

required shape using special tools. Other U.S.-sourced components of the SAYL chairs include the foam seat assembly, crossing, seat pan, spine, pelvis, mid-back foam assembly, leg base, glides, back frame, arms, and back assembly. It takes approximately 19 minutes to manufacture the TPU mesh configuration of the office chairs and 17 minutes to manufacture the upholstered configuration. Under the described assembly process, we find that the foreign components lose their individual identities and become an integral part of a new article, the SAYL task chair or the SAYL side chair, possessing a new name, character and use. Based upon the information before us, we find that the imported components that are used to manufacture the SAYL task chair and the SAYL side chair, when combined with the U.S. origin components, are substantially transformed as a result of the assembly operations performed in the U.S., and that the country of origin of the SAYL task chair and the SAYL side chair for government procurement purposes will be the U.S.

HOLDING:

The imported components that are used to manufacture the SAYL task chair and SAYL side chair are substantially transformed as a result of the assembly operations performed in the U.S. Therefore, we find that the country of origin of the SAYL task chair and SAYL side chair for government procurement purposes is the U.S.

Notice of this final determination will be given in the Federal Register, as required by 19 C.F.R. § 177.29. Any party-at-interest other than the party which requested this final determination may request, pursuant to 19 C.F.R. § 177.31, that CBP reexamine the matter anew and issue a new final determination. Pursuant to 19 C.F.R. § 177.30, any party-at-interest may, within 30 days after publication of the Federal Register notice referenced above, seek judicial review of this final determination before the Court of International Trade.

SUPPLEMENTARY INFORMATION:

I. Background

The Bureau of Indian Affairs' ILCP purchases fractionated interests of individually owned trust or restricted fee lands and transfers those consolidated interests into Tribal ownership pursuant to the Indian Land Consolidation Act, 25 U.S.C. 2201 *et seq.* The Indian Claims Resolution Act of 2010, Public Law 111-291, makes available \$1.9 billion, the majority of which will be used by the Secretary to operate the ILCP with the purpose of addressing the problem of fractionation. The Act requires consultation with Indian Tribes to identify fractional interests within the respective jurisdictions of the Indian Tribes that the Department may want to consider purchasing.

Information and statistics regarding the issue of land fractionation will be distributed to the Federally-recognized Indian Tribes prior to the consultations. The information will also be made available to attendees on the day of each consultation. The Cobell Settlement must be approved by the Federal District Court, and a fairness hearing before the Court is scheduled for June 20, 2011, in Washington, DC.
