

entitled *Protection of Children from Environmental Health Risks and Safety Risks* (62 FR 19885, April 23, 1997). This final rule does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.*, nor does it require any special considerations under Executive Order 12898, entitled *Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations* (59 FR 7629, February 16, 1994).

Since tolerances and exemptions that are established on the basis of a petition under section 408(d) of FFDCA, such as the tolerance in this final rule, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) do not apply.

This final rule directly regulates growers, food processors, food handlers, and food retailers, not States or tribes, nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of section 408(n)(4) of FFDCA. As such, the Agency has determined that this action will not have a substantial direct effect on States or tribal governments, on the relationship between the national government and the States or tribal governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian tribes. Thus, the Agency has determined that Executive Order 13132, entitled *Federalism* (64 FR 43255, August 10, 1999) and Executive Order 13175, entitled *Consultation and Coordination with Indian Tribal Governments* (65 FR 67249, November 9, 2000) do not apply to this final rule. In addition, this final rule does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Public Law 104-4).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995 (NTTAA), Public Law 104-113, section 12(d) (15 U.S.C. 272 note).

VII. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report to each House of the Congress and to the Comptroller General of the United States. EPA will

submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a "major rule" as defined by 5 U.S.C. 804(2).

Compliance with the tolerance levels specified below is to be determined by measuring only prothioconazole and its metabolite prothioconazole-desthio, or α -(1-chlorocyclopropyl)- α -[(2-chlorophenyl)methyl]-1H-1,2,4-triazole-1-ethanol, calculated as parent in or on the commodity.

RIN 2126-AB23

Direct Final Rulemaking Procedures

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Final rule.

SUMMARY: FMCSA amends its regulations by establishing direct final rulemaking procedures for use on routine or noncontroversial rules. Under these procedures, FMCSA will make regulatory changes that will become effective a specified number of days after the date of publication in the **Federal Register**, unless FMCSA receives written adverse comment(s) or written notice of intent to submit adverse comment(s) by the date specified in the direct final rule. These new procedures will expedite the promulgation of routine or noncontroversial rules by reducing the time and resources necessary to develop, review, clear, and publish separate proposed and final rules. FMCSA will not use the direct final rule procedures for complex or controversial issues.

SUPPLEMENTARY INFORMATION:

Background

The Administrative Procedure Act (APA) (5 U.S.C. 553) specifically provides that notice and comment rulemaking procedures are not required where the Agency determines that there is good cause to dispense with them. Generally, good cause exists where the procedures are impracticable, unnecessary, or contrary to the public interest. 5 U.S.C. 553(b)(B). FMCSA proposes to use direct final rulemaking to streamline the rulemaking process where the rule is noncontroversial and the Agency does not expect adverse comment.

Direct final rulemaking will make more efficient use of FMCSA resources by reducing the time and resources necessary to develop, review, clear, and publish separate proposed and final rules for rules the Agency expects to be noncontroversial and unlikely to result in adverse public comment. A number of Federal agencies use this process, including various Department of Transportation operating administrations. For example, on January 30, 2004, the Office of the Secretary of Transportation published a final rule adopting direct final rule procedures (69 FR 4455) and the Federal Railroad Administration published a final rule adopting direct final rule
