

SUPPLEMENTARY INFORMATION: OPM is soliciting comments for this collection as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3506(c)(2). The Office of Management and Budget is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

The Questionnaire for Public Trust Positions, SF 85P and Supplemental Questionnaire for Selected Positions, SF 85P-S, are information collections completed by applicants for, or incumbents of, Federal Government civilian positions, or positions in private entities performing work for the Federal Government under contract (SF 85P only). The collections are used as the basis of information for background investigations to establish that such persons are:

- Suitable for employment or retention in Federal employment in a public trust position or fit for employment or retention in Federal employment in the excepted service when the duties to be performed are equivalent in degree of trust reposed in the incumbent to a public trust position;
- Fit to perform work on behalf of the Federal Government pursuant to the Government contract, when the duties to be performed are equivalent in degree of trust reposed in the individual to a public trust position;
- Eligible for physical and logical access to federally controlled facilities or information systems, when the duties to be performed by the individual are equivalent to the duties performed by an employee in a public trust position.

For applicants, the SF 85P and SF 85P-S are to be used only after a conditional offer of employment has been made. The SF 85P-S is supplemental to the SF 85P and is used only as approved by OPM, for certain

positions such as those requiring carrying of a firearm. e-QIP (Electronic Questionnaires for Investigations Processing) is a web-based system application that houses the SF 85P and SF 85P-S. A variable in assessing burden hours is the nature of the electronic application. The electronic application includes branching questions and instructions which provide for a tailored collection from the respondent based on varying factors in the respondent's personal history. The burden on the respondent is reduced when the respondent's personal history is not relevant to particular question, since the question branches, or expands for additional details, only for those persons who have pertinent information to provide regarding that line of questioning. Accordingly, the burden on the respondent will vary depending on whether the information collection relates to the respondent's personal history.

OPM recommends renewal of the form without any proposed changes, except to underlying authorities, which have been revised in the period since the last renewal, and the Privacy Act Information Statement, to acknowledge the transfer of background investigations files from OPM to the Defense Counterintelligence and Security Agency. No other changes are recommended at this time. Ongoing assessments will occur to ensure the SF 85P and SF 85P-S reflect and collect pertinent information for the investigative process and align with governing policies, rules, and regulations requiring use of these forms.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-89824; File No. SR-NYSEArca-2020-83]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.37-E To Update the Exchange's Source of Data Feeds From MIAx PEARL, LLC

September 10, 2020.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on September 3, 2020, NYSE Arca, Inc. ("NYSE Arca" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7.37-E to update the Exchange's source of data feeds from MIAx PEARL, LLC ("MIAx PEARL") for purposes of order handling, order execution, order routing, and regulatory compliance. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received

on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update and amend the use of data feeds table in Rule 7.37-E, which sets forth on a market-by-market basis the specific securities information processor ("SIP") and proprietary data feeds that the Exchange utilizes for the handling, execution, and routing of orders, and for performing the regulatory compliance checks related to each of those functions. Specifically, the Exchange proposes to amend the table in Rule 7.37-E(d) to specify that, with respect to MIAx PEARL, the Exchange will receive the SIP feed as its primary source of data for order handling, order execution, order routing, and regulatory compliance. The Exchange will not have a secondary source for data from MIAx PEARL.

The Exchange proposes that this proposed rule change would be operative on the day that MIAx PEARL launches operations as an equities exchange, which is currently expected on September 25, 2020.⁴

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5),⁶ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes its proposal to amend the table in Rule 7.37-E(d) to update the data feed source for MIAx PEARL will ensure that Rule 7.37-E correctly identifies and publicly states on a market-by-market basis all of the specific securities information processor and proprietary data feeds

that the Exchange utilizes for the handling, execution, and routing of orders, and for performing the regulatory compliance checks for each of those functions. The proposed rule change also removes impediments to and perfects the mechanism of a free and open market and protects investors and the public interest by providing additional specificity, clarity, and transparency in the Exchange's rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is not designed to address any competitive issue, but rather would provide the public and market participants with up-to-date information about the data feeds the Exchange will use for the handling, execution, and routing of orders, as well as for regulatory compliance.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁹ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.
