

2010) (*Issues and Decision Memorandum*), which is hereby adopted by this notice. The *Issues and Decision Memorandum* also contains a complete analysis of the programs covered by this review, the methodologies used to calculate the subsidy rates, and discusses any changes to the subsidy rates. A list of the comments raised in the briefs and addressed in the *Issues and Decision Memorandum* is appended to this notice. The *Issues and Decision Memorandum* is on file in the Central Records Unit, Room 1117 of the main Department building, and can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have revised the calculations with respect to the benefit amount calculated with respect to on certain Export Promotion Capital Goods Scheme (EPCGS) licenses that the GOI issued prior to 2005. Specifically, we deducted the relevant application fees (as an offset) from the unpaid duty amounts that we use in our benefit calculations. For those EPCGS licenses treated as contingent liability loans, we will deduct the relevant application fees from the “principal” (i.e., unpaid duties). For those EPCGS licenses for which the GOI has formally waived the duties, we will deduct the relevant application fees from the amount of unpaid duties that is allocated. All changes are discussed in detail in the *Issues and Decision Memorandum*.

Final Results of Review

In accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (Act) and 19 CFR 351.221(b)(5), we calculated individual *ad valorem* subsidy rates for Jindal, the only producer/exporter subject to review for the calendar year 2007, the period of review for this administrative review.

Manufacturer/Exporter	Net Subsidy Rate
Jindal Poly Films Limited of India.	7.17 %

Assessment and Cash Deposit Instructions

The Department intends to issue assessment instructions to U.S. Customs and Border Protection (CBP) 15 days after the date of publication of these final results of review to liquidate shipments of subject merchandise by Jindal entered, or withdrawn from warehouse, for consumption on or after January 1, 2007 through December 31,

2007. We will also instruct CBP to collect cash deposits of estimated countervailing duties, at the above rate, on shipments of the subject merchandise by Jindal entered, or withdrawn from warehouse, for consumption on or after the date of publication of these final results of review. The cash deposit rates for all companies not covered by this review are not changed by the results of this review.

Return or Destruction of Proprietary Information

This notice serves as a reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 3, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

Foreign-Trade Zones Board

[Docket 9-2010]

Foreign-Trade Zone 33—Pittsburgh, Pennsylvania, Expansion of Manufacturing Authority, Subzone 33E—DNP IMS America Corporation (Thermal Transfer Ribbon Printer Rolls), Mount Pleasant, Pennsylvania

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Regional Industrial Development Corporation of Southwestern Pennsylvania, grantee of FTZ 33, requesting an expansion of the scope of manufacturing authority approved within Subzone 33E, on behalf of DNP IMS America Corporation (DNP) in Mount Pleasant, Pennsylvania. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 4, 2010.

Subzone 33E (123 employees, 360 million square meters coating capacity) currently has authority for the manufacture of thermal transfer ribbon (TTR) (A(27f)-68-2009, 11/12/2009). The subzone (135,985 sq. ft., 3.12 acres) is located at 1001 Technology Drive, Mount Pleasant, Pennsylvania.

The current request involves the production of monochrome TTR printer rolls (some 336 million square meters capacity), using foreign-sourced master rolls of TTR, representing 71-87% of the value of the finished product. The scope otherwise would remain unchanged.

FTZ procedures could exempt DNP from customs duty payments on the foreign TTR master rolls used in export production. The company anticipates that some 10 percent of the plant's shipments will be exported. On its domestic sales, DNP would be able to choose the duty rate during customs entry procedures that apply to the finished TTR printer rolls (duty-free) for the foreign TTR master rolls (3.7%). FTZ procedures would further allow DNP to realize logistical benefits through the use of certain customs procedures and duty savings on scrap and waste for the new activity. The request indicates that the savings from FTZ procedures help improve the plant's international competitiveness.

In accordance with the Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case

record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 12, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to [].

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230-0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

Foreign-Trade Zones Board

[Docket 8-2010]

Foreign-Trade Zone 77—Memphis, TN Application for Subzone Cummins, Inc. (Engine Components Distribution) Memphis, TN

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Memphis, grantee of FTZ 77, requesting special-purpose subzone status for the internal-combustion engine parts warehousing and distribution facility of Cummins, Inc. (Cummins), located in Memphis, Tennessee. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 4, 2010.

The Cummins facility (715 employees/23.3 acres/654,750 sq. ft.) is located at 4155 Quest Way in Memphis (Shelby County), Tennessee. The facility is used for warehousing and distribution of foreign and domestic-origin internal combustion engine (diesel and CNG) parts and components for the U.S. market and export. FTZ procedures would be utilized to support Cummins U.S.-based distribution activity. The

foreign-origin parts and components that would be admitted to the proposed subzone for distribution include internal engine components, blocks, cylinder heads and related components, gaskets, seals, fasteners, springs, bearings, caps, clamps, v-belts, dampeners, articles of rubber, hoses, pipes and tubes, filters, gauges, glow plugs, shims, bushings, connectors, pumps, valves, flywheels, manifolds, exhaust components, gears, pulleys, oil coolers, water pumps, cable, motors, thermostats, electrical components, wiring harnesses, lights, fuel injection components, turbochargers, and block heaters (duty rate range: free-9.9%). The applicant is not seeking manufacturing or processing authority with this request.

FTZ procedures could exempt Cummins from customs duty payments on foreign parts and components that are re-exported (about 16% of shipments). On domestic shipments, duty payments would be deferred until the foreign merchandise is shipped from the facility and entered for U.S. consumption. Subzone status would further allow Cummins to realize logistical benefits through the use of weekly customs entry procedures. The application indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Pierre Duy of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002. The closing period for receipt of comments is April 12, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 26, 2010.

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the address listed above and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz. **FOR FURTHER INFORMATION** contact Pierre Duy at Pierre.Duy@trade.gov or (202) 482-1378.
