals to CITA may submit both a public and confidential version of their submissions. If the request is accepted, the public version

will be posted on the dedicated Colombia Trade Promotion Agreement textile safeguards section of the Office of Textile and Apparel (OTEXA) Web site. The confidential version of the requests, responses or rebuttals will not be shared with the public as it may contain business confidential information. Entities submitting responses or rebuttals may use the public version of the request as a basis for responses.

II. Method of Collection

When an interested party files a request for a textile and apparel safeguard action with CITA, ten copies of any such request must be provided in a paper format. If business confidential information is provided, two copies of a non-confidential version must also be provided.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from DuPont Teijin Films, Mitsubishi Polyester Film, Inc., SKC, Inc., and Toray Plastics (America), Inc. (collectively, petitioners), the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on polyethylene terephthalate film, sheet, and strip (PET Film) from Brazil for the period November 1, 2010, through October 31, 2011. Based on petitioners' withdrawal of its request, we are now rescinding this administrative review.

DATES: *Effective Date:* May 30, 2012.

FOR FURTHER INFORMATION CONTACT: Deborah Scott or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington DC 20230; telephone: (202) 482-2657 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 30, 2011, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on PET Film from Brazil for the period November 1, 2010 through October 31, 2011. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 76 FR 82268 (December 30, 2011). This review covers Terphane, Inc. and Terphane, Ltda. Petitioners were the only party to request a review of these companies. On March 29, 2012, petitioners withdrew their request for an administrative review of Terphane, Inc. and Terphane, Ltda.

Scope of the Order

The products covered by this order are all gauges of raw, pre-treated, or primed PET film, whether extruded or co-extruded. Excluded are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or inorganic layer more than 0.00001 inches thick. Also excluded is roller transport cleaning film which has at least one of its surfaces modified by application of 0.5 micrometers of SBR latex. Tracing and drafting film is also excluded. PET film is classifiable under subheading 3920.62.00.90 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of these orders is dispositive.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1) of the Department's regulations, the Department will rescind an administrative review if the party that requested the review withdraws its request for review within 90 days of the publication of the notice of initiation of the requested review, or withdraws at a later date if the Department exercises its discretion to extend the time limit for withdrawing the request. Petitioners withdrew their request within the 90-day deadline, and no other party requested a review. Therefore, we are rescinding the review with respect to all companies.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notifications

This notice serves as a final reminder to importers for whom this review is being rescinded of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping
