

sale of security, and to process a borrower's request for subordination or partial release of security. Borrowers are required to provide financial information to determine graduation eligibility based on commercial lender standards provided to FSA.

The existing approved request is being revised due to a change in use of one of the forms, FSA-2060 "Application for Subordination (Real or Personal), or Partial Release, or Consent for Real Estate Security." FSA intends to utilize this form for servicing requests in place of the FSA-2001. With minimal revisions, FSA was able to edit the existing FSA-2060 to capture the information previously requested on the FSA-2001.

FSA is requesting OMB approval on the revised, estimated numbers, which are being provided in this request. The burden hours increased by 235 hours while the annual responses have increased by 470. The reason for the increase is due to an increase of the number of borrowers who utilize the revised FSA-2060 to request servicing actions.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hours is the estimated average time per responses multiplied by the estimated total annual of responses.

Estimate of Annual Burden: Public reporting burden for this collection of information is estimated to average 0.3086 hours per response.

Type of Respondents: Individuals, associations, partnerships, or corporations.

Estimated Number of Respondents: 94,951.

Estimated Annual Number of Responses per Respondent: 1.046.

Estimated Total Annual of Responses: 98,970.

Estimated Average Time per Responses: 0.3086 hours.

Estimated Total Annual Burden on Respondents: 30,550 hours.

Title: Servicing Minor Program Loans.

OMB Control Number: 0560-0230.

Expiration Date: August 31, 2025.

Type of Request: Revision.

Abstract: Section 331(b) of the Consolidated Farm and Rural Development Act (CONTACT, 7 U.S.C. 1981(b)), in part, authorizes the Secretary of Agriculture to modify, subordinate and release terms of security instruments, leases, contracts, and agreements entered by FSA. That section also authorizes transfers of security property, as the Secretary deems necessary, to carry out the purpose of the loan or protect the Government's financial interest. Section

335 of the CONACT (7 U.S.C. 1985) provides servicing authority for real estate security; operation or lease of realty; disposition of property; conveyance of real property interest of the United States; easements; and condemnations.

The information collection relates to a program benefit recipient or loan borrower requesting action on security they own, which was purchased with FSA loan funds, improved with FSA loan funds or has otherwise been mortgaged to FSA to secure a government loan. The information collected is primarily financial data not already on file, such as borrower asset values, current financial information and public use and employment data.

The existing approved request is being revised due to a change in the use of one of the forms, FSA-2060 "Application for Subordination (Real or Personal), or Partial Release, or Consent for Real Estate Security." FSA intends to utilize this form for servicing requests in place of the FSA-2001. FSA will edit the existing FSA-2060 to capture the information previously requested on the FSA-2001. Even though FSA will use the revised FSA-2060 under the OMB Control Number of 0560-0236, there is no anticipated increase or decrease in usage for loans serviced under this program. Thus, the burden hours have not changed.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hour is the estimated average time per responses hours multiplied by the estimated total annual responses.

Estimate of Annual Burden: Public reporting burden for this collection of information is estimated to average 0.64 hours per response.

Type of Respondents: Individuals, associations, partnerships, or corporations.

Estimated Number of Respondents: 58.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual of Responses: 58.

Estimated Average Time per Responses: 0.64 hours.

Estimated Total Annual Burden on Respondents: 37 hours.

We are requesting comments on all aspects of this information collection to help us to:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of FSA, including whether the information will have practical utility;

(2) Evaluate the accuracy of FSA's estimate of burden including the

validity of the methodology and assumptions used;

(3) Enhance the quality, utility and clarity of the information to be collected;

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission for Office of Management and Budget approval.

William Marlow,

Acting Administrator, Farm Service Agency.
