

added to the production authority that the Board previously approved for the operation, as reflected on the Board's website.

The proposed finished products include: plug-in hybrid electric vehicle transmissions; electric rear axle drives; stators; electric motors; electric drives; intermediate shafts for electric vehicles; and, input shafts for electric vehicles (duty rate ranges from 2.5% to 6.5%).

The proposed foreign-status materials/components include: plastic components (protection caps; rectangular rings; brackets); rubber components (sealing rings; sealing sleeves; shaft seals; gaskets); steel components (mushroom head bolts; screw plugs; washers; collector rings; retaining clips; pins; compression springs; wave springs; leg springs; angular ball bearings; ball bearings; sprocket wheels; tube assemblies; gear spiders; hose couplings; output flanges; sprocket wheels; spur gears; end yokes; sleeves; catches; end yokes; hubs); aluminum components (screw plugs; alloy marking plates; tube assemblies; bell housings; plates; cylinders); plates (type; centering; intermediate; guiding); pump covers; thermal bypass valves; valve housings; taper roller bearing outer rings; shaft seals; lamination stack assembly stators; assemblies (housing; oil guide ring; cooling connection); grounding rings; hydraulically actuated parking lock pistons; sensors (positions; speed); PEEK wires; wiring harnesses; hydraulic control unit adapters; bearing brackets; connecting bars; torque converters; disc carriers; gears (idler; input; output; parking interlock; ring; planetary); oil baffles; oil catchers; oil trays; oil pans; output housings; pinions; pistons; planet carriers; shafts (quill; splined); sensor rings; support shims; sun gear shafts; transmission counting discs; guide bushes; ring gear carriers; selector shafts; guiding plates; clamping sleeves; oil tubes; bearing rings; breathers; end discs; thrust washers; stators; open differentials; clutch disks; dog clutches; shift levers; and, sensor units (duty rate ranges from duty-free to 9.0%). The request indicates that certain materials/components are subject to duties under section 1702(a)(1)(B) of the International Emergency Economic Powers Act (section 1702), section 232 of the Trade Expansion Act of 1962 (section 232), or section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 1702, section 232 and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is June 2, 2025.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact Juanita Chen at juanita.chen@trade.gov.

Dated: April 16, 2025.

Elizabeth Whiteman,
Executive Secretary.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Preliminary Results of Countervailing Duty Administrative Review, and Rescission in Part; 2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies were provided to producers and exporters of crystalline silicon photovoltaic cells, whether or not assembled into modules, (solar cells) from the People's Republic of China (China) during the period of review (POR), January 1, 2022, through December 31, 2022. We are rescinding this review with respect to the companies listed in Appendix III. Interested parties are invited to comment on these preliminary results.

DATES: Applicable April 21, 2025.

FOR FURTHER INFORMATION CONTACT: Jose Rivera, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0842, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 8, 2024, Commerce initiated this administrative review of the countervailing duty (CVD) order on

solar cells from China.¹ Jiangsu Highhope International Group Corporation (High Hope) and Changzhou Zhaojing Light Energy Co., Ltd. (Light Energy) are the mandatory respondents. High Hope did not submit a full questionnaire response as it withdrew its participation in this administrative review. Further, Light Energy reported that it had an unaffiliated producer, Yangzhou Jinghua New Energy Technology Co., Ltd. (Yangzhou Jinghua). The unaffiliated producer was unresponsive to Commerce's initial questionnaire. On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.² On August 13, 2024, Commerce extended the time limits for these preliminary results to December 18, 2024.³ On December 9, 2024, Commerce tolled the deadline to issue the preliminary results in this administrative review by 90 days.⁴ On March 17, 2025, we extended the time period for issuing these preliminary results to March 28, 2025.⁵ Additionally, on March 26, 2025, we extended the time period for issuing for these preliminary results to the current deadline of April 7, 2025.⁶

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁷ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete

version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The products covered by this order are crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels, and building integrated materials. For a complete description of the scope of this order, *see* the Preliminary Decision Memorandum.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), Commerce will rescind an administrative review when there are no reviewable suspended entries. Based on our analysis of U.S. Customs and Border Protection (CBP) information, we preliminarily determine that 65 companies had no entries of subject merchandise during the POR. On December 5, 2024, we notified parties that we intended to rescind this administrative review with respect to the companies for which have no reviewable suspended entries.⁸ For additional information regarding this determination, *see* the Preliminary Decision Memorandum. For a complete list of the companies, *see* Appendix III to this notice.

Methodology

Commerce is conducting this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs preliminarily found to be countervailable, we preliminarily determine that there is a countervailable subsidy, *i.e.*, a financial contribution from an authority that gives rise to a benefit to the recipient and that the subsidy is specific.⁹ For a full description of the methodology underlying our preliminary conclusions, including our reliance, in part, on facts available with adverse inferences pursuant to sections 776(a) and (b) of the Act, *see* the Preliminary Decision Memorandum.

⁸ *See* Memorandum, “Intent to Rescind Review, In Part,” dated December 5, 2024.

