

(3) Dairy Products Sales, Nonfat Dry Milk

Estimate of Burden: The public reporting burden for this collection of information is estimated to average 20 minutes per week for each report submitted.

Respondents: Nonfat dry milk (NFDM) manufacturers. Each reporting entity may report for a single NFDM plant or it may report for more than one NFDM plant, depending upon how the business is structured.

Estimated Number of Respondents: 27.

Estimated Number of Responses per Respondent: 52.

Estimated Total Annual Burden on Respondents: 468 hours.

(4) Dairy Products Sales, Dry Whey

Estimate of Burden: The public reporting burden for this collection of information is estimated to average 20 minutes per week for each report submitted.

Respondents: Dry whey manufacturers. Each reporting entity may report for a single dry whey plant or it may report for more than one dry whey plant, depending upon how the business is structured.

Estimated Number of Respondents: 16.

Estimated Number of Responses per Respondent: 52.

Estimated Total Annual Burden on Respondents: 277 hours.

(5) Annual Validation Survey

Estimate of Burden: The public reporting burden for this collection of information is estimated to average 20 minutes per year for each report submitted.

Respondents: Dairy manufacturers. Each reporting entity may report for a single plant or it may report for more than one plant, depending upon how the business is structured.

Estimated Number of Respondents: 96.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 32 hours.

(6) Follow-Up Verification for Data Reported in Items (1)–(4)

Follow up questions may be sent to respondents for questionable data submitted for the weekly dairy product sales data collection. The follow-up verification is sent via email or phone call.

Estimate of Burden: The public reporting burden for this collection of information is estimated to average 5 minutes for each contact from AMS.

Respondents: Dairy manufacturers. AMS may contact manufacturers required to report in sections (1)–(4) as necessary to follow up on missing or incomplete reports and ensure accurate information is provided by manufacturers.

Estimated Number of Respondents: 7.

Estimated Number of Responses per Respondent: 52.

Estimated Total Annual Burden on Respondents: 30 hours.

Comments: Comments are invited on: (1) Whether the proposed collection of the information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments on this notice will be summarized and included in the submission for OMB approval and will become a matter of public record.

AMS is committed to complying with the E-Government Act to promote the use of the internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes.

A 60-day comment period is provided to allow interested persons to respond to the notice.

Erin Morris,

Associate Administrator, Agricultural Marketing Service.

DEPARTMENT OF AGRICULTURE**Submission for OMB Review; Comment Request**

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are required regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have

practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 28, 2025 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: 2017 Wildfires and Hurricanes Indemnity Program (2017 WHIP) and (Florida Citrus Block Grant) and Quality Loss Adjustment (QLA) Program.

OMB Control Number: 0560–0291.

Summary of Collection: The Bipartisan Budget Act of 2018 (BBA, Pub. L. 115–123) authorized \$2.36 billion in assistance for losses to crops, trees, bushes, and vine losses due to 2017 wildfires and hurricanes. The Farm Service Agency (FSA) is implementing the provisions of the BBA by providing up to \$2 billion in assistance to eligible producers through the 2017 WHIP, and approximately \$340 million through a block grant with the State of Florida to address losses to citrus trees, and production.

FSA is also providing the QLA assistance to the producers as specified in the Disaster Relief Act. The Additional Supplemental Appropriations for Disaster Relief Act, 2019 (Disaster Relief Act; Pub. L. 116–20) also provides disaster assistance for necessary expenses related to losses of crops (including milk, on-farm stored commodities, crops prevented from planting in 2019, and harvested

adulterated wine grapes), trees, bushes, and vines, as a consequence of hurricanes, floods, tornadoes, typhoons, volcanic activity, snowstorms, and wildfires occurring in calendar years 2018 and 2019.

Need and Use of the Information: In order for FSA to determine whether a producer is eligible for 2017 WHIP and to calculate a payment, a producer is required to submit FSA–890 2017, WHIP application; FSA–891, Crop Insurance and/or NAP Coverage Agreement; FSA–892, Request for an Exception to the WHIP Payment Limitation (if applicable); FSA–893, 2018 Citrus Actual Production History and Approved Yield Record (Florida Only); CCC–902, Farm Operating Plan for Payment Eligibility; FSA–578, Report of Acreage; and AD–1026, Highly Erodible Land Conservation (HELIC) and Wetland Conservation Certification. The information collected from the forms will be used by FSA and the State of Florida to determine eligibility and distribute payments to eligible producers under WHIP.

