

required quarterly of Manufacturing, Mining, Wholesale Trade and Retail Trade corporations generally with \$50 million or more in assets at the time of sampling. The short form is a simplified version of the long form and is required to be filed quarterly by Manufacturing corporations generally with less than \$50 million in assets at the time of sampling.

The importance of this data collection is reflected by the granting of specific authority to conduct the program in Title 13 of the United States Code, Section 91, which requires that financial statistics of business operations be collected and published quarterly. Public Law 109–79, Section 91 extended the authority of the Secretary of Commerce to conduct the QFR Program through September 30, 2015.

The main purpose of the QFR is to provide timely, accurate data on business financial conditions for use by Government and private-sector organizations and individuals. The primary public users are U.S. Governmental organizations with economic policymaking responsibilities. In turn, these organizations play a major role in providing guidance, advice, and support to the QFR Program. The primary private-sector data users are a diverse group including universities, financial analysts, unions, trade associations, public libraries, banking institutions, and U.S. and foreign corporations.

Affected Public: Business or other for-profit organizations.

Frequency: Quarterly.

Respondent's Obligation: Mandatory.

Legal Authority: 13 U.S.C., Section 91; Pub. L. 109–79, Section 91.

OMB Desk Officer: Brian Harris-Kojetin, (202) 395–7314.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482–0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Brian Harris-Kojetin, OMB Desk Officer either by fax (202–395–7245) or e-mail (bharrisk@omb.eop.gov).

Dated: June 4, 2007.

BILLING CODE 3510–07–P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Conflict of Interest Disclosure for Nonfederal Government Individuals Who Are Candidates to Conduct Peer Reviews Required by the OMB Peer Review Bulletin.

Form Number(s): None.

OMB Approval Number: None.

Type of Request: Regular submission.

Burden Hours: 150.

Number of Respondents: 300.

Average Hours Per Response: 30 minutes.

Needs and Uses: The Office of Management and Budget (OMB) has issued the Final Information Quality Bulletin for Peer Review (“Peer Review Bulletin” or PRB), directing federal agencies to adopt or adapt the National Academy of Sciences (NAS) policy for evaluating conflicts of interest when selecting peer reviewers who are not federal government employees. NOAA has adapted the NAS policy and developed two conflict disclosure forms which the agency will use to examine prospective reviewers’ potential financial conflicts and other interests that could impair objectivity or create an unfair advantage. One form is for peer reviewers of studies related to government regulation and the other form is for peer reviewers of any other influential scientific information subject to the Peer Review Bulletin. The forms include questions about employment as well as investment and property interests and research funding. The information collected in the conflict of interest disclosure is essential to NOAA’s compliance with the OMB PRB, and helps to ensure that government studies are reviewed by independent, impartial peer reviewers.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395–3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482–0266, Department of Commerce, Room 6625, 14th and

Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395–7285, or David_Rostker@omb.eop.gov.

Dated: June 4, 2007.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Generic Clearance for Questionnaire Pretesting Research.

Form Number(s): Various.

Agency Approval Number: 0607–0725.

Type of Request: Extension of a currently approved collection.

Burden Hours: 5,500.

Number of Respondents: 5,500.

Average Hours Per Response: 1 hour.

Needs and Uses: In recent years, there has been an increased interest among Federal agencies and others in the importance of testing questionnaires. In response to this recognition, new methods have come into popular use, which are useful for identifying questionnaire and procedural problems, suggesting solutions, and measuring the relative effectiveness of alternative solutions.

The Census Bureau received a generic clearance which enables it to quickly begin conducting extended cognitive and questionnaire design research as part of testing for its censuses and surveys. At this time, the Census Bureau is seeking another three-year renewal of the generic clearance for pretesting. This will enable the Census Bureau to continue providing support for pretesting activities, which is important given the length of time required to plan the activities.

The methods proposed for use in questionnaire development are as follows: Field test, Respondent debriefing questionnaire, Split sample

experiments, Cognitive interviews, and Focus groups.

Since the types of surveys included under the umbrella of the clearance are so varied, it is impossible to specify at this point what kinds of activities would be involved in any particular test. But at a minimum, one of the types of testing described above or some other form of cognitive pretesting would be incorporated into the testing program for each survey.

We will provide OMB with a copy of questionnaires and debriefing materials in advance of any testing activity. Depending on the stage of questionnaire development, this may be the printed questionnaire from the last round of a survey or a revised draft based on analysis of other evaluation data. When the time schedule for a single survey permits multiple rounds of testing, the questionnaire(s) for each round will be provided separately. When split sample experiments are conducted, either in small group sessions or as part of a field test, all the questionnaires to be used will be provided. For a test of alternative procedures, the description and rationale for the procedures would be submitted. A brief description of the planned field activity will also be provided. Requests for information or comments on substantive issues may be raised by OMB within 10 working days of receipt.

The Census Bureau will send OMB an annual report at the end of each year summarizing the number of hours used, as well as the nature and results of the activities completed under this clearance.

The information collected in this program of developing and testing questionnaires will be used by staff from the Census Bureau and sponsoring agencies to evaluate and improve the quality of the data in the surveys and censuses that are ultimately conducted. None of the data collected under this clearance will be published for its own sake.

Because the questionnaires being tested under this clearance are still in the process of development, the data that result from these collections are not considered official statistics of the Census Bureau or other Federal agencies. Data will be included in research reports prepared for sponsors inside and outside of the Census Bureau. The results may also be prepared for presentations related to survey methodology at professional meetings or publications in professional journals.

Affected Public: Individuals or households, businesses or other for-profit organizations, farms.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

Legal Authority: Authorizing legislation is based on the questionnaire being tested—Title 13, Sections 131, 141, 161, 181, 182, 193, and 301, for Census-Bureau sponsored surveys; and Title 13 and 15 for surveys sponsored by other Federal agencies.

OMB Desk Officer: Brian Harris-Kojetin, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Brian Harris-Kojetin, OMB Desk Officer either by fax (202-395-7245) or e-mail (bharrisk@omb.eop.gov).

Dated: June 4, 2007.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Regional Economic Data Collection Program for Gulf Coast Alaska.

Form Number(s): None.

OMB Approval Number: 0648-xxxx.

Type of Request: Regular submission.

Burden Hours: 171.

Number of Respondents: 500.

Average Hours Per Response: Vessel surveys, 20 minutes; small business surveys, 15 minutes; fish processor surveys, 40 minutes.

Needs and Uses: The data to be collected via this project will be used for developing regional economic models for Gulf Coast Alaska fisheries. Much of the data required for regional economic analysis associated with Gulf Coast Alaska fisheries are either unavailable or unreliable. Accurate

fishery-level data on employment, labor income, and expenditures in the Gulf Coast Alaska fishery and related industries are not currently available but are needed to estimate the effects of fisheries on the economy of Gulf Coast region Alaska. In this survey effort, data on these important regional economic variables will be collected and used to develop models that will provide more reliable estimates and significantly improve policy-makers' ability to assess policy effects on fishery-dependent communities in Gulf Coast region Alaska. The respondents in this survey will be the owners of the vessels landing fish at ports in Gulf Coast region Alaska.

Affected Public: Business or other for-profit.

Frequency: One time only.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.
