Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: SAMHSA SOAR Web-Based Data Form (OMB No. 0930-0329)—EXTENSION

In 2009 the SAMHSA created a Technical Assistance Center to assist in the implementation of the Supplemental Security Income (SSI)/Social Security Disability Insurance (SSDI) Outreach, Access, and Recovery (SOAR) effort in all states. The primary objective of SOAR is to improve the allowance rate

for the Social Security Administration's (SSA) disability benefits for people who are experiencing or at risk of homelessness, and who have serious mental illnesses.

During the SOAR training, the importance of keeping track of SSI/SSDI applications through the process is stressed. In response to requests from states implementing SOAR, the Technical Assistance Center under SAMHSA's direction developed a web-based data form that case workers can use to track the progress of submitted applications, including decisions received from SSA either on initial application or on appeal. This password-protected web-based data form is hosted on the SOAR website (<https://soartrack.prainc.com>). Use of this form is completely voluntary.

There are two parts to the SOAR Web-based Data Form. Part I of the SOAR Web-based Data Form is intended for SOAR-trained case workers to enter the outcomes of SOAR-assisted SSI/SSDI applications. Part II of the SOAR Web-based Data Form includes two sections reserved for SOAR State Team Leads to report annually. The first section of Part II collects quantitative summary data from states that do not track SOAR-assisted SSI/SSDI applications using the SOAR Web-based Data Form Part I. The second section of Part II collects qualitative (open-ended) questions on annual SOAR accomplishments, identified challenges, and collaborations.

Data from Part I of the SOAR Web-based Data Form can be compiled into reports on decision results and the use of SOAR critical components, such as the SSA-1696 Appointment of Representative, which allows SSA to communicate directly with the case worker assisting with the application. These reports will be reviewed by agency directors, SOAR state-level leads, and the SAMHSA SOAR Technical Assistance Center to quantify the success of the effort overall and to identify areas where additional technical assistance is needed.

There are no proposed changes to Part I of this form. These questions will be answered by all 700 case worker respondents, on average 3 times per year. There are no proposed changes to Part II. These questions will be answered by 75 respondents once per year.

The estimated response burden is as follows:

Form name	Number of respondents	Responses per respondent	Total responses	Hours per response	Total hour burden
SOAR Web-based Data Form (Part I)	700	3	2,100	.25	525
Annual Report Questions (Part II)	75	1	75	1	37.50
Total	775	2,175	562.50

SUPPLEMENTARY INFORMATION:

I. Paperwork Reduction Act

Under the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-12, DHS is required to provide 60-day notice in the **Federal Register** to solicit comments from the public on proposed collections of information. USCIS published this Notice at 84 FR 39359 on August 9, 2019. USCIS received comments and in reviewing has made a determination that additional edits to the collection of information are necessary. Due to the nature of the changes, USCIS is publishing a second 60-day notice in the **Federal Register** to present these changes and to obtain public comment.

II. Proposed Changes to the Form Instructions for Form I-290B

USCIS is proposing several changes to the Form I-290B Instructions. USCIS proposes to clarify the AAO's procedures pertaining to the consideration of evidence submitted for the first time on appeal and the requirement that affected parties address each ground of ineligibility

raised in the unfavorable decision. USCIS proposes to permit affected parties to waive the "initial field review" of their appeal for faster processing. USCIS proposes to explain its standard of review for appeals of discretionary decisions. USCIS also proposes to clarify that it does not have appellate jurisdiction over Adam Walsh Act "no-risk" determinations. USCIS is proposing these changes to better inform affected parties of administrative appellate procedures and facilitate the AAO's review of the substantive merits of appeals. The specific changes proposed are discussed as follows:

(1) Appeals Must Address All Grounds of Ineligibility Identified in the Unfavorable Decision

The proposed Form I-290B and instructions state that appeals must address each ground of ineligibility identified in the unfavorable decision. If an affected party does not address one or more ground(s) of ineligibility in the unfavorable decision, the issue(s) may be deemed waived for the appeal. Further, the proposed form and instructions explain that a waived ground of ineligibility may form the sole basis for a dismissed appeal. *See, e.g., Matter of M-A-S-*, 24 I&N Dec. 762, 767 n.2 (BIA 2009). This proposed language underscores to affected parties the importance of addressing each stated ground of the unfavorable decision on appeal. USCIS believes that this clarification of current practice will improve the quality of appeals and facilitate the AAO's review of the substantive merits of appeals.

(2) Affected Parties May Waive the "Initial Field Review" Process

The proposed Form I-290B and instructions permit affected parties to waive the "initial field review" (IFR) process. The regulations at 8 CFR 103.3(a)(2)(ii)-(v) provide that an appeal to the AAO be reviewed by the officer that made the unfavorable decision (or by the officer with jurisdiction over the matter in cases where the affected party has moved) before the appeal is sent to the AAO. The officer reviews the appeal to determine whether to take favorable action (*e.g.*, by granting a motion to reopen or a motion to reconsider and
