**AGENCY:** Pipeline and Hazardous Materials Safety Administration (PHMSA), Department of Transportation (DOT).

**ACTION:** Notice.

**SUMMARY:** This notice seeks public comment on the need for PHMSA to collect paperwork information from hazardous liquid pipeline operators. The mission of PHMSA is to ensure the safe, reliable, and environmentally sound operation of the nation's approximately 161,000 miles of hazardous liquid pipelines. This notice also seeks to renew the existing approval from OMB for this paperwork collection.

**SUPPLEMENTARY INFORMATION:** Pursuant to the Pipeline Safety Law (49 U.S.C. Chapter 601), PHMSA shares responsibility for inspecting and overseeing the nation's pipelines with State pipeline safety offices. Regulations for enforcing this legislation are found in 49 CFR Part 195, "Transportation of Hazardous Liquids by Pipeline." These regulations include recordkeeping requirements for hazardous liquid pipeline operators to submit accident reports. Both Federal and State regulators depend on accident reports to manage inspection programs and to identify trends in hazardous liquid pipeline safety. The importance of accident data and data quality are repeatedly emphasized by Congress, the National Transportation Safety Board, and DOT's Office of Inspector General. PHMSA would like to continue to collect vital information on accidents on these hazardous liquid pipelines to fulfill its statutory mandates.
