Advisory Committee Meeting Notice

AGENCY: Department of the Army, DOD.

ACTION: Notice of meeting.

SUMMARY: In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following meeting:

Name of Committee: Distance Learning/Training Technology Applications Subcommittee of the Army Education Advisory Committee.

Date: July 19-20, 2006.

Place: U.S. Army War College, Carlisle, PA.

Time: 0800-1630 on 19 July 2006; 0800-1600 on 20 July 2006.

Proposed Agenda: The meeting agenda includes updates on The Army Distributed Learning Program (TADLP) and infrastructure, review of selected courseware, and discussions focused on learning and technology.

Purpose of the Meeting: To provide for the continuous exchange of information and ideas for distance learning between the U.S. Army Training and Doctrine Command (TRADOC), HQ, Department of the Army, and the academic and business communities.

FOR FURTHER INFORMATION CONTACT: All communications regarding this subcommittee should be addressed to Mr. Carlton Hardy, at HQ, TRADOC, ATTN: ATTG-CL (Mr. Hardy), Fort Monroe, VA 23651-5000; e-mail carlton.hardy@us.army.mil.

SUPPLEMENTARY INFORMATION: Meeting of the advisory committee is open to the public. Because of restricted meeting space, attendance will be limited to those persons who have notified the Advisory Committee Management Office, in writing, at least 5 days prior to the meeting of their intention to attend. Contact Mr. Hardy for meeting agenda and specific locations.

Any member of the public may file a written statement with the committee before, during, or after the meeting. To the extent that time permits, the committee chairman may allow public presentations or oral statements at the meeting.

Robert E. Seger,

Senior Executive Service, Assistant Deputy Chief of Staff for Operations and Training.

Availability of Non-Exclusive, Exclusive License or Partially Exclusive Licensing of U.S. Patent Concerning Method of Forming an Electrically Conductive Connection Utilizing a Polynucleotide/Conductive Polymer Complex

AGENCY: Department of the Army, DoD.

ACTION: Notice.

SUMMARY: In accordance with 37 CFR Part 404.6, announcement is made of the availability for licensing of U.S. Patent No. US 7,056,675 B2 entitled "Method of Forming an Electrically Conductive Connection Utilizing a Polynucleotide/Conductive Polymer Complex" issued June 6, 2006. This patent has been assigned to the United States Government as represented by the Secretary of the Army.

FOR FURTHER INFORMATION CONTACT: Mr. Arnold Boucher at U.S. Army Soldier Systems Center, Kansas Street, Natick,

MA 01760, Phone: (508) 233-5431 or e-mail: Arnold.Boucher@natick.army.mil.

SUPPLEMENTARY INFORMATION: Any licenses granted shall comply with 35 U.S.C. 209 and 37 CFR Part 404.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

Department of the Army; Corps of Engineers

Intent To Prepare Draft Environmental Impact Statement for the Proposed Implementation of Interim Water Storage Contracts Associated With the Southeastern Federal Power Customers Settlement Agreement, at Lake Sidney Lanier/Buford Dam, GA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers (Corps), Mobile District, intends to prepare a Draft Environmental Impact Statement (EIS), as required by the National Environmental Policy Act (NEPA), to address the proposed implementation of interim water storage contracts at Lake Sidney Lanier/Buford Dam, GA, as contained in a settlement agreement associated with the *Southeastern Federal Power Customers, Inc. (SeFPC) v. Secretary of the Army, et al.* (1:00CV02954-TPJ) lawsuit. The Draft EIS will also address any changes in water management operations at the reservoir project, as well as the potential for other changes to operations in downstream reservoir projects, which would result from implementation of the settlement agreement.

FOR FURTHER INFORMATION CONTACT: Questions about this Draft EIS or the NEPA process can be answered by: Ms. Joanne Brandt, Environmental Compliance Manager, Inland Environment Team, U.S. Army Engineer District-Mobile, Post Office Box 2288, Mobile, AL 36628-0001; Telephone (251) 690-3260; or delivered by electronic facsimile at (251) 694-3815; or e-mail: joanne.u.brandt@sam.usace.army.mil. You may also request to be included on the mailing list for public distribution of meeting announcements and documents.

SUPPLEMENTARY INFORMATION:

Background. On December 13, 2000, litigation was filed by the SeFPC, Inc.

(1:00CV02954-TPJ) in the U.S. District Court for District of Columbia, challenging the validity of Corps actions in connection with water withdrawals from Lake Lanier and alleging the water withdrawals adversely affected hydropower generation. A settlement agreement was reached in the SeFPC litigation which involves a proposal to implement interim water storage contracts at Lake Lanier and prescribed payments by the water supply users for interim storage amounts, and credits for hydropower generation foregone. The Corps has been prohibited from implementing the settlement agreement until recent court decisions removed those prohibitions. In a ruling on January 20, 2006, the U.S. District Court for the District of Columbia granted the SeFPC motion to stay the lawsuit for a sufficient amount of time to allow the Corps to complete the NEPA process for the proposed implementation of the settlement agreement.

Accordingly, the Corps is proceeding to fulfill its obligations under NEPA and to comply with other terms of the settlement agreement. The first step of this compliance process is the initiation of a draft EIS to address the proposed implementation of the settlement agreement. The EIS will address the impacts expected to result from implementation of the settlement agreement together with any operational changes that may be required for its implementation.

Public participation throughout the NEPA process is essential. The Corps invites full public participation to promote open communication and better decision making. All persons, stakeholders, and organizations that have an interest in the water allocation formulas, including minority, low-income, disadvantaged and Native American groups, are urged to participate in this NEPA environmental analysis process. Assistance will be provided upon request to anyone having difficulty with understanding how to participate. Scoping meetings are planned and tentatively scheduled for later this summer. Dates and locations for public scoping meetings will be announced by future publication in the **Federal Register** and in the local news media. Tentative dates for publication of the draft EIS and other opportunities for public involvement will also be announced at that time. Public comments are welcomed anytime throughout the NEPA process.

Cooperating Agencies. The lead responsibility for this EIS rests with the Corps. The Corps intends to coordinate and/or consult with an interagency team

of Federal and State agencies during scoping and preparation of the draft EIS. Each of these agencies will provide their expertise and assistance in compiling information and evaluating potential impacts. However, these agencies will not serve in an official role as cooperating agencies.

Scoping: The Alabama-Coosa-Tallapoosa Rivers (ACT)/Apalachicola-Chattahoochee-Flint Rivers (ACF) Comprehensive Study and ACF Compact negotiations involved the States (Alabama, Florida and Georgia), stakeholders and the public in identifying areas of concern; collecting and developing water resource, environmental, and socioeconomic data; and developing tools to assist in decisions affecting water resources within the two basins. Scoping for this EIS will continue to build upon the knowledge and information developed during the Comprehensive Study and subsequent Compact negotiations. The comments and opinions of various stakeholders will be sought, including Federal, State and local agencies and officials, affected tribes, other interested parties and the public. Scoping meetings with agencies and stakeholder groups will be scheduled to identify any significant issues and data gaps, focus on the alternatives to be evaluated, and to identify any appropriate updated tools to assist in evaluation of alternatives and analysis of impacts.

Environmental Review and Consultation Requirements. Coordination with the U.S. Fish and Wildlife Service will be accomplished in compliance with the Endangered Species Act and the Fish and Wildlife Coordination Act. Coordination required by other laws and regulations will also be conducted.

Dated: June 8, 2006.

Peter F. Taylor,

Colonel, Corps of Engineers, District Engineer.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. P-2197-073]

Alcoa Power Generating, Inc.; Errata Notice and Revised Schedule

June 9, 2006.

On May 10, 2006 the Commission issued a "Notice of Application Tendered for Filing" in the above-referenced proceeding. This Errata

makes the following corrections to the notice:

(1) Under letter n., paragraph 4, item (8), the number, "447,150 kW," should be replaced with the number, "107,780 kW," to report the total installed capacity of the Narrows Development.

(2) Under letter n., paragraph 6, the last sentence should be replaced with the following sentences: "According to a 1968 Headwaters Benefits Settlement, APGI is to operate High Rock Reservoir such that regulated weekly average stream flow would be reduced to a flow not less than 1,500 cfs during the ten week period preceding May 15; 1,610 cfs during the period May 15 through July 1; and 1,400 cfs during the period July 1 through September 15. During the 2002 drought, APGI and Progress Energy agreed, in a regional Emergency Drought Management Protocol (now expired), to operate the projects so as to achieve a daily average flow of 900 cfs at the Rockingham, North Carolina U.S. Geological Survey gage."

(3) Under letter q. Procedural Schedule: The table is revised as follows:

Milestone	Target date
Tendering Notice	May 10, 2006.
File Additional Study Requests.	June 26, 2006.
Additional Information Requests (if necessary).	July 2006.
Issue Acceptance Letter and Solicit Interventions.	Oct. 2006.
Issue Scoping Document 1 for Comments.	Nov. 2006.
Hold Scoping Meetings	Jan. 2006.
Request Additional Information (if necessary).	March 2007.
Issue Scoping Document 2 (if necessary).	March 2007.
Notice of Application Ready for Environmental Analysis.	April 2007.
Filing of Recommendations, Preliminary Terms and Conditions, and Fishway Prescriptions.	June 2007.
Notice of Availability of Draft EA or EIS.	Sept. 2007.
Comments on Draft EA or EIS and Modified Terms and Conditions.	Nov. 2007.
Notice of Availability of Final EA or EIS.	March 2008.
Ready for Commission Decision on the Application.	April 2008.

Magalie R. Salas,
Secretary.
