

the PRC was sold in the United States at less than fair value during the period January 1, 2009, through June 30, 2009 (the period of investigation or "POI").³⁷

Section 777A(c)(1) of the Tariff Act of 1930, as amended ("the Act"), directs the Department to calculate individual dumping margins for each known exporter and producer of the subject merchandise. Where it is not practicable to examine all known producers/exporters of subject merchandise, as is the case in this investigation, section 777A(c)(2) of the Act permits the Department to examine either (1) a sample of exporters, producers or types of products that is statistically valid based on the information available at the time of selection; or (2) exporters and producers accounting for the largest volume of the subject merchandise from the exporting country that can be reasonably examined.

In advance of the issuance of the full antidumping duty questionnaire, we ask that you respond to the following Quantity and Value Questionnaire requesting information on the quantity and U.S. dollar value of all of your sales to the United States during the

period January 1, 2009, through June 30, 2009, of merchandise covered by the scope of this investigation (see Appendix I) and produced in the PRC. A full and accurate response to the Quantity and Value Questionnaire from all participating respondents is necessary to ensure that the Department has the requisite information to appropriately select mandatory respondents.

The Department is also requiring all firms that wish to qualify for separate-rate status in this investigation to complete a separate-rate status application as described in the notice of initiation. In other words, the Department will not give consideration to any separate-rate status application made by parties that fail to timely respond to the Quality and Value Questionnaire or fail to timely submit the requisite separate-rate status application.

To complete this investigation within the statutory time frame, the Department will be limited in its ability to extend the deadline for the response to the Quantity and Value Questionnaire.

A definition of the scope of the merchandise subject to this investigation is included in Appendix I. Your response to

this questionnaire may be subject to on-site verification by Department officials.

Format for Reporting Quantity and Value of Sales

SUPPLEMENTARY INFORMATION:

Background

On May 1, 2009, the Department of Commerce (the Department) published in the **Federal Register** a notice of "Opportunity to Request Administrative Review" of the antidumping duty order on stainless steel plate in coils from Belgium for the period of review (POR), May 1, 2008, through April 30, 2009. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 74 FR 20278 (May 1, 2009).

On June 1, 2009, in accordance with 19 CFR § 351.213(b), the Department received a timely request from ArcelorMittal Stainless Belgium N.V. (AMS Belgium) to conduct an administrative review of AMS Belgium. AMS Belgium was the only party to request this administrative review.

On June 24, 2009, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on stainless steel plate in coils from Belgium covering one respondent, AMS Belgium. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 74 FR 30052 (June 24, 2009).
