In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Executive Order 12372

Applications submitted in response to the FY 2002 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: April 9, 2002.

BILLING CODE 4210-32-M

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

Notice of Availability of the Final Environmental Impact Statement for the proposed White River Amphitheatre, Muckleshoot Indian Reservation, King County, WA

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: This notice advises the public that the Bureau of Indian Affairs (BIA) intends to file a Final Environmental Impact Statement (FEIS) for the proposed White River Amphitheatre with the U.S. Environmental Protection Agency (EPA), and that the FEIS is now available for final public review. The proposed BIA action is to take into trust the land upon which the Muckleshoot Indian Tribe (Tribe) proposes to construct and operate a 20,000 seat amphitheatre. The purpose of the

proposed action is to meet the needs for an economically competitive performing arts center for the greater Seattle-Tacoma concert market and a place for cultural, educational and community events for the Tribe. The FEIS was prepared cooperatively among the BIA, EPA, U.S. Army Corps of Engineers (Corps) and Washington Department of Transportation (WSDOT), with the BIA acting as the lead agency under the court order in *United States ex rel. Citizens for Safety & Environment v. Bill Graham Enterprises, Inc.*, No. C97-1775C (W.D. Wash., April 17, 1998).

DATES: Comments on the Final Environmental Impact Statement are due on or before May 13, 2002. A Record of Decision will be issued after May 13, 2002.

ADDRESSES: You may mail or hand carry written comments to Stanley Speaks, Portland Regional Director, Bureau of Indian Affairs, 911 N.E. 11th Avenue, Portland, Oregon 97232-4169.

Copies of this FEIS may be obtained from June Boynton, NEPA Coordinator, Bureau of Indian Affairs, Northwest Region, at (503) 231-6749; or from Dean Torkko, EIS Coordinator, Washington State Department of Transportation, at (206) 440-4520, or via e-mail at torkkod@wsdot.wa.gov. Copies of the FEIS have already been sent to all agencies and individuals who participated in the scoping process or public hearings, who commented on the Draft EIS (DEIS), or who have already requested copies of the document.

FOR FURTHER INFORMATION CONTACT: June Boynton, (503) 231-6749.

SUPPLEMENTARY INFORMATION: Two federal actions are involved in the proposed construction of an outdoor amphitheatre in the southeastern portion of the Muckleshoot Indian Reservation, between the cities of Auburn and Enumclaw, King County, Washington. One is the BIA's decision whether to take into trust 324 acres of tribally owned fee land, on which the amphitheatre would be built. The other is the issuance by the Corps to the Tribe of a wetland fill permit under section 404 of the Clean Water Act (33 U.S.C. 1251 et seq.). The Corps will rely on this FEIS for their decision on the 404 permit. In addition, the FEIS will satisfy requirements of the Washington State Environmental Policy Act.

The FEIS presents a preferred alternative, no action alternative and three other alternatives. The preferred alternative calls for developing approximately 71 acres for a 20,000 seat amphitheatre, support facilities and surface parking, plus 17 acres for landscaping and buffers, including a
