SUPPLEMENTARY INFORMATION: The Gulf of Mexico Fishery Management Council (Council) deferred taking action on a Draft Amendment for a Charter Vessel/Headboat Permit Moratorium (Amendment) at its January 18-21, 2000 meeting. The AP may consider retaining some of the alternatives for management measures considered in the Amendment, and likely will suggest other alternatives that would need to be presented at public hearings in a subsequent amendment. The Council will consider the AP's recommendations at its March 20-23, 2000 meeting in San Antonio, TX.

Copies of the agenda can be obtained by calling 813-228-2815.

Although other non-emergency issues not on the agendas may come before the AP for discussion, those issues may not be the subject of formal action during these meetings. Actions of the AP will be restricted to those issues specifically identified in the agendas and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens

Act, provided the public has been notified of the Council's intent to take action to address the emergency.
