SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection includes the information necessary to submit a request to grant or revoke power of attorney for an application, patent, or reexamination proceeding, and for a registered practitioner to withdraw as attorney or agent of record. This also includes the information necessary to change the correspondence address for an application, patent, or reexamination proceeding, to request a Customer Number and manage the correspondence address and list of practitioners associated with a Customer Number, and to designate or change the correspondence address or fee address for one or more patents or applications by using a Customer Number.

Under 35 U.S.C. 2 and 37 CFR 1.31-1.32, power of attorney may be granted to one or more joint inventors or a person who is registered to practice before the USPTO to act in an application or a patent. In particular, for an application filed before September 16, 2012, or for a patent which issued from an application filed before September 16, 2012, power of attorney may be granted by the applicant for patent (as set forth in 37 CFR 1.41(b) (pre-AIA)) or the assignee of the entire interest of the applicant. For an application filed on or after September 16, 2012, or for a patent which issued from an application filed on or after September 16, 2012, power of attorney may be granted by the applicant for patent (as set forth in 37 CFR 1.42) or the patent owner. The USPTO provides two different versions of the forms for establishing power of attorney based upon whether the application filing date is before or after September 16, 2012, to thereby reduce applicants' burden in having to determine the appropriate power of attorney requirements for a given application.

37 CFR 1.36 provides for the revocation of a power of attorney at any stage in the proceedings of a case. 37 CFR 1.36 also provides a path by which a registered patent attorney or patent agent who has been given a power of attorney may withdraw as attorney or agent of record.

The USPTO's Customer Number practice permits applicants, patent owners, assignees, and practitioners of record, or the representatives of record for a number of applications or patents, to change the correspondence address of a patent application or patent with one change request instead of filing separate requests for each patent or application.

Any changes to the address or practitioner information associated with a Customer Number will be applied to all patents and applications associated with said Customer Number.

The Customer Number practice is optional, in that changes of correspondence address or power of attorney may be filed separately for each patent or application without using a Customer Number. However, a Customer Number associated with the correspondence address for a patent application is required in order to access private information about the application using the Patent Application Information Retrieval (PAIR) system, which is available through the USPTO website. The use of a Customer Number is also required in order to grant power of attorney to more than ten practitioners or to establish a separate "fee address" for maintenance fee purposes that is different from the correspondence address for a patent or application.

II. Method of Collection

Items in this information collection may be submitted by mail, facsimile, hand delivery, or online electronic submissions.

The USPTO published a 60-day notice in the **Federal Register** in support of the renewal of this collection on January 15, 2021. In response to public feedback received regarding the January 2021 60-day notice, and after further consideration of the estimated times for response for items 1–6, the USPTO has increased the estimated times for response for items 1–5 from 3 minutes

to 30 minutes and the estimated time for response for item 6 from 12 minutes to 30 minutes.

Estimated Total Annual Non-hour Respondent Cost Burden: \$26,686.

There are no capital start-up, maintenance, or recordkeeping costs associated with this information collection. However, USPTO estimates that the total annual (non-hour) cost

burden for this information collection, in the form of filing fees and postage is \$26,686.

Filing Fees

The two petitions in this information collection have associated filing fees under 37 CFR 1.17(f), resulting in \$8,000 in filing fees.

Postage Costs

Although the USPTO prefers that the items in this information collection be submitted electronically, responses may be submitted by mail through the United States Postal Service (USPS). The USPTO estimates that 1% of the 226,573 items will be submitted in the mail resulting in 2,265 mailed items. The USPTO estimates that the average postage cost for a mailed submission, using a Priority Mail 2-day flat rate legal envelope, will be \$8.25. Therefore, the USPTO estimates the total mailing costs for this information collection at \$18,686.

Respondent's Obligation: Required to obtain or retain benefits.
