CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proposed Information Collection; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (CNCS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, CNCS is soliciting comments concerning its proposed renewal of the Social Innovation Fund Pay for Success Grant Competition Application Instructions. Funding for this competition was created as a result of the FY 2014 Omnibus Appropriations Act. This competition responds to the

need in the social sector for new ways of funding as traditional resources are declining and demands are increasing. It offers the opportunity to support innovation in the social sector while driving better results and conserving government resources. The affected public includes nonprofit organizations, funders and intermediary organizations.

Copies of the information collection request can be obtained by contacting the office listed in the Addresses section of this Notice.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by November 28, 2014.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) By mail sent to: Corporation for National and Community Service, Social Innovation Fund—Pay for Success Grant Competition; Attention Lois Nembhard, Deputy Director Social Innovation Fund, Room 9601; 1201 New York Avenue NW., Washington, DC 20525.

(2) By hand delivery or by courier to the CNCS mailroom at Room 8100 at the mail address given in paragraph (1) above, between 9:00 a.m. and 4:00 p.m. Eastern Time, Monday through Friday, except Federal holidays.

(3) Electronically through www.regulations.gov.

Individuals who use a telecommunications device for the deaf (TTY-TDD) may call 1-800-833-3722 between 8:00 a.m. and 8:00 p.m. Eastern Time, Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Lois Nembhard, 202-606-6827, or by email at lnembhard@cns.gov.

SUPPLEMENTARY INFORMATION: CNCS is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of CNCS, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are expected to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or

other forms of information technology (e.g., permitting electronic submissions of responses).

Background

The affected public includes nonprofit organizations, funders and intermediary organizations. Comments may be submitted, identified by the title of the information collection activity, by email to lnembhard@cns.gov or via <http://www.regulations.gov>.

Current Action

CNCS seeks to renew the current information collection. The current application is due to expire on 12/31/2014. The information collection will otherwise be used in the same manner as the existing application. CNCS also seeks to continue using the current application until the revised application is approved by OMB.

POLICY JUSTIFICATION

Poland—Joint Air-to-Surface Standoff Missiles and F-16 Operational Flight Plan Upgrade

The Government of Poland has requested a possible sale of 40 AGM-158A Joint Air-to-Surface Standoff Missiles (JASSM), 2 AGM-158A JASSM Live with Test Instrumentation Kit (TIK) and Flight Termination Systems (FTS), 2 AGM-158A JASSM Inert with TIK and FTS, and 2 Flight Certification Test Vehicles. Also included: Operational Flight Plan upgrade to M6.5 tape for the Polish F-16C/D Block 52 aircraft to include JASSM integration, missile

containers, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical, and logistics support services, and other related elements of logistical and program support. The estimated cost is \$500 million.

The proposed sale will contribute to the foreign policy and the national security objectives of the United States by helping to improve the security of a NATO ally. Poland continues to be an important force for political stability and economic progress in Central Europe.

The proposed sale will improve Poland's capability to meet current and future threats of enemy air and ground weapons systems. Poland will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense. These weapon and capability upgrades will allow Poland to strengthen its air-to-ground strike capabilities and increase its contribution to future NATO operations.

The proposed sale of the weapons, equipment, and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin in Ft. Worth, Texas. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Poland.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 14-44

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The AGM-158 is a 200+ nautical mile range low-observable, highly survivable subsonic cruise missile designed to penetrate next generation air defense systems en route to target. It is designed to kill hard, medium-hardened, soft and area type targets. It uses a Selective Availability Anti-Spoofing Module based Global Positioning System (GPS) receiver and a scene matching infrared seeker that uses a wire-frame Terminal Area Model (TAM) of the target area to hit fixed and relocatable targets with greater accuracy

than GPS alone. Classification of the technical data and information on the AGM-158's performance, capabilities, systems, sub-systems, operations, and maintenance will range from Unclassified to Secret. The highest level of classified information required for training, operation and maintenance is Secret.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. A determination has been made that the recipient country can provide the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

4. All defense articles and services listed in this transmittal have been authorized for release and export to Poland.
