#### **Determinations Terminating Investigations of Petitions for Worker Adjustment Assistance**

After notice of the petitions was published in the **Federal Register** and on the Department's Web site, as required by Section 221 of the Act (19 U.S.C. 2271), the Department initiated investigations of these petitions.

The following determinations terminating investigations were issued because the petitioning groups of workers are covered by active certifications. Consequently, further investigation in these cases would serve no purpose since the petitioning group of workers cannot be covered by more than one certification at a time.

[Notice 14-121]

#### **Notice of Information Collection**

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of information collection.

**SUMMARY:** The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. 3506(c)(2)(A)).

**DATES:** All comments should be submitted within 30 calendar days from the date of this publication.

**ADDRESSES:** Interested persons are invited to submit written comments regarding the proposed information

collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 7th Street NW., Washington DC, 20543. Attention: Desk Officer for NASA.

#### **FOR FURTHER INFORMATION CONTACT:**

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Frances Teel, NASA PRA Clearance Officer, NASA Headquarters, 300 E Street SW., Mail Code JF000, Washington, DC 20546, [Frances.C.Teel@nasa.gov](mailto:Frances.C.Teel@nasa.gov).

#### **I. Abstract**

NASA's founding legislation, the Space Act of 1958, as amended, directs the agency to expand human knowledge of Earth and space phenomena and to preserve the role of the United States as a leader in aeronautics, space science, and technology. The NASA Office of Education administers the agency's national education activities in support of the Space Act, including the performance measurement and evaluation of educational projects and programs. This generic clearance will allow the NASA Office of Education to test and pilot with subject matter experts, secondary students, higher education students, educators, and interested parties new and existing information collection forms and assessment instruments for the purposes of improvement and establishing validity and reliability characteristics of the forms and instruments. Forms and instruments to be tested include program application forms, customer satisfaction questionnaires, focus group protocols, and project activity survey instruments. Methodological testing will include focus group discussions, pilot surveys to test new individual question items as well as the complete form and instrument. In addition, test-retest and similar protocols will be used to determine reliability characteristics of the forms and instruments. Methodological testing will assure that forms and instruments accurately and consistently collect and measure what they are intended to measure and that data collection items are interpreted precisely and consistently, all towards the goal of accurate Agency reporting while improving the execution of NASA Education project activities.

This 30-day FRN reflects a reduction in the estimated number of respondents, as published in the 60-day FRN, Volume 78, Number 237, pages 74169-74170 on Tuesday, December 10, 2013. The targeted respondent pool will include educators, pre-college, undergraduate, graduate, and post-graduate students

only. As a result of this reduction, the estimated cost burden associated with the amount of time it will take for each respondent to read the instructions, gather the information, and submit also decreased.

## THE NATIONAL FOUNDATION FOR THE ARTS AND THE HUMANITIES

### Notice of Proposed Information Collection Requests: Museums for All

**AGENCY:** Institute of Museum and Library Services, National Foundation for the Arts and the Humanities.

**ACTION:** Notice, request for comments, collection of information.

**SUMMARY:** The Institute of Museum and Library Services (IMLS), as part of its continuing effort to reduce paperwork

and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). This pre-clearance consultation program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. By this notice, IMLS is soliciting comments concerning an information collection from museums participating in the *Museums for All* program.

A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

**DATES:** Written comments must be submitted to the office listed in the addressee section below on or before January 16, 2015.

IMLS is particularly interested in comments that help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques, or other forms of information technology, e.g., permitting electronic submissions of responses.

**ADDRESSES:** Send comments to: Christopher J. Reich, Senior Advisor, Institute of Museum and Library Services, 1800 M St. NW., 9th Floor, Washington, DC 20036. ### SUPPLEMENTARY INFORMATION:

#### I. Background

The Institute of Museum and Library Services is the primary source of Federal support for the Nation's 123,000

libraries and 35,000 museums. The Institute's mission is to inspire libraries and museums to advance innovation, learning and civic engagement. The Institute works at the national level and in coordination with State and local organizations to sustain heritage, culture, and knowledge; enhance learning and innovation; and support professional development. IMLS is responsible for identifying national needs for and trends in museum, library, and information services; measuring and reporting on the impact and effectiveness of museum, library and information services throughout the United States, including programs conducted with funds made available by IMLS; identifying, and disseminating information on, the best practices of such programs; and developing plans to improve museum, library and information services of the United States and strengthen national, State, local, regional, and international communications and cooperative networks (20 U.S.C. Chapter 72, 20 U.S.C. 9108).

## II. Current Actions

The purpose of this collection is to support a program to increase access to museums for underserved audiences through *Museums for All*, a voluntary program inviting museums to allow Electronic Benefit Transfer (EBT) card holders to receive reduced-price admission to their facilities. This information collection will obtain data from participating museums needed to administer the program, such as institution contact information and a staff person to administer the program. Because this is a new program, additional information will be collected to assess implementation of the program components, the efficacy of Agency supplied materials, and the impact of the program.

*Agency:* Institute of Museum and Library Services.

*Title:* *Museums for All*.

*OMB Number:* To Be Determined.

*Frequency:* 1.

*Affected Public:* The target population is museums that choose to participate in the *Museums for All* program.

*Number of Respondents:* 125 in first year.

*Estimated Average Burden per Response:* The burden per respondent is estimated to be an average of 60 minutes.

*Estimated Total Annual Burden:* 125 hours (that is 60 minutes per respondent times 125 respondents equal 7,500 minutes or 125 hours).
