

following these item summaries. FAC 2023–01 amends the FAR as follows:

Item I—Update to Title 10 Citations (FAR Case 2022–005)

This final rule amends the Federal Acquisition Regulation to update statutory references to Title 10 of the United States Code, which were revised by Title XVIII of the William M. (Mac) Thornberry National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2021 (Pub. L. 116–283), Transfer and Reorganization of Defense Acquisition Statutes, and Title XVII of the NDAA for FY 2022 (Pub. L. 117–81), Technical Amendments Related to the Transfer and Reorganization of Defense Acquisition Statutes. The final rule will not have a significant economic impact on a substantial number of small entities because it simply updates statutory references in existing regulations.

Item II—Effective Communication between Government and Industry (FAR Case 2016–005)

This final rule amends the FAR to implement section 887 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2016 (Pub. L. 114–92). This rule clarifies that agency acquisition personnel are permitted and encouraged to engage in responsible and constructive exchanges with industry, so long as those exchanges are consistent with existing laws and regulations, and do not promote an unfair competitive advantage to particular firms.

DoD, GSA, and NASA do not expect this final rule to have a significant economic impact on a substantial number of small entities. Any effect to small businesses should be positive. Small businesses will benefit from better communication with the Government.

Item III—United States-Mexico-Canada Agreement (FAR Case 2020–014)

This final rule implements the United States-Mexico-Canada Agreement Implementation Act (Pub. L. 116–113). The rule makes changes in the FAR to conform to Chapter 13 of the United States-Mexico-Canada Agreement (USMCA), which sets forth certain obligations between the United States and Mexico with respect to Government procurement of goods and services, as specified in Annex 13–A of the USMCA. Chapter 13 of the USMCA applies only between Mexico and the United States and does not cover Canada. Although Canada is still a designated country under the World Trade Organization Government Procurement Agreement,

Canada is no longer a Free Trade Agreement country. Therefore, references to Canada as a Free Trade Agreement country in the FAR are deleted, including the \$25,000 threshold. DoD, GSA, and NASA do not expect this rule to have a significant economic impact on a substantial number of small entities. The effect on contracting officers is expected to be minimal as they will continue to apply the rule implementing the USMCA to contracts to which the North American Free Trade Agreement (NAFTA) applied, at the higher threshold for Mexico.

Item IV—Technical Amendments

Administrative changes are made at FAR 17.701, and 53.300.

William F. Clark,

Director, Office of Government-Wide Acquisition Policy, Office of Acquisition Policy, Office of Government-Wide Policy.

AGENCY: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: DoD, GSA, and NASA are issuing a final rule amending the Federal Acquisition Regulation (FAR) to implement the United States-Mexico-Canada Agreement Implementation Act.

DATES: Effective December 30, 2022.

SUPPLEMENTARY INFORMATION:

I. Background

DoD, GSA, and NASA published a proposed rule at 86 FR 70808 on December 13, 2021, to implement the United States-Mexico-Canada Agreement Implementation Act (Pub. L. 116–113). On June 12, 2017, the President announced his intention to commence negotiations with Canada and Mexico to modernize the North American Free Trade Agreement (NAFTA). On November 30, 2018, the Governments of the United States, Mexico, and Canada (the Parties) signed the protocol replacing NAFTA with the United States-Mexico-Canada Agreement (USMCA). On December 10, 2019, the Parties signed the protocol of amendment to the USMCA. On January 29, 2020, the President signed into law the United States-Mexico-Canada Agreement Implementation Act, through which Congress approved the USMCA. On July 1, 2020, the USMCA entered into full force. (See U.S. Trade Representative Determination published June 29, 2020, 85 FR 39037.) Although Canada is still a designated country under the World Trade Organization Government Procurement Agreement, Canada is no longer a Free Trade Agreement country, because chapter 13 of the USMCA (government procurement) applies only to the United States and Mexico. Therefore, references to Canada as a Free Trade Agreement country are deleted, including the \$25,000 threshold. Mexico thresholds remain unchanged.

There were no comments submitted on the proposed rule.

II. Discussion and Analysis

There were no public comments for the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (the Councils) to review. Therefore, there are no changes in the final rule from the proposed, except for baseline updates. The baseline updates include changes made in FAC 2022–03, FAR case 2022–001, Trade Agreements Thresholds, to incorporate the revised thresholds for application of the World Trade Organization Government Procurement Agreement and the Free Trade Agreements, as determined by the United States Trade Representative, effective on January 1, 2022. The final rule also includes baseline updates published in FAC 2022–05 for FAR case 2021–008, effective on October 25, 2022.

III. Applicability to Contracts at or Below the Simplified Acquisition Threshold (SAT) and for Commercial Products (Including Commercially Available Off-the-Shelf (COTS) Items) or for Commercial Services

This final rule does not create any new provisions or clauses, nor does it change the applicability of any existing provisions or clauses included in solicitations and contracts valued at or below the SAT, or for commercial products (including COTS items) and commercial services.

IV. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993.

V. Congressional Review Act

As required by the Congressional Review Act (5 U.S.C. 801–808) before an interim or final rule takes effect, DoD, GSA, and NASA will send the rule and the “Submission of Federal Rules Under the Congressional Review Act” form to each House of the Congress and to the Comptroller General of the United States. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. The Office of Information and Regulatory Affairs (OIRA) in the Office of Management and Budget has determined that this is not a major rule under 5 U.S.C. 804.

