

Notices

Federal Register

Vol. 67, No. 210

Wednesday, October 30, 2002

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Notice of Availability of a Finding of No Significant Impact (FONSI)

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of availability of a Finding of No Significant Impact for a project on the Williamson River Delta for review and comment.

SUMMARY: The NRCS has issued a Finding of No Significant Impact (FONSI) for a stream restoration project on the Williamson River Delta. A copy of the FONSI and the final Supplemental Environmental Assessment (SEA) is available for public review at the following locations:

- NRCS Office, 2316 South 6th Street, Suite C, Klamath Falls, OR 97601
- Klamath County Commissioners, 305 Main St, 2nd Floor, Klamath Falls, OR 97601
- Klamath Tribes Natural Resources Department, 501 Chiloquin Blvd., Chiloquin, OR 97624
- Additional copies may be obtained by contacting Shelley Tucker, NRCS, 541-883-6932—extension 113.

DATES: Comments will be received for a 30-day period commencing with this date of publication.

ADDRESSES: Address all requests and comments to Kevin Conroy, Basin Team Leader, Natural Resources Conservation Service (NRCS), 2316 South 6th Street, Suite C, Klamath Falls, OR 97601, 541-882-9044 (FAX).

FOR FURTHER INFORMATION CONTACT: Kevin Conroy, 541-883-6924.

Dated: October 15, 2002.

Bob Graham,

State Conservationist, Portland, OR.

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Sicily Island Watershed, Catahoula Parish, LA

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of intent to deauthorize Federal funding.

SUMMARY: Pursuant to the Watershed Protection and Flood Prevention Act, Pub. L. 83-566, and Natural Resources Conservation Service Guidelines (7 CFR 622), the Natural Resources Conservation Service gives notice of the intent to deauthorize Federal funding for the Sicily Island Watershed, Catahoula Parish, Louisiana.

FOR FURTHER INFORMATION CONTACT:

Donald W. Gohmert, State Conservationist, Natural Resources Conservation Service, 3737 Government Street, Alexandria, Louisiana, 71302, telephone: 318-473-7751.

SUPPLEMENTARY INFORMATION: A determination has been made by Donald W. Gohmert that the proposed works of improvement for the Sicily Island Watershed will not be installed. The sponsoring local organization(s) have concurred in this determination and agree that Federal funding should be deauthorized for the project. Information regarding this determination may be obtained from Donald W. Gohmert, State Conservationist, at the above address and telephone number.

No administrative action on implementation of the proposed deauthorization will be taken until 60 days after the date of this publication in the **Federal Register**.

Donald W. Gohmert,
State Conservationist.

BILLING CODE 3410-16-P

DEPARTMENT OF COMMERCE

[I.D. 102402D]

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the

following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Economic Data Collection for the Trap Fishery in the U.S. Caribbean.

Form Number(s): None.

OMB Approval Number: None.

Type of Request: Regular submission.

Burden Hours: 150.

Number of Respondents: 100.

Average Hours Per Response: 1.5.

Needs and Uses: Several studies have shown that the haphazard placement of traps damages hard corals and gorgonians. In addition, to physically damaging hard corals and gorgonians traps target various over-exploited reef fish species, which further threaten the health and stability of coral reef habitats. To protect coral reef habitats and ensure the sustainable use of reef fish resources, the Caribbean Fishery Management Council (CFMC) is considering limiting the total number of traps in the fishery. The goal of the proposed survey is to gather socioeconomic information on the Caribbean (Puerto Rico, St. Thomas, St. John, and St. Croix) trap fishery to support the management and conservation efforts of the CFMC. The information collected will be used to satisfy regulatory objectives and analytical requirements, and to assist the CFMC in selecting policies that meet conservation and management goals and minimize, to the extent possible, any adverse economic impacts on fishery participants.

Affected Public: Business or other for-profit organizations.

Frequency: One-time.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk
