

B. Submitting Comments

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, NRC Form 4, “Cumulative Occupational Dose History.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on August 30, 2023, 88 FR 59951.

1. *The title of the information collection:* NRC Form 4, Cumulative Occupational Dose History.
2. *OMB approval number:* 3150–0005.
3. *Type of submission:* Extension.
4. *The form number, if applicable:* NRC Form 4.
5. *How often the collection is required or requested:* On Occasion.
6. *Who will be required or asked to respond:* NRC licensees who are required to comply with part 20 of title 10 of the *Code of Federal Regulations* (10 CFR), “Standards for Protection Against Radiation.”

7. *The estimated number of annual responses:* 243,429 (1,880 reporting + 237,145 third-party disclosure + 4,404 recordkeepers).

8. *The estimated number of annual respondents:* 4,404.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 66,558 (157 reporting + 7,115 third-party disclosure + 59,286 recordkeeping).

10. *Abstract:* The NRC Form 4 is used to record the summary of an occupational worker’s cumulative occupational radiation dose, including prior occupational exposure and the current year’s occupational radiation exposure. The NRC Form 4 is used by licensees, and inspected by the NRC, to ensure that occupational radiation doses do not exceed the regulatory limits specified in 10 CFR 20.1501.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, NRC Form 749, “Manual License Verification Report”/License Verification System. The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on July 28, 2023, 88 FR 48920.

1. *The title of the information collection:* NRC Form 749, Manual License Verification Report/License Verification System.

2. *OMB approval number:* 3150–0223.

3. *Type of submission:* Extension.

4. *The form number, if applicable:* NRC Form 749.

5. *How often the collection is required or requested:* On occasion. Licensees subject to part 37 of title 10 of the *Code of Federal Regulations*, “Physical Protection of Byproduct Material,” license verification requirements must verify the legitimacy of the license with the issuing agency prior to transferring radioactive materials in quantities of concern.

6. *Who will be required or asked to respond:* Licensees are required to

complete a license verification under the circumstances noted in 5 above. A License Verification System (LVS) is available to provide an electronic method for fulfilling this requirement. In cases where a licensee is unable to use the LVS to perform a verification, they will provide NRC Form 749 for manual license verification.

7. *The estimated number of annual responses:* 5,278 (589 manual license verification + 4,689 LVS).

8. *The estimated number of annual respondents:* 5,278 (589 manual license verification + 4,689 LVS).

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 297 (59 manual license verification + 238 LVS).

10. *Abstract:* When a licensee is unable to use the LVS to perform their license verification prior to transferring radioactive materials in quantities of concern, a manual process is available, in which licensees submit the NRC Form 749, “Manual License Verification Report.” The form provides the information necessary for the license issuing agencies to perform the verification on behalf of the licensee transferring the radioactive materials.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–98953; File No. SR–NYSE–2023–41]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Its Price List

November 15, 2023.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that on November 1, 2023, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-

regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Price List to (1) modify fee rates and requirements for transactions that remove liquidity from the Exchange; (2) offer a monthly rebate for Designated Market Maker (“DMM”) units with 150 or fewer assigned securities along with incentives for affiliated Supplemental Liquidity Providers (“SLPs”); and (3) eliminate an underutilized fee for transactions that remove liquidity from the Exchange in Tape B and C securities. The Exchange proposes to implement the fee changes effective November 1, 2023. The Exchange proposes to implement the fee changes effective September 25, 2023. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Price List to (1) modify fee rates and requirements for transactions that remove liquidity from the Exchange; (2) offer a monthly rebate for DMM units with 150 or fewer assigned securities along with incentives for affiliated SLPs; and (3) eliminate an underutilized fee for transactions that remove liquidity from the Exchange in Tape B and C securities.

The proposed changes respond to the current competitive environment by incentivizing submission of additional liquidity in Tape A, B and Tape C
