- *Telephone:* Heather Hitt, 772-469-4267.

- *Email:* heather\_hitt@fws.gov.

- *U.S. mail:* Heather Hitt, South Florida Ecological Services Field Office, Attn: Permit number "TE28046D-0," U.S. Fish and Wildlife Service, 1339 20th Street, Vero Beach, FL 32960-3559.

- *In-person:* The documents may be reviewed by appointment during normal business hours at the above address. Please call to make an appointment.

- *Fax:* Heather Hitt, 772-562-4288, Attn.: Permit number "TE28046D-0."

*Submitting Comments:* If you wish to submit comments on any of the documents, you may do so in writing via the above email address, U.S. mail address, or fax number, or you may hand-deliver comments to the above address during regular business hours.

**FOR FURTHER INFORMATION CONTACT:**

Heather Hitt, by U.S. mail (see **ADDRESSES**) or via phone at 772-469-4267. Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800-877-8339 for TTY assistance.

**SUPPLEMENTARY INFORMATION:** We, the Fish and Wildlife Service (Service), announce receipt of an application from CG Land Services, LLC (applicant) for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant requests the ITP to take the federally listed sand skink (*Neoseps reynoldsi*) and blue-tailed mole skink (*Eumeces egregius lividus*) (skinks) incidental to the construction of a residential development (project) in Polk County, Florida. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP) and the Service's preliminary determination that this HCP qualifies as "low-effect," categorically excluded under the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*). To make this determination, we used our environmental action statement and low-effect screening form, both of which are also available for public review.

**Project**

CG Land Services, LLC requests a 5-year ITP to take skinks incidental to the conversion of approximately 1.8 acres of occupied skink foraging and sheltering habitat for the construction of a housing development on a 109-acre parcel in Section 13, Township 29 South, Range 25 East, Polk County, Florida. The applicant proposes to mitigate for take

of the skinks by purchasing credits equivalent to 3.6 acres of skink-occupied habitat from a Service-approved skink conservation bank. The Service would require the applicant to purchase the credits prior to engaging in land clearing activities on the parcel.

**Public Availability of Comments**

Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment—including your personal identifying information—may be made available to the public. While you may request that we withhold your personal identifying information, we cannot guarantee that we will be able to do so.

**Our Preliminary Determination**

The Service has made a preliminary determination that the applicant's project, including land clearing, construction of the residential development, and the proposed mitigation measure, would individually and cumulatively have a minor or negligible effect on the skinks and the environment. Therefore, we have preliminarily concluded that the ITP for this project would qualify for categorical exclusion and the HCP is low effect under our NEPA regulations at 43 CFR 46.205 and 46.210. A low-effect HCP is one that would result in (1) minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) minor or negligible effects on other environmental values or resources; and (3) impacts that, when considered together with the impacts of other past, present, and reasonable foreseeable similarly situated projects, would not over time result in significant cumulative effects to environmental values or resources.

**Next Steps**

The Service will evaluate the application and the comments received to determine whether to issue the requested permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the above findings, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number TE28046D-0 to CG Land Services, LLC.

**Authority**

The Service provides this notice under section 10(c) (16 U.S.C. 1539(c))

of the ESA and NEPA regulation 40 CFR 1506.6.

**Notice of Inventory Completion: U.S. Department of the Interior, National Park Service, Natchez Trace Parkway, Tupelo, MS**

**AGENCY:** National Park Service, Interior.  
**ACTION:** Notice.

**SUMMARY:** The U.S. Department of the Interior, National Park Service, Natchez Trace Parkway has completed an inventory of human remains and associated funerary objects, in consultation with the appropriate Indian Tribes or Native Hawaiian organizations, and has determined that there is no cultural affiliation between the human remains and associated funerary objects and any present-day Indian Tribes or Native Hawaiian organizations. Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request to Natchez Trace Parkway. If no additional requestors come forward, transfer of control of the human remains and associated funerary objects to the Indian Tribes or Native Hawaiian organizations stated in this notice may proceed.

**DATES:** Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Natchez Trace Parkway at the address in this notice by September 16, 2019.

**ADDRESSES:** Mary Risser, Superintendent, Natchez Trace Parkway, 2680 Natchez Trace Parkway, Tupelo, MS 38804, telephone (662) 680-4005, email [mary\\_risser@nps.gov](mailto:mary_risser@nps.gov).

