k. *Description of Request*: The City of Hamilton, Ohio and American Municipal Power, Inc. (licensees) propose to change the transmission line route authorized in the June 25, 2008 Order Issuing Original License (Major Project). Instead of constructing an approximately 5-mile-long, 138-kilovolt (kV) transmission line connecting the powerhouse to a new switching station adjacent to East Kentucky Electric Cooperative, Inc.'s Boone-Spurlock transmission line as authorized in the license, the licensees propose to construct an approximately 3-mile-long, 138-kV transmission line connecting the powerhouse to a new switching station at the Zimmer-Spurlock transmission line in Clermont County, Ohio. The proposed transmission line route would extend from the powerhouse in Bracken County, Kentucky, span the Ohio River into Clermont County, Ohio, and then interconnect with the transmission grid inside the PJM regional transmission organization.
