In addition, it was announced that the NEPA Task Force would look at other NEPA implementation issues such as the level of detail included in agencies' procedures and documentation for promulgating categorical exclusions, the utility and structure of format for environmental assessment documents, and implementation practices that would benefit other agencies.

A number of interest groups and individuals have requested that CEQ extend the public comment period. The Council believes that by extending the comment period a better collection of best practices can be assembled and greater in-depth responses will result to the questions posed in the **Federal Register** notice of July 9, 2002 (67 FR 45510-45512). Therefore, the comment period is being extended by 30 days.

Public comments are requested by September 23, 2002.

Dated: August 14, 2002.

James L. Connaughton,

Chairman, Council on Environmental Quality.
