

February 2000. During the first five year review, the remedy for Operable Unbited #3 had not yet been completed and, therefore, the five year review concluded that the remedy for the entire Site was not protective. The second five year review concluded that the remedies are protective of the environment and human health for non-residential uses and that further reviews need to continue.

Final Close-Out Report

EPA issued a Final Close Out Report (FCOR) on March 19, 2000 that documented the completion of all construction activities for the Publicker Industries Superfund Site. As part of the FCOR, EPA and PADEP conducted a site visit on September 8, 1999. The site visit and review information concluded that all the remedial actions have been successfully executed.

Applicable Deletion Criteria

EPA is proposing deletion of this Site from the NPL. In a letter dated June 13, 2000 PADEP concurred with EPA that all appropriate responses under CERCLA have been implemented. Documents supporting this action are available from the docket. EPA believes that the criteria state in section II(i) and (ii) for deletion of this Site have been met. Therefore, EPA is proposing the deletion of the Publicker Industries Superfund Site from the NPL.

Dated: June 21, 2000.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 00-1472; MM Docket No. 99-314; RM-9754]

Radio Broadcasting Services; Metropolis IL and Paducah, KY

AGENCY: Federal Communications Commission.

ACTION: Proposed rule; denial.

SUMMARY: Sun Media, Inc. requested the reallocation of Channel 252C1 from Metropolis, Illinois to Paducah, Kentucky, and the modification of Station WRIK-FM's construction permit accordingly. See 64 FR 59728, November 3, 1999. The petitioner's rule making proposal was denied because the difference in population between the two communities did not justify

removing the third local transmission service from the smaller community of Metropolis to provide the larger community of Paducah with its sixth local transmission service.

Radio Broadcasting Services; Leeds, UT

AGENCY: Federal Communications Commission.

ACTION: Proposed rule, denial.

SUMMARY: This document denies a petition for rule making filed by Mountain West Broadcasting requesting the allotment of Channel 287C2 at Leeds, Utah. See 64 FR 34751, June 29, 1999. Based on the information submitted by Mountain West Broadcasting, we believe it has failed to establish that Leeds qualifies as a community for allotment purposes and therefore it would not serve the public interest to allot a channel to Leeds.