**SUPPLEMENTARY INFORMATION:** Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory

of human remains and associated funerary objects under the control of the U.S. Department of the Interior, National Park Service, Natchez Trace Parkway, Tupelo, MS. The human remains and associated funerary objects were removed from sites in Hickman and Maury Counties, TN, and Colbert County, AL.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3) and 43 CFR 10.11(d). The determinations in this notice are the sole responsibility of the Superintendent, Natchez Trace Parkway.

### Consultation

A detailed assessment of the human remains was made by Natchez Trace Parkway professional staff in consultation with representatives of the Cherokee Nation, The Chickasaw Nation, The Seminole Nation of Oklahoma, and the United Keetoowah Band of Cherokee Indians in Oklahoma. The Eastern Band of Cherokee Indians were invited to consult but did not participate.

### History and Description of the Remains

In 1983 and 1984, human remains representing, at minimum, six individuals were removed from the South Cave site in Colbert County, AL, during a survey conducted by the University of Mississippi under contract with the National Park Service. No known individuals were identified. No associated funerary objects are present.

In 1984, human remains representing, at minimum, one individual were removed from the Baker's Knoll site in Hickman County, TN, during archeological testing and survey. No known individuals were identified. No associated funerary objects are present.

In 1984 and 1985, human remains representing, at minimum, 108 individuals were removed from the OldRoy site in Hickman County, TN, during excavations by the University of Tennessee for the National Park Service. No known individuals were identified. The 130 associated funerary objects are 22 projectile points, three bags of ochre pigment, five bifaces, 10 preforms, five limestone/fossil beads, one siltstone bead, six flakes, four flake tools, four abraders, two gorget fragments, one gorget, two steatite bowls, two cores, two knives, two steatite vessel fragments, one celt, one drill, one scraper, one sandstone pipe, 29 worked bones/antlers, 13 awls, nine punches, two beamers, and two faunal tooth fragments.

In 1984 and 1985, human remains representing, at minimum, 34 individuals were removed from the Fattybread Branch site in Maury County, TN, during excavations by the University of Tennessee for the National Park Service. No known individuals were identified. The 52 associated funerary objects are two projectile points, one bannerstone, 43 worked animal bones, five animal bones, and one bag of animal bone.

### Determinations Made by Natchez Trace Parkway

Officials of Natchez Trace Parkway have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice are Native American based on removal from known Native American sites.
- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of 149 individuals of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(3)(A), the 182 objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. The National Park Service intends to convey the associated funerary objects to the Tribes pursuant to 54 U.S.C. 102503(g) through (i) and 54 U.S.C. 102504.
- Pursuant to 25 U.S.C. 3001(2), a relationship of shared group identity cannot be reasonably traced between the Native American human remains and associated funerary objects and any present-day Indian Tribe.
- According to final judgments of the Indian Claims Commission or the Court of Federal Claims, the land from which the Native American human remains and associated funerary objects were removed is the aboriginal land of the Cherokee Nation, Eastern Band of Cherokee Indians, and United Keetoowah Band of Cherokee Indians in Oklahoma.
- Treaties, Acts of Congress, or Executive Orders, indicate that the land from which the Native American human remains and associated funerary objects were removed is the aboriginal land of the Cherokee Nation, Eastern Band of Cherokee Indians, The Chickasaw Nation, and United Keetoowah Band of Cherokee Indians in Oklahoma.
- Pursuant to 43 CFR 10.11(c)(1), the disposition of the human remains and associated funerary objects may be to the Cherokee Nation, Eastern Band of Cherokee Indians, The Chickasaw Nation, and United Keetoowah Band of Cherokee Indians in Oklahoma.

### Additional Requestors and Disposition

Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Mary Risser, Superintendent, Natchez Trace Parkway, 2680 Natchez Trace Parkway, Tupelo, MS 38804, telephone (662) 680-4005, email [mary\\_risser@nps.gov](mailto:mary_risser@nps.gov), by September 16, 2019. After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary objects to the Cherokee Nation, Eastern Band of Cherokee Indians, The Chickasaw Nation, and United Keetoowah Band of Cherokee Indians in Oklahoma may proceed.

Natchez Trace Parkway is responsible for notifying the Cherokee Nation, Eastern Band of Cherokee Indians, The Chickasaw Nation, The Seminole Nation of Oklahoma, and United Keetoowah Band of Cherokee Indians in Oklahoma that this notice has been published.

Dated: July 25, 2019.
