Agenda

The Advisory Panel will review preliminary 2016 scallop survey results and discuss initial recommendations from the Scallop Plan Development Team (PDT) for FY 2017 and FY 2018 (default) fishery specifications (Framework 28). They plan to review and provide input on Framework 28 management measures; which include: (1) Restricting the possession of shell stock inshore of the days-at-sea demarcation line north of 42°20' N; (2) Modifying the process for distributing scallop fishery projected landing (ACL flowchart); (3) Modifying the Closed Area I AA boundary consistent with potential changes to habitat and groundfish mortality closures. Other business will be discussed as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

ACTION: Notice of a public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's Mackerel, Squid, and Butterfish Advisory Panel will meet to provide input on an Amendment that could affect the longfin and *Illex* squid fisheries.

DATES: The meeting will be held Tuesday, September 13, 2016, from 9 a.m. to 5 p.m.

ADDRESSES: The meeting will be held at the Radisson Hotel Providence Airport, 2081 Post Road Warwick, RI 02886; telephone: (401) 739-3000.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State St., Suite 201, Dover, DE 19901; telephone: (302) 674-2331.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D. Executive Director, Mid-Atlantic Fishery Management Council; telephone: (302) 526-5255. The Council's Web site, www.mafmc.org will also have details on the proposed agenda and briefing materials.

SUPPLEMENTARY INFORMATION: The Advisory Panel will provide input on an Amendment to the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan. The amendment could reduce the capacities of the longfin squid and *Illex* squid fleets. The Council is considering this action because of concern that activation of latent capacity in the squid fisheries could lead to excessive fishing effort and increased catch of non-target species. Several other issues are being considered as well: (1) New permits for Maine/northern states; (2) re-evaluation of longfin squid trimesters; and (3) longfin squid buffer zones (*e.g.* 10 miles) beyond state waters in the area south of Martha's Vineyard/Nantucket.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to M. Jan Saunders, (302) 526-5251, at least 5 days prior to the meeting date.