In order to determine whether a producer is eligible for the QLA Program and to calculate a payment, a producer is required to submit form FSA–898, QLA Program application; form FSA–899, Historical Nutritional Value Weighted Average Worksheet (Continuation); form FSA–895, Crop Insurance and/or NAP Coverage Agreement; form FSA–578, Report of Acreage; required documentation of the producer's loss, form CCC–902I, Farm Operating Plan for Individuals; form CCC–901, Member's Information; form CCC–941, Average Adjusted Gross Income (AGI) Certification and Consent to Disclosure Tax Information; form CCC–942, Certification of Income from Farming, Ranching and Forestry Operations, if applicable, and form AD–1026, Highly Erodible Land Conservation (HELIC) and Wetland Conservation Certification. Failure to submit the application and the additional forms would result in payments not being provided to eligible producers.

Description of Respondents: Individuals and households.

Number of Respondents: 7,248.

Frequency of Responses: Recordkeeping; Annually.

Total Burden Hours: 604.

Rachelle Ragland-Greene,
Departmental Information Collection
Clearance Officer.

DEPARTMENT OF AGRICULTURE

Food and Nutrition Service

The Emergency Food Assistance Program; Availability of Foods for Fiscal Year 2025

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: This notice announces the surplus and purchased foods that the Department expects to make available for donation to States for use in providing nutrition assistance to the needy under The Emergency Food Assistance Program (TEFAP) in Fiscal Year (FY) 2025. The foods made available under this notice must, at the discretion of the State, be distributed to eligible recipient agencies (ERAs) for use in preparing meals and/or for distribution to households for home consumption.

FOR FURTHER INFORMATION CONTACT: Food Distribution Policy Branch, Policy Division, Food and Nutrition Service, U.S. Department of Agriculture, 1320 Braddock Place, Alexandria, Virginia 22314. Tel. 703–305–4386. Email USDAFoods@USDA.gov.

SUPPLEMENTARY INFORMATION: In accordance with the provisions set forth in the Emergency Food Assistance Act of 1983 (EFAA), 7 U.S.C. 7501, *et seq.*, and the Food and Nutrition Act of 2008, 7 U.S.C. 2036, the Department makes foods available to States for use in providing nutrition assistance to those in need through TEFAP. In accordance with section 214 of the EFAA, 7 U.S.C. 7515, funding for TEFAP foods is allocated among States according to a formula that accounts for poverty and unemployment levels within each State. Section 214(a)(1) of the Act requires that 60 percent of each State's allocation be based on the number of people with incomes below the poverty level within the State; and Section 214(a)(2) requires that the remaining 40 percent be equal to the percentage of the nation's unemployed persons within the State. State officials are responsible for establishing the network through which the foods will be used by ERAs in providing nutrition assistance to those in need and for allocating foods among those ERAs. States have full discretion in determining the amount of foods that will be made available to ERAs for use in preparing meals and/or for distribution to households for home consumption.

Surplus Foods

Surplus foods donated for distribution under TEFAP are Commodity Credit Corporation (CCC) foods purchased under the authority of section 416 of the Agricultural Act of 1949, 7 U.S.C. 1431 (section 416) and foods purchased under the surplus removal authority of section 32 of the Act of August 24, 1935, 7 U.S.C. 612c (section 32). The types of foods typically purchased under section 416 include dairy, grains, oils, and peanut products. The types of foods purchased under section 32 include meat, poultry, fish, vegetables, dry beans, juices, and fruits.

Approximately \$262 million in surplus foods acquired in FY 2024 are being delivered to States in FY 2025. Surplus foods currently scheduled for delivery in FY 2025 include almonds, apples, applesauce, asparagus, cheese, dates, figs, fish, grape juice, grapefruit, hazelnuts, milk, peaches, pears, pecans, pistachios, plums, potatoes, strawberries, and walnuts. Other surplus foods may be made available to TEFAP throughout the year. The Department would like to point out that food acquisitions are based on changing agricultural market conditions; therefore, the availability of foods is subject to change.

Purchased Foods

In accordance with section 27 of the Food and Nutrition Act of 2008, 7 U.S.C. 2036, the Secretary is directed to purchase an estimated \$462.25 million worth of foods in FY 2025 for distribution through TEFAP.

For FY 2025, the Department anticipates purchasing the foods listed in the following table for distribution through TEFAP. The amounts of each item purchased will depend on the prices the Department must pay, as well as the quantity of each item requested by the States. Changes in agricultural market conditions may result in the availability of additional types of foods or the non-availability of one or more foods listed in the table.

FY 2025 USDA FOODS AVAILABLE LIST FOR THE EMERGENCY FOOD ASSISTANCE PROGRAM (TEFAP)

FRUITS:

Apples, Braeburn, Fresh
