

intends to interchange traffic with BNSF.

This transaction is related to a concurrently filed verified notice of exemption in *Tennessee Southern Railroad Company, Patriot Rail, LLC, Patriot Rail Holdings LLC, and Patriot Rail Corp.—Continuance in Control Exemption—Kingman Terminal Railroad, LLC*, Docket No. FD 35619, wherein Tennessee Southern Railroad Company, Patriot Rail, LLC, and its subsidiaries Patriot Rail Holdings LLC and Patriot Rail Corp., seek Board approval to continue in control of KTRR upon KTRR's becoming a Class III rail carrier.

According to KTRR, the transaction is expected to be consummated on or after May 27, 2012, the effective date of the exemption (30 days after the notice of exemption was filed).

KTRR certifies that its projected annual revenues as a result of this transaction will not exceed those that would make it a Class III carrier and would not exceed \$5 million.

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed no later than May 18, 2012 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 35618, must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Louis E. Gitomer, Law Offices of Louis E. Gitomer LLC, 600 Baltimore Avenue, Suite 301, Towson, MD 21204.

Board decisions and notices are available on our Web site at [www.stb.dot.gov](http://www.stb.dot.gov).

Decided: May 8, 2012.

By the Board, Rachel D. Campbell, Director, Office of Proceedings.

### SUPPLEMENTARY INFORMATION:

#### I. Description of Proposed Systems of Records

##### *Background*

The Virtual Lifetime Electronic Record (VLER) is an overarching program being developed by the Department of Veterans Affairs (VA) as a result of President Obama's direction on April 9, 2009, to the VA and the Department of Defense (DoD) to create the VLER, which will allow the electronic sharing with VA, DoD and NwHIN participants. The purpose of use will include, but not limited to healthcare treatment information, disability adjudication, and benefits.

For this proposed system of records the individuals covered by the system include Veterans and their family members or caregivers; members of the Armed Services, Reserves or National Guard; and VA employees who access information through VLER.

The proposed system of records contains patient demographic information (e.g., name, address, phone numbers, date of birth, social security number, internal control number); patient demographic and health information from external health care providers (e.g., medication listing allergies, consultations and referrals, progress notes, history and physicals, discharge summaries, diagnostic studies

and procedure notes, Advanced Directives, problem lists, laboratory reports, lists of procedures and encounters); benefits information (e.g., disability rating, service connection rating); and information on Veterans' preferences for restricting the sharing of their health information (e.g., authorizations, restriction requests, revocation of authorizations). The records include information provided by Veterans and their family members or caregivers, members of the Armed Services, Reserves or National Guard, and VA employees; and information from VA computer systems and databases including, but not limited to, Veterans Health Information Systems and Technology Architecture (VistA)-VA (79VA19) and National Patient Databases-VA (121VA19), VA Medical Centers (VAMC), federal and non-federal VLER/NwHIN partners and the Department of Defense.

The purpose of the system of records is to provide a repository for the clinical and administrative information that is used to accomplish the purposes described. The purpose of use will include, but not be limited to, health care treatment information, disability adjudication, and benefits to the Veteran both within the VA Medical Center and in sharing with partners who are participating through the Nationwide Health Information Network (NwHIN) in the VLER pilots and subsequent national roll-out. Data stored in the VLER Veterans Authorizations and Preferences (VAP) system is used to prepare various management, tracking and follow-up reports that are used to assist in the management and operation of the health care facility, and the planning and delivery of patient medical care. Data may be used to track and evaluate patient care services, the distribution and utilization of resources, and the performance of vendors and employees. The data may also be used for such purposes as scheduling patient treatment services, including nursing care, clinic appointments, survey, diagnostic and therapeutic procedures. Data may also be used to track the ordering, delivery, maintenance and repair of equipment, and for follow-up activities to determine if the actions were accomplished and to evaluate the results.

#### II. Proposed Routine Use Disclosures of Data in the System

To the extent that records contained in the system include information protected by 45 CFR parts 160 and 164, i.e., individually identifiable health information, and 38 U.S.C. 7332, i.e., medical treatment information related to
