RIN 0694–AE92

Addition and Removal of Certain Persons on the Entity List: Addition of Persons Acting Contrary to the National Security or Foreign Policy Interests of the United States; Removal of Person Based on Removal Request

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: This rule amends the Export Administration Regulations (EAR) by adding twenty-four persons to the Entity List (Supplement No. 4 to Part 744) on the basis of Section 744.11 of the EAR. The persons who are added to the Entity List have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States. These persons will be listed under the following nine destinations on the Entity List: Belarus, China, Hong Kong, Iran, Malaysia, New Zealand, Norway, South Africa and United Kingdom.

This rule also removes one person located in Hong Kong from the Entity List. This person is being removed from the Entity List as a result of a request for removal submitted by that person, a review of information provided in the removal request in accordance with Section 744.16 (Procedure for requesting removal or modification of an Entity List entity), and further review conducted by the End-User Review Committee's (ERC) member agencies.

The Entity List provides notice to the public that certain exports, reexports, and transfers (in-country) to parties identified on the Entity List require a license from the Bureau of Industry and Security (BIS) and that availability of license exceptions in such transactions is limited.

DATES: *Effective Date:* This rule is effective June 28, 2010. Although there is no formal comment period, public comments on this regulation are welcome on a continuing basis.

SUPPLEMENTARY INFORMATION:**Background**

The Entity List provides notice to the public that certain exports, reexports, and transfers (in-country) to parties identified on the Entity List require a license from the Bureau of Industry and Security (BIS) and that availability of license exceptions in such transactions is limited. Persons are placed on the Entity List on the basis of criteria set forth in certain sections of part 744 (Control Policy: End-User and End-Use Based) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from or changes to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decisions*Additions to the Entity List*

The ERC made a determination to add twenty-four persons under twenty-five entries to the Entity List on the basis of Section 744.11 (License Requirements that Apply to Entities Acting Contrary to the National Security or Foreign Policy Interests of the United States) of the EAR. The twenty-five entries added to the Entity List consist of three persons in Belarus, three persons in China, two persons in Hong Kong, three persons in Iran, four persons in Malaysia, two persons in New Zealand, two persons in Norway, five persons in South Africa, and one person in the United Kingdom. The twenty-fifth entry is to account for one person who has addresses in both Norway and South Africa.

The ERC reviewed Section 744.11(b) (Criteria for revising the Entity List) in making the determination to add these persons to the Entity List. Under that

paragraph, entities for which there is reasonable cause to believe, based on specific and articulable facts, that have been involved, are involved, or pose a significant risk of being or becoming involved in activities that are contrary to the national security or foreign policy interests of the United States and those acting on behalf of such entities may be added to the Entity List pursuant to Section 744.11. Paragraphs (b)(1)–(b)(5) include an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States. The persons being added to the Entity List under this rule have been determined by the ERC to be involved in activities that could be contrary to the national security or foreign policy interests of the United States. Examples of the specific activities these persons were involved with that are contrary to the national security or foreign policy interests of the United States pursuant to Section 744.11 are, as follows:

Belmicrosystems Research and Design Center, SOE Semiconductor Devices Factory, Vasili Kuntsevich and Hamid Reza Simchi are being added based on evidence that they reexported U.S.-origin read-out integrated circuit (ROIC) wafers to Electronic Components Industries (ECI) of Iran.

Fang Yu and Xi'an Xiangyu Aviation Technology Group are being added due to their role in the illegal export to China of Unmanned Aerial Vehicle (UAV) autopilots controlled for national security reasons.

OnTime Electronics Technology Company and Tam Wai Tak, a.k.a., Thomsom Tam, are being added due to their involvement in the diversion of controlled U.S.-origin items through Hong Kong to China. On June 5, 2008, OnTime Electronics Technology Company and Tam Wai Tak were indicted in the Southern District of Florida for conspiracy and violations of the Arms Export Control Act and the International Emergency Economic Powers Act.

Fadjar Marine Industries, a.k.a., SADAF; Tadbir Sanaat Sharif Technology Development Center (TSS); Austral Aero-Marine Corp. Sdn Bhd; Austral Aviation Corp.; Jimmy Tok; Mok Chin Fan, a.k.a., Chong Chen Fah; Leigh Michau; Q-SPD (Q-Marine International Ltd.); Gunther Migeotte; Icarus Design AS; Icarus Marine (Pty) Ltd.; Ralph Brucher; Scavenger Manufacturing (Pty) Ltd.; Shawn Hugo De Villiers; and Ad Hoc Marine Designs Ltd., are being added for illegally reexporting the Bradstone Challenger, a vessel that was subject to the EAR, to Iran for intended use by the Iranian

Revolutionary Guard Corps (IRGC) Navy and for providing technical assistance on Iranian naval projects.

In addition, the Department of Commerce has reason to believe that Chinese electro-optics procurement firm Toptics, Inc. has procured U.S. origin uncooled thermal imaging cameras and may have reexported these items to Iran.

This rule implements the decision of the ERC to add twenty-four persons under twenty-five entries to the Entity List on the basis of Section 744.11 of the EAR. For all of the twenty-four persons under twenty-five entries added to the Entity List, the ERC specifies a license requirement for all items subject to the EAR and establishes a license application review policy of a presumption of denial. A BIS license is required for the export, reexport or transfer (in-country) of any item subject to the EAR to any of the persons listed above and described below in further detail, including any transaction in which any of the listed persons will act as purchaser, intermediate consignee, ultimate consignee, or end-user of the items. This listing of these persons also prohibits the use of license exceptions (see part 740 of the EAR) for exports, reexports and transfers (in-country) of items subject to the EAR involving such persons.

