

ADDRESSES: Nominations should be sent to Teresa Raml, District Manager, Bureau of Land Management, California Desert District Office, 22835 Calle San Juan De Los Lagos, Moreno Valley, California 92553.

FOR FURTHER INFORMATION CONTACT: David Briery, BLM California Desert District External Affairs (951) 697-5220.

SUPPLEMENTARY INFORMATION: The Council is comprised of 15 private individuals who represent different interests and advise BLM officials on policies and programs concerning the management of 11 million acres of BLM-administered public land in southern California's Desert District. The Council meets in formal session three to four times each year in various locations throughout the California Desert District. Council members serve without compensation. Members serve three-year terms and may be nominated for reappointment for an additional three-year term. The terms of six Council members have recently expired. The purpose of this notice is to seek nominations for individuals to fill those positions.

Section 309 of the Federal Land Policy and Management Act (FLPMA) directs the Secretary of the Interior (Secretary) to involve the public in planning and issues related to the management of BLM-administered lands. The Secretary selects Council nominees consistent with the requirements of FLPMA and the Federal Advisory Committee Act (FACA), which require nominees appointed to the Council be balanced in terms of points of view and representative of the various interests concerned with the management of the public lands within the area for which the Council is established.

The Council also is balanced geographically, and the BLM will try to find qualified representatives from areas throughout the California Desert District. The District covers portions of eight counties, and includes more than 11 million acres of public land in the California Desert Conservation Area and 300,000 acres of scattered parcels in San Diego, western Riverside, western San Bernardino, Orange, and Los Angeles Counties (known as the South Coast).

Public notice begins with the publication date of this notice and nominations will be accepted until May 9, 2011. The three-year term would begin immediately upon confirmation by the Secretary.

The six positions to be filled include one representative of recreation groups or organizations, one representative of non-renewable groups or organizations,

one representative of wildlife groups or organizations, and three representatives of the public-at-large (including one elected official).

Any group or individual may nominate a qualified person, based upon education, training, and knowledge of the BLM, the California Desert, and the issues involving BLM-administered public lands throughout southern California. Qualified individuals also may nominate themselves.

The nomination form may be found on the Desert Advisory Council webpage: <http://www.blm.gov/ca/st/en/info/rac/dac.html>. The following must accompany the nomination form for all nominations:

Letters of reference from represented interests, or organizations, or elected officials;

A completed background information nomination form to include the nominee's work and home addresses and telephone numbers, a biographical sketch including the nominee's work, applicable outside interests, and public service records; and

Any other information that addresses the nominee's qualifications.

Nominees unable to download the nomination form may contact the BLM California Desert District External Affairs staff at (951) 697-5220 to request a copy.

Advisory Council members are appointed by the Secretary, and will be evaluated based on their education, training, and knowledge of the BLM, the California Desert District, and the issues involving BLM-administered public lands.

The Obama Administration prohibits individuals who are currently federally registered lobbyists to serve on any FACA and non-FACA boards, committees, or councils.

Teresa A. Raml,

California Desert District Manager.

Notice of Intent To Prepare an Environmental Impact Statement and Environmental Impact Report for the Proposed Casa Diablo IV Geothermal Development Project, Mammoth Lakes, Mono County, CA

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended, the Federal Land Policy and Management Act of 1976, as amended, and the California Environmental Quality Act of 1970, the Bureau of Land Management (BLM) Bishop Field Office, Bishop, California and the Great Basin Unified Air Pollution Control District (GBUAPCD) (a California state agency) intend to prepare a joint Environmental Impact Statement (EIS)/Environmental Impact Report (EIR) to consider approval of the development of a proposed 33-megawatt (MW) geothermal power plant and associated well field, internal access roads, pipelines, and a transmission line on public and private lands near the Town of Mammoth Lakes, California, and by this notice, are announcing the beginning of the scoping process to solicit public comments and identify issues.

DATES: This notice initiates the public scoping processes for the EIS/EIR. Comments on issues may be submitted in writing until April 25, 2011. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local media, newspapers and the BLM Web site at: <http://www.blm.gov/ca/st/en/fo/bishop.html>. In order to be included in the Draft EIS/EIR, all comments must be received prior to the close of the scoping period or 15 days after the last public meeting, whichever is later. We will provide additional opportunities for public participation upon publication of the Draft EIS/EIR.

ADDRESSES: You may submit comments related to the Casa Diablo IV Geothermal Development Project by any of the following methods:

- **Web site:** <http://www.blm.gov/ca/st/en/fo/bishop.html>
- **E-mail:** cabipubcom@ca.blm.gov
- **Fax:** 760-872-5050

- **Mail:** BLM Bishop Field Office, 351 Pacu Lane, Suite 100, Bishop, California 93514, Attn: Casa Diablo IV Development Project, C/O Steven Nelson, Project Manager. Documents pertinent to this proposal may be examined at the BLM Bishop Field Office and the Mono County Library at 400 Sierra Park Road, Mammoth Lakes, California.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to our mailing list, contact Margie DeRose, Minerals and Geology Program Manager, Inyo National Forest, telephone (760) 873-2424; or mail to: Steven Nelson, Project Manager, BLM

Bishop Field Office, 351 Pacu Lane, Suite 100, Bishop, California 93514; or e-mail cabipubcom@ca.blm.gov.

