Fisheries of the Exclusive Economic Zone Off Alaska; Notice of Crab Rationalization Program Public Workshop

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshop.

SUMMARY: NMFS will present a public workshop on the new Crab Rationalization Program (Program) for participants in the Bering Sea and Aleutian Islands (BSAI) king and Tanner crab fisheries. At this workshop, NMFS will provide an overview of the Program, discuss the key Program elements, provide information on the application process, and answer questions. This workshop is specifically intended to address issues related to the Arbitration System portion of the Program. NMFS is conducting this public workshop to provide assistance to fishery participants in complying with the requirements of this new Program.

DATES: Workshop will be held May 9, 2005. See **SUPPLEMENTARY INFORMATION**.

ADDRESSES: Workshop will be held in Seattle, WA.

FOR FURTHER INFORMATION CONTACT: Sheela McLean, 907-586-7032 or sheela.mclean@noaa.gov.

SUPPLEMENTARY INFORMATION: On March 2, 2005, NMFS published a final rule implementing the Crab Rationalization Program (Program) as Amendments 18 and 19 to the Fishery Management Plan for Bering Sea/ Aleutian Islands King and Tanner Crabs. In January 2004, the

U.S. Congress amended section 313(j) of the Magnuson-Stevens Act through the Consolidated Appropriations Act of 2004 (Pub. L. No. 108-199, section 801). As amended, section 313(j)(1) requires the Secretary to approve and implement by regulation the Program, as it was approved by the North Pacific Fishery Management Council (Council) between June 2002 and April 2003, and all trailing amendments, including those reported to Congress on May 6, 2003. In June 2004, the Council consolidated its actions on the Program into the Council motion, which is contained in its entirety in Amendment 18. Additionally, in June 2004, the Council developed Amendment 19, which represents minor changes necessary to implement the Program. The Notice of Availability for these amendments was published in the **Federal Register** on September 1, 2004 (69 FR 53397). NMFS approved Amendments 18 and 19 on November 19, 2004. NMFS published a proposed rule to implement Amendments 18 and 19 in the **Federal Register** on October 29, 2004 (69 FR 63200).

NMFS conducted four public workshops in March and April in Alaska, Oregon, and Washington to provide assistance to fishery participants in complying with the requirements of this new Program (70 FR 10992). At these workshops, NMFS provided an overview of the Program, discussed the key Program elements, and provide information on the application process.

The May 9, 2005 workshop is intended to specifically focus on the Arbitration System. Elements related to economic data collection, monitoring and enforcement, electronic reporting, quota share and individual fishing quota application and transfer provisions, the appeals process, fee collection, and the loan program may be addressed secondarily. Additionally, NMFS will answer questions from workshop participants. For further information on the Crab Rationalization Program, please visit the NMFS Alaska Region Internet site at www.fakr.noaa.gov.

Workshop Dates, Times, and Locations

NMFS will hold the public workshop as follows:

Monday, May 9, 2005, 10 a.m.–4 p.m. Pacific Standard Time (PST)—Leif Erickson Hall, 2245 Northwest 57th Street, Seattle, WA.

Special Accommodations

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator) has made a preliminary determination that the subject application to modify an existing Exempted Fishing Permit (EFP) contains all the required information and warrants further consideration. The Assistant Regional Administrator has also made a preliminary determination that the activities authorized under the EFP would be consistent with the goals and objectives of the Northeast (NE) Multispecies Fishery Management Plan (FMP). However, further review and consultation may be necessary before a final determination is made to issue the EFP. Therefore, NMFS announces that the Assistant Regional Administrator proposes to recommend that an EFP be issued to modify a recently approved EFP by allowing additional exemptions from the regulations governing the fisheries of the Northeastern United States. The EFP would add an exemption from the FMP as follows: The Gulf of Maine (GOM) Rolling Closure Area III; Western GOM Closure