Specifically, this rule adds the following twenty-four persons under twenty-five entries to the Entity List:

Removal From the Entity List

The ERC also made a determination to remove one person, Asia Link, located in Hong Kong, as a result of Asia Link's request for removal from the Entity List. Based upon the review of the information provided in the removal request in accordance with Section 744.16 (Procedure for requesting removal or modification of an Entity List entity), and further review that was conducted by the ERC's member agencies, the ERC determined that Asia Link should be removed from the Entity List.

The ERC decision to remove Asia Link took into account Asia Link's cooperation with the U.S. Government, as well as Asia Link's assurances of future compliance with the EAR. In accordance with Section 744.16(c), the Deputy Assistant Secretary for Export Administration has sent written notification to Asia Link informing this entity of the ERC's decision to remove it from the Entity List. This final rule implements the decision to remove this one Hong Kong person from the Entity List.

Specifically, this rule removes the following person from the Entity List:

HONG KONG

- (1) *Asia Link*, Flat 1022, 10/F, No. 1 Hung To Rd., Kwun Tong, Kowloon, Hong Kong.

The removal of Asia Link from the Entity List (from Hong Kong, as described above) eliminates the existing license requirement in Supplement No. 4 to part 744 for exports, reexports and transfers (in-country) to this person. However, the removal of Asia Link from the Entity List does not relieve persons of other obligations under part 744 of the EAR or under other parts of the EAR. Neither the removal of a person from the Entity List nor the removal of Entity List-based license requirements relieves persons of their obligations

under General Prohibition 5 in Section 736.2(b)(5) of the EAR, which provides that, “you may not, without a license, knowingly export or reexport any item subject to the EAR to an end-user or end-use that is prohibited by part 744 of the EAR.” Nor do such removals relieve persons of their obligation to apply for export, reexport or in-country transfer licenses required by other provisions of the EAR. BIS strongly urges the use of Supplement No. 3 to part 732 of the EAR, “BIS’s ‘Know Your Customer’ Guidance and Red Flags,” when persons are involved in transactions that are subject to the EAR.

Savings Clause

Shipments of items removed from eligibility for a License Exception or export or reexport without a license (NLR) as a result of this regulatory action that were on dock for loading, on lighter, laden aboard an exporting or reexporting carrier, or en route aboard a carrier to a port of export or reexport, on June 28, 2010, pursuant to actual orders for export or reexport to a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export or reexport without a license (NLR) so long as they are exported or reexported before July 13, 2010. Any such items not actually exported or reexported before midnight, on July 13, 2010, require a license in accordance with this rule.

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as extended by the Notice of August 13, 2009, 74 FR 41325 (August 14, 2009), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act.

Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501

et seq.) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by the OMB under control numbers 0694–0088, “Multi-Purpose Application,” which carries a burden hour estimate of 58 minutes to prepare and submit form BIS–748.

Miscellaneous and recordkeeping activities account for 12 minutes per submission. Total burden hours associated with the Paperwork Reduction Act and Office and Management and Budget control number 0694–0088 are expected to increase slightly as a result of this rule.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military or foreign affairs function of the United States. (See 5 U.S.C. 553(a)(1)). BIS implements this rule to prevent items from being exported, reexported or transferred (in country) to the persons being added to the Entity List. If this rule were delayed to allow for notice and comment and a delay in effective date, then entities being added to the Entity List by this action would continue to be able to receive items without a license and to conduct activities contrary to the national security or foreign policy interests of the United States. Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, are not applicable.

[Public Notice: 7068]

RIN 1400-AC58

Schedule of Fees for Consular Services, Department of State and Overseas Embassies and Consulates

AGENCY: Bureau of Consular Affairs, State.

ACTION: Interim final rule.

SUMMARY: Further to the Department's proposed rule to amend the Schedule of Fees for Consular Services (Schedule of Fees), the Department of State is adjusting a number of fees in light of an independent cost of service study's findings that the U.S. Government is not fully covering its costs for providing

these services under the current fee structure. The primary objective of the adjustments to the Schedule of Fees is to ensure that fees for consular services reflect costs to the United States of providing the services to the extent possible. Seventeen hundred and ninety-seven comments were received during the period for public comment. This rule addresses comments received thus far, and reopens the comment period on these fees for an additional 60 days.

DATES: *Effective date:* This interim final rule becomes effective July 13, 2010. *Comment date:* Written comments must be received on or before August 27, 2010.

ADDRESSES: Submit comments to Office of the Executive Director, Bureau of Consular Affairs, Department of State, Suite H1004, 2401 E Street, NW., Washington, DC 20520.

Specifically, the rule proposed changes to the Schedule of Fees for Consular Services and provided 30 days for comments from the public. In response to requests by the public for more information and a further opportunity to submit comments, the Department subsequently published a supplementary notice in the **Federal Register**, 75 FR 14111, on March 24, 2010 (Public Notice 6928). The supplementary notice provided a more detailed explanation of the Cost of Service Study (CoSS), the activity-based costing model that the Department used to determine the proposed fees for consular services, and reopened the comment period for an additional 15 days. During this and the previous 30-day comment period, 1,797 comments were received, either by email or through the submission process at <http://www.regulations.gov>. The current notice reflects responses by the