⁹ *See* sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

Preliminary Rate for Non-Selected Companies Under Review

There are 7 companies for which a review was requested and not rescinded, which had reviewable entries, and which were not selected as mandatory respondents or found to be cross-owned with a mandatory respondent. *See* Appendix II. The Act and Commerce’s regulations do not address the establishment of a rate to apply to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. However, Commerce normally determines the rates for non-selected companies in reviews in a manner that is consistent with section 705(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation. Section 777A(e)(2) of the Act provides that “the individual countervailable subsidy rates determined under subparagraph (A) shall be used to determine the all-others rate under section 705(c)(5) {of the Act}.” Section 705(c)(5)(A) of the Act states that for companies not investigated, in general, we will determine an all-others rate by weight averaging the countervailable subsidy rates established for each of the companies individually investigated, excluding zero and *de minimis* rates or any rates based entirely on facts available.

Accordingly, to determine the rate for companies not selected for individual examination, Commerce’s practice is to weight average the net subsidy rates for the selected mandatory respondents, excluding rates that are zero, *de minimis*, or based entirely on facts available.¹⁰ In this administrative review, Commerce preliminarily assigned a rate based entirely on facts available to High Hope. While the rate calculated for Light Energy is not based entirely on facts available, we have determined to cumulate Light Energy’s rate with the AFA rate calculated for High Hope, pursuant to 19 CFR 351.525(c). Therefore, we determine that it would not be a “reasonable method” to assign Light Energy’s rate as the non-select rate. In the absence of any other rate not based entirely on facts available, we resort to alternative reasonable method, which is to assign the non-select rate calculated in the previous review under this

¹⁰ *See, e.g., Certain Pasta from Italy: Final Results of the 13th (2008) Countervailing Duty Administrative Review*, 75 FR 37386, 37387 (June 29, 2010).

proceeding.¹¹ Therefore, for the other companies that remain subject to this review but were not selected as mandatory respondents, and which we are not finding to be cross-owned with the mandatory respondents, we calculated the non-selected rate using the 2021 non-selected rate of 9.07 percent.

Preliminary Results of Review

In accordance with 19 CFR 351.221(b)(4)(i), we calculated a countervailable subsidy rate for the mandatory respondent Light Energy. We determined the countervailable subsidy rate for High Hope based entirely on adverse facts available, in accordance with section 776 of the Act. We also assigned an individual estimated subsidy rate based on adverse facts available to Light Energy’s unaffiliated supplier, Yangzhou Jinghua, in accordance with section 776 of the Act. As a result of this review, we preliminarily determine the following net countervailable subsidy rates exist for the POR, January 1, 2022, through December 31, 2022:

Company	Subsidy rate (percent <i>ad valorem</i>)
Changzhou Zhaojing Light Energy Co., Ltd. ¹²	125.34
Jiangsu Highhope International Group Corporation ¹³	118.12
Yangzhou Jinghua New Energy Technology Co., Ltd	118.12
Non-Selected Companies Under Review ¹⁴	9.07

Disclosure and Public Comment

Commerce intends to disclose its calculations and analysis performed to interested parties for these preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

¹¹ *See, e.g., Certain Passenger Vehicle and Light Truck Tires from the People’s Republic of China: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2018–2019*, 89 FR 33317 (April 29, 2024), and accompanying IDM at Comment 1.

¹² As discussed in the Preliminary Decision Memorandum, Commerce has found the following company to be cross-owned with Light Energy: Changzhou New Century Electron Co., Ltd.

¹³ This rate applies to: Jiangsu Highhope International Group Corporation and its cross-owned companies: High Hope Zhongtian Corporation and Jiangsu Suhui Asset Management Co., Ltd.

¹⁴ *See* Appendix II of this notice for a list of all companies that remain under review but were not selected for individual examination and to which Commerce has preliminarily assigned the non-selected company rate.

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice.¹⁵ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁶ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁷ All briefs must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety in ACCESS by 5:00 p.m. Eastern Time on the established deadline.

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their briefs that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁸ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁹

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the

number of participants; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, Commerce will inform parties of the scheduled date for the hearing.²⁰

Assessment Rates

Consistent with section 751(a)(1) of the Act and 19 CFR 351.212(b)(2), upon issuance of the final results, Commerce shall determine, and CBP shall assess, countervailing duties on all appropriate entries covered by this review.

For the companies listed in Appendix III for which the review is being rescinded, Commerce will instruct CBP to assess countervailing duties on all appropriate entries at a rate equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2022, through December 31, 2022, in accordance with 19 CFR

351.212(c)(1)(i). Commerce intends to issue rescission instructions to CBP no earlier than 35 days after the date of publication of this rescission in the **Federal Register**.

For the companies remaining subject to the review, Commerce will instruct CBP to assess countervailing duties on all appropriate entries at the subsidy rates calculated in the final results of this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Rates

Pursuant to section 751(a)(2)(C) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amount indicated above with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit

instructions, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless the deadline is extended, we intend to issue the final results of this administrative review, which will include the results of our analysis of the issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: April 7, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