SUPPLEMENTARY INFORMATION: Mammoth Pacific, L.P. (MPLP) has submitted an application to the BLM to build and operate the Casa Diablo IV Geothermal Development Project in the immediate vicinity of the existing MPLP geothermal projects near the intersection of California State Route 203 and U.S. Highway 395 approximately 3 miles east of Mammoth Lakes, California. The proposed project would be located on Inyo National Forest lands and adjacent private lands within portions of Federal geothermal leases CACA-11667, CACA-11672 and CACA-14408. The proposed project would include construction of a new 33-MW binary geothermal power plant, which would be the fourth geothermal plant in the vicinity; up to 16 wells for production and reinjection, drilled to an approximate 1,600 to 2,000-ft depth; and associated pipelines. A 500-foot transmission line is proposed to interconnect the new power plant to the existing Southern California Edison (SCE) substation at Substation Road. The proposed Casa Diablo IV plant, access roads, well pads, pipelines and transmission line would occupy approximately 100 acres. Of the 16 proposed production/injection well locations, 14 were previously analyzed and approved as slim holes and exploration wells in EA-170-02-15 (2001) and EA-170-05-04 (2005). Three of these exploration wells have already been drilled as of the time of the publication of this notice. The proposed well field area contains two existing production wells and associated pipelines that currently serve three existing power plants in the area.

The leases being developed are already part of a geothermal unit, which is currently producing energy sufficient to operate three existing geothermal plants in the area: The 10-MW "MP-1/G1 plant," the 15-MW "MP-II/G2 plant," and the 15-MW "PLES-I/G3 plant."

The BLM Bishop Field Office will be the lead Federal agency responsible for coordinating the environmental analysis for the Casa Diablo IV project under the National Environmental Policy Act of 1969 (NEPA). Authorization of the proposed project would require approval from the BLM as the lead Federal agency responsible for geothermal leasing and development on Federal lands, in coordination with the U.S. Forest Service (FS) as a cooperating agency responsible for surface management and uses on Inyo National

Forest lands within the project area. If approved, permits and licenses to be issued by the BLM would include approval of the Plan of Utilization, Geothermal Sundry Notices, Geothermal Drilling Permits, a Commercial Use Permit, a Site License and a Facility Construction Permit. The BLM authorizations would include Conditions of Approval for surface use and occupancy based on recommendations from the FS to ensure consistency with the Inyo National Forest Land and Resource Management Plan. The FS would issue a special use permit for the transmission line. For the BLM, the Bishop Field Manager is the authorized officer. For the FS, the Inyo National Forest Supervisor is the authorized officer. The GBUAPCD will be the lead state agency responsible for coordinating the environmental analysis under the California Environmental Quality Act. The GBUAPCD would issue an Authority to Construct Permit and a Permit to Operate. The approving official is the Air Pollution Control Officer.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the process for developing the EIS/EIR. The BLM, FS and GBUAPCD have identified the following preliminary issues: air quality; social and economic impacts; groundwater quantity and quality; surface water quantity and quality; geology and soils; plants and animals; cultural resources; transportation; noise and vibration; lands with wilderness characteristics; and recreation.

The BLM will use and coordinate the NEPA commenting process to satisfy the public involvement process for Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) as provided for in 36 CFR 800.2(d)(3). Native American tribal consultations will be conducted in accordance with policy, and tribal concerns will be given due consideration, including impacts on any Indian trust assets. Federal, State, and local agencies, along with other stakeholders that may be interested or affected by the BLM's decision on this project are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment

to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1501.7.

Bernadette Lovato,

Bishop Field Manager.

Notice of Intent To Collect Fees on Public Land in Tangle Lakes, Alaska, Glennallen Field Office Under the Federal Lands Recreation Enhancement Act

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: Pursuant to applicable provisions of the Federal Lands Recreation Enhancement Act of 2004 (REA), the Bureau of Land Management (BLM) Glennallen Field Office will begin to collect fees in 2011 upon completion of construction at the Tangle Lakes Campground, mile 121.5 Denali Highway, Alaska (Section 34, T. 21 S., R. 9 E., Fairbanks Meridian).

DATES: Submit comments on or before April 25, 2011. The public is encouraged to comment. Effective 6 months after the publication of this notice and upon completion of construction, the BLM Glennallen Field Office will initiate fee collection in the Tangle Lakes Campground, unless the BLM publishes a **Federal Register** notice to the contrary. Future adjustments in the fee amount will be modified in accordance with the Glennallen Field Office's recreation fee business plan; consultation with the BLM Anchorage District Office; and the public being notified prior to any fee increase.

ADDRESSES: Field Manager, Glennallen Field Office, Bureau of Land Management, P.O. Box 147, Mile Post 186.5 Glenn Highway, Glennallen, Alaska 99588.

FOR FURTHER INFORMATION CONTACT: Elijah Waters, Recreation Branch Chief or Marcia Butorac, Outdoor Recreation Planner, 907-822-3217; *address:* P.O. Box 147, Mile Post 186.5 Glenn Highway, Glennallen, Alaska 99588; *e-mail:* AK_GFO_GeneralDelivery@blm.gov.
