Abstract: The Department of Education is requesting a reinstatement without change of the previously approved annual performance report, which was discontinued on November 30, 2009 (OMB No.: 1840-0525), to collect data under the Student Support Services (SSS) Program. Reinstating the report would allow the Department to collect consistent performance data for as much as the grant cycle as possible from current SSS grantees, which were given a one-time, one-year extension due to the negotiated rulemaking process underway to implement the Higher Education Opportunity Act (HEOA) revisions to the Higher Education Act, the authorizing statute for the program. Beginning next year and pending a final rule, all new and continuing grantees will submit performance data consistent with the changes made by the HEOA.

October 6, 2010.

On August 28, 2008 South Carolina Electric & Gas Company, licensee for the Saluda Hydroelectric Project, filed an Application for a New License pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. The Saluda Hydroelectric Project is on the Saluda River in Richland, Lexington, Saluda, and Newberry counties, South Carolina.

The license for Project No. 516 was issued for a period ending August 31, 2010. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to

operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 516 is issued to the South Carolina Electric & Gas Company for a period effective September 1, 2010 through August 31, 2011, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before August 31, 2011, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that South Carolina Electric & Gas Company is authorized to continue operation of the Saluda Hydroelectric Project, until such time as the Commission acts on its application for a subsequent license.
