FOR FURTHER INFORMATION CONTACT:

Rhonda Cowie by telephone at 202–693–3821 (this is not a toll-free number) or by email: cowie.rhonda.m@dol.gov.

Authority: 44 U.S.C. 3506(c)(2)(A).

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Section 303(a)(1) of the Social Security Act (SSA) requires a state's unemployment insurance UI law to include provisions for:

"Such methods of administration . . . as are found by the Secretary of Labor to be reasonably calculated to insure full payment of unemployment compensation when due . . ."

Section 303(a)(5) of the SSA further requires a state's UI law to include provisions for:

"Expenditure of all money withdrawn from an unemployment fund of such State, in the payment of unemployment compensation . . ."

Section 3304(a)(4) of the Internal Revenue Code (IRC) of 1954 provides that:

"all money withdrawn from the unemployment fund of the State shall be used solely in the payment of unemployment compensation . . ."

The Secretary of Labor has interpreted the above sections of federal law in Section 7511, Part V, of the Employment Security Manual to further require a state's UI law to include provisions for such methods of administration as are, within reason, calculated to: (1) detect benefits paid through error by the State Workforce Agency (SWA) or through willful misrepresentation or error by the claimant or others; (2) deter claimants from obtaining benefits through willful misrepresentation; and (3) recover benefits overpaid. The Overpayment Detection and Recovery Activities report, referred to as the ETA 227, is used to determine whether SWAs meet these requirements.

The ETA 227 contains data on the number and amounts of fraud and non-fraud overpayments established, the methods by which overpayments were detected, the amounts and methods by which overpayments were collected, the amounts of overpayments waived and written off, the accounts receivable for overpayments outstanding, and data on criminal/civil actions. Each of the 53 SWAs gather this data and report it to DOL following the end of each calendar quarter. The overall effectiveness of SWAs' UI integrity efforts can be determined by examining and analyzing the data. SWA's also use these data as a management tool for effective UI program administration.

Section 303(a)(1) of the Social Security Act (SSA), Section 303(a)(5) of the SSA, Section 3304(a)(4) of the Internal Revenue Code (IRC) of 1954, and Section 7511, Part V, of the Employment Security Manual, authorize this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6.
