DEPARTMENT OF HEALTH AND HUMAN SERVICES**Office of the Secretary****Grants and Cooperative Agreements Awards: Association of Schools of Public Health (ASPH)**

AGENCY: Office of International and Refugee Health, Office of Public Health and Science, DHHS

ACTION: The Office of Public Health and Science announces that it will enter into an umbrella cooperative agreement in fiscal year 2000 with the Association of Schools of Public Health (ASPH). This cooperative agreement will establish a framework in which specific projects, which will further department program objectives, will be funded as they are identified over the 5 year period of the agreement. This agreement will be administered by the Office of International and Refugee Health, which will award individual projects on behalf of the DHHS agencies. The cooperative agreement will establish a ceiling of \$6 million for the aggregate amount of the individual projects with funds to be obligated as the projects are funded.

SUMMARY: The purpose of the cooperative agreement with the Association of Schools of Public Health (ASPH) is to promote and sustain collaborations and partnerships between ASPH member schools and international schools of public health thereby improving the functions of these institutions, furthering the development of global public health professionals, and stimulating global public health policy.

This cooperative agreement is a collaborative effort between the Office of International and Refugee Health and the Association of Schools of Public Health (ASPH) to develop the next generation of professionals trained in public health and to promote and sustain the development of the global public health professional by facilitating collaborative efforts and partnerships between American schools of public health and schools abroad. These collaborations will include, but not be limited to, training opportunities such as internships and fellowships, research projects, exchanging information through publications, meetings, distance learning opportunities, and faculty exchanges. The collaborative effort will provide for a more diverse and globally capable public health workforce. In today's world, it is essential for public health workers both in the U.S. and abroad to be trained to address health issues in a global environment as well
