Discussion

On December 23, 2003, the CVCC
wrote to Marion C. Blakey, FAA
Administrator, and attached a Voluntary
Best Practices Agreement Regarding the
Potential for Electromagnetic
Interference Upon FAA Facilities (Best
Practices Agreement). The CVCC is a
coalition of wireless carriers, tower
companies, and trade associations that
currently own or manage a majority of
the radio towers throughout the United
States. The FAA is reviewing the
submitted Best Practices Agreement and
will consider all submitted comments in
determining whether any changes are
warranted to current FAA notification
policies with respect to co-location of
antenna systems, for certain designated
frequencies, that are within one nautical
mile of FAA facilities.

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of this Act * * *; and rules and regulations consistent with regulations issued by the Secretary pursuant to this Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Texas program effective February 16, 1980.
