

Form 269 (long form) will be used for financial reporting.

C. Reports. Grantees are responsible and accountable for accurate reporting of the Progress Reports and Financial Status Reports which are generally due semi-annually. Financial Status Reports (SF-269) is due 90 days after each budget period and the final SF-269 must be verified from the grantee records on how the value was derived. Grantees must submit reports in a reasonable period of time.

Failure to submit required reports within the time allowed may result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. Continued failure to submit required reports may result in one or both of the following: (1) The imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities. This applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports.

5. Telecommunication for the hearing impaired is available at: TTY (301) 443-6394.

VI. Agency Contact(s)

For program-related information, contact Ms. Sandra L. Haldane, BSN, RN, MS, Director, Division of Nursing Services, Office of Clinical and Preventative Services, Indian Health Service, 801 Thompson Avenue, Reyes Building, Suite 300, Rockville, MD 20852, (301) 443-1840.

Proposed Collection; Comment Request; Simulations for Drug Related Science Education

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for the opportunity for public comment on proposed data collection projects, the National Institute on Drug Abuse (NIDA), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to

the Office of Management and Budget (OMB) for review and approval.

Proposed Collection: Title: Simulations for Drug Related Science Education. **Type of Information Collection Request:** NEW. **Need and Use of Information Collection:** This is a request for a one-time clearance to evaluate an interactive multimedia module developed by ArchieMD. This evaluation seeks to determine whether the multimedia module ArchieMD: The Science of Drugs (1) Increases students' knowledge in brain and heart biology and the effects drugs have on the body (2) Increases positive attitudes towards science education for high school students (3) Reinforces or instills negative attitudes towards substance abuse. In order to test the effectiveness of the interactive multimedia module, data will be collected in the form of pre- and post-test surveys from 10th and 11th grade high school students utilizing the developed module. The findings will provide valuable information regarding information pertaining to the use of interactive multimedia educational modules in high school science classrooms and their ability to increase knowledge and change attitudes and perceptions.

Frequency of Response: 4. **Affected Public:** High school students engaged with the ArchieMD: The Science of Drugs program. **Type of Respondent:** Participants will include high school students enrolled in the tenth and eleventh grade. **Estimated Total Annual Number of Respondents:** 360. **Estimated Number of Responses per Respondent:** 4. **Average Burden Hours per Response:** One high school period lasting 50 minutes. **Estimated Total Annual Burden Hours Requested:** 1199.95. There are no Capital Costs to report. There are no Operating or Maintenance Costs to report. The estimated annualized burden is summarized below.

Type of respondents	Number of respondents	Frequency of response	Average burden hours per response	Estimated total burden hours requested
Participants-High School Students	360	4	.8333	1199.95
Total	360	4	.8333	1199.95

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the

agency, including whether the information shall have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4)

ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if

received within 60-days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plans, please contact Dr. Cathrine Sasek, Coordinator, Science Education Program, Office of Science Policy and Communications, National Institute on Drug Abuse, 6001 Executive Blvd, Room 5237, Bethesda, MD 20892, or call non-toll-free number (301) 443-6071; fax (301) 443-6277; or by e-mail to csasek@nida.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60-days of the date of this publication.

Dated: June 17, 2008.
