3. *Title:* Beer for Exportation.

OMB Control Number: 1513-0114.

Type of Review: Extension without change of a currently approved collection.

Description: Under the Internal Revenue Code (IRC) at 26 U.S.C. 5051, Federal excise tax is imposed on beer removed from domestic breweries for consumption or sale. However, under the IRC at 26 U.S.C. 5053, brewers may remove beer without payment of tax for export purposes, subject to regulations prescribed by the Secretary of the Treasury. As such, the TTB regulations in 27 CFR part 28 allow brewers to remove beer without payment of tax for export to a foreign county, use as supplies on certain vessels or aircraft, transfer to a foreign trade zone for export, or shipment to U.S. armed forces stationed overseas. Those regulations also require brewers to give notice of each such removal on form TTB F 5130.12. Or, brewers may apply to TTB to use an alternative procedure to report beer removed for export purposes via a monthly summary report, provided that the brewer completes the notification section of TTB F 5130.12 for each removal and maintains the form and the related supporting export verification records at their premises. This collection request is necessary to protect the revenue as TTB uses the required information to account for beer removed without payment of tax for export purposes and ensure that such beer is not diverted into the taxable domestic market.

Affected Public: Businesses or other for-profits.
