Compliance With Interstate Motor Carrier Noise Emission Standards: Exhaust Systems

AGENCY: Federal Motor Carrier Safety Administration, DOT.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: The Federal Motor Carrier Safety Administration (FMCSA) confirms the effective date of the direct final rule, titled “Compliance with Interstate Motor Carrier Noise Emission Standards: Exhaust Systems,” published on September 20, 2010, in the **Federal Register** (75 FR 57191). This rule eliminates turbochargers from the list of equipment considered to be noise dissipative devices.

DATES: This rule is effective November 19, 2010.

ADDRESSES: The docket for this rulemaking (FMCSA–2006–24065) is available for inspection at <http://www.regulations.gov>. SUPPLEMENTARY INFORMATION: On September 20, 2010, FMCSA published

a direct final rule entitled “Compliance with Interstate Motor Carrier Noise Emission Standards: Exhaust Systems” in the **Federal Register** (75 FR 57191). The direct final rule amends 49 CFR part 325 by removing turbochargers from the list of equipment considered to be noise dissipative devices. FMCSA used the direct final rule procedures (75 FR 29915, May 28, 2010) because it was a routine and non-controversial amendment, and the Agency did not expect any adverse comments. The direct final rule advised the public that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, was received by October 20, 2010, the Agency would provide notice confirming the effective date. Because FMCSA did not receive any comments to the docket by October 20, 2010, the direct final rule will become effective November 19, 2010.

Issued on: October 27, 2010.

Larry W. Minor,

Associate Administrator for Policy.
