Venture Global CP2 LNG, LLC, Venture Global CP Express, LLC; Notice of Availability of the Final Supplemental Environmental Impact Statement for the Proposed CP LNG and CP Express Pipeline Projects

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a final supplemental environmental impact statement (EIS) to address the November 27, 2024 “Order Addressing Arguments Raised on Rehearing And Setting Aside Prior Order, In Part” (Rehearing Order) issued by the Commission for the CP2 LNG and CP Express Pipeline Project (Project), proposed by Venture Global CP2 LNG, LLC (CP2 LNG) and Venture Global CP Express, LLC (CP Express) in the above-referenced dockets.¹ CP2 LNG and CP Express request authorization to site, construct, and operate certain liquefied natural gas (LNG) facilities in Cameron Parish, Louisiana, and certain pipeline facilities in Louisiana and east Texas.

On July 28, 2023, the Commission staff issued a final EIS for the Project. On June 27, 2024, the Commission issued an “Order Granting Authorizations Under Sections 3 and 7 of the Natural Gas Act” (Authorization Order)² for the Project. On July 29, 2024, a coalition of petitioners (Petitioners)³ filed a timely request for rehearing and motion for stay of the Authorization Order. On November 27, 2024, the Commission issued its Rehearing Order.⁴ The Rehearing Order set aside the Authorization Order, in part, regarding the Commission's

analysis of the cumulative air quality impacts specific to the Project's nitrogen dioxide (NO₂) and particles with an aerodynamic diameter of less than or equal to 2.5 microns (PM_{2.5}) emissions, for the purpose of conducting additional environmental review in light of an opinion issued by the U.S. Court of Appeals for the District of Columbia Circuit.⁵ This final supplemental EIS was prepared to assess these issues as part of the Commission's consideration of a further merits order for the Project.

The Commission mailed a copy of the "Notice of Availability" to Federal, State, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. The final supplemental EIS is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the final supplemental EIS may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>) select "General Search" and enter the docket number in the "Docket Number" field (i.e., CP22–21 or CP22–22). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208–3676, or for TTY, contact (202) 502–8659.

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website (www.ferc.gov) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the

public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

In addition, the Commission offers a free service called eSubscription that allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP25–94–000]

Rockies Express Pipeline LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Decatur Lateral Project

On February 28, 2025, Rockies Express Pipeline LLC (Rockies Express), filed an application in Docket No. CP25–94–000 requesting a Certificate of Public Convenience and Necessity pursuant to section 7(c) of the Natural Gas Act to construct and operate certain natural gas pipeline facilities. The proposed project is known as the Decatur Lateral Project and would provide about 185 million standard cubic feet of natural gas per day to Archer Daniels Midland and the Broadwing Clean Energy Complex.

On March 12, 2025, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a Federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.¹ The EA will be issued for a 30-day comment period.

¹ For tracking purposes under the National Environmental Policy Act, the unique identification number for documents relating to this

Schedule for Environmental Review

Issuance of EA—December 12, 2025
90-day Federal Authorization Decision
Deadline²—March 12, 2026

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

Rockies Express proposes to construct and operate a 15.9-mile, 20-inch-diameter natural gas transmission lateral pipeline and a 0.8-mile, 20-inch-diameter spur pipeline that would connect its mainline, which runs south of Decatur, IL, to two facilities in Decatur. Rockies Express would also construct numerous associated facilities including meter stations, valves, and inspection tool launching/receiving facilities.

Background

On April 11, 2025, the Commission issued a "Notice of Scoping Period Requesting Comments on Environmental Issues and Notice of On-site Environmental Review for the Proposed Decatur Lateral Project" (Notice of Scoping). The Notice of Scoping was sent to affected landowners; Federal, State, and local government agencies; elected officials; environmental and public interest groups; Native American Tribes; other interested parties; and local libraries and newspapers. The Commission did not receive any comments in response to the Notice of Scoping; however, prior to its issuance, the Commission received environmental comments from the Illinois Farm Bureau and from one individual. The primary issues raised in the comments concern agricultural practices, specifically a request that FERC require Rockies Express to enter into an Agricultural Impact Mitigation Agreement with the Illinois Department of Agriculture, and that Rockies Express file for a permit with the Illinois Department of Transportation. All substantive comments will be addressed in the EA.

Additional Information

To receive notification of the issuance of the EA and to keep track of formal

environmental review is EAXX–019–20–000–1746098263.

² The Commission's deadline applies to the decisions of other Federal agencies, and State agencies acting under federally delegated authority, that are responsible for Federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by Federal law.

⁵ See *Healthy Gulf v. FERC*, 107 F.4th 1033 (D.C. Cir. 2024).