VI. Regulatory Flexibility Act

DoD, GSA, and NASA have prepared a Final Regulatory Flexibility Analysis (FRFA) consistent with the Regulatory Flexibility Act, 5 U.S.C. 601–612. The FRFA is summarized as follows:

The objective of this rule is to implement the USMCA Implementation Act. The rule makes changes in the FAR to conform to Chapter 13 of the USMCA, which sets forth certain obligations between the United States and Mexico with respect to Government procurement of goods and services, as specified in Annex 13–A of the USMCA. Chapter 13 of the USMCA applies only between Mexico and the United States and does not cover Canada. Although Canada is

still a designated country under the World Trade Organization Government Procurement Agreement, Canada is no longer a Free Trade Agreement country, because chapter 13 of the USMCA (government procurement) applies only to the United States and Mexico. Therefore, references to Canada as a Free Trade Agreement country in the FAR are deleted, including the \$25,000 threshold.

Canadian end products will still receive nondiscriminatory treatment with respect to the Buy American statute but starting at \$183,000, rather than \$25,000. Mexico thresholds remain unchanged.

The legal basis for these changes is Public Law 116–113.

There were no public comments submitted in response to the initial regulatory flexibility analysis.

DoD, GSA, and NASA do not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601–612, because, although the rule removes Canada as a Free Trade Agreement designated country and deletes the associated \$25,000 threshold, Canada remains a World Trade Organization Government Procurement Agreement designated country, at \$183,000. The Mexico thresholds remain unchanged.

Based on fiscal year 2019 data from the Federal Procurement Data System, 129,308 small businesses were awarded Government contracts. Impacts to small businesses are anticipated to be negligible based on the data analysis approved under Office of Management and Budget (OMB) Control Number 9000–0024, Buy American, Trade Agreements, and Duty-Free Entry. Alternate I of the clause, FAR 52.225–3, Buy American—Free Trade Agreements—Israeli Trade Act, and Alternate I of the provision, FAR 52.225–4, Buy American—Free Trade Agreements—Israeli Trade Act Certificate, are deleted. The Trade Agreements clause at FAR 52.225–5, the Buy American—Construction Materials under Trade Agreements clause at FAR 52.225–11, and the FAR 52.225–23 equivalent for the Recovery Act are revised to delete references to Canada as a Free Trade Agreement country. In regard to FAR 52.225–23, additional construction awards are not anticipated using Recovery Act funds.

This final rule does not include any new reporting, recordkeeping, or other compliance requirements for small businesses. The rule does not impose additional information collection requirements to the paperwork burden previously approved by OMB under the Paperwork Reduction Act (44 U.S.C. 3501–3521), Control Number 9000–0024, Buy American, Trade Agreements, and Duty-Free Entry.

There are no known significant alternative approaches to the final rule.

Interested parties may obtain a copy of the FRFA from the Regulatory Secretariat Division. The Regulatory Secretariat Division has submitted a copy of the FRFA to the Chief Counsel for Advocacy of the Small Business Administration.

VII. Paperwork Reduction Act

The Paperwork Reduction Act (44 U.S.C. 3501–3521) does apply. However, these changes to the FAR do not impose additional information collection requirements to the paperwork burden previously approved by the Office of Management and Budget Control Number 9000–0024, Buy American, Trade Agreements, and Duty-Free Entry.

excluding COTS fasteners. In addition, the Contracting Officer has determined that the Israeli Trade Act applies to this acquisition. Unless otherwise specified, this trade agreement applies to all items in the Schedule. The Contractor shall deliver under this contract only domestic end products except to the extent that, in its offer, it specified delivery of foreign end products in the provision entitled “Buy American—Free Trade Agreements—Israeli Trade Act.” If the Contractor specified in its offer that the Contractor would supply an Israeli end product, then the Contractor shall supply an Israeli end product or, at the Contractor’s option, a domestic end product.

SUPPLEMENTARY INFORMATION:

I. Background

DoD, GSA, and NASA are amending the FAR to update numerous statutory references to Title 10 of the United States Code, which were revised by Title XVIII of the William M. (Mac) Thornberry National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2021 (Pub. L. 116–283), Transfer and Reorganization of Defense Acquisition Statutes, and Title XVII of the NDAA for FY 2022 (Pub. L. 117–81), Technical Amendments Related to the Transfer and Reorganization of Defense Acquisition Statutes.

II. Publication of This Final Rule for Public Comment Is Not Required by Statute

The statute that applies to the publication of the FAR is 41 U.S.C. 1707. Subsection (a)(1) of 41 U.S.C. 1707 requires that a procurement policy, regulation, procedure, or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure, or form, or has a significant cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment, because this rule only updates statutory references in the existing regulations, makes no substantive changes to those regulations, and has no significant cost or administrative impact on contractors or offerors.

III. Applicability to Contracts at or Below the Simplified Acquisition Threshold (SAT) and for Commercial Products (Including Commercially Available Off-the-Shelf (COTS) Items) or for Commercial Services

This rule does not create any new solicitation provisions or contract clauses. It does not change the applicability of any existing provisions or clauses included in solicitations or contracts valued at or below the simplified acquisition threshold or for commercial items, including commercially available off-the-shelf items.
