Proposal Under OMB Delegated Authority To Extend for Three Years, With Revision, the Following Information Collection

Collection title: Reporting, Recordkeeping, and Disclosure Requirements Associated with Regulation LL.

Collection identifier: FR LL.

OMB control number: 7100-0380.

General description of collection: Regulation LL—Savings and Loan Holding Companies (12 CFR part 238) requires certain large savings and loan holding companies (SLHCs) to submit a capital plan to the Board on an annual basis, request prior approval from the Board under certain circumstances before making a capital distribution, conduct company-run periodic stress tests, report the results of its company-run stress tests to the Board, publicly disclose a summary of the results of

such stress tests, and comply with certain other reporting and recordkeeping requirements. Capital is central to a firm's ability to absorb unexpected losses and continue to lend to creditworthy businesses and consumers. The Board's capital planning requirements for large bank holding companies help to ensure that these firms have robust systems and processes that incorporate forward-looking projections of revenue and losses to monitor and maintain their internal capital adequacy. The Board's stress testing and stress capital buffer requirements help ensure that a firm can meet its obligations to creditors and other counterparties, as well as continue to serve as a financial intermediary through periods of financial and economic stress.

Proposed revisions: The Board is proposing to revise the FR LL to account for several reporting provisions and one recordkeeping provision which have not been previously cleared by the Board under the PRA.

Reporting Requirements

Section 238.132(c)(2)(i) provides that the Board may conduct a stress test on an SLHC (other than an foreign banking organization) with average total consolidated assets of \$100 billion or more on a more or less frequent basis than would be required under paragraph (c)(1). Section 238.132(c)(3)(iii) permits an SLHC to request in writing that the Board reconsider the requirement to conduct a stress test on a more or less frequent basis than would be required under (c)(1). This request must include an explanation as to why the request for reconsideration should be granted. The Board will respond in writing within 14 calendar days of receipt of the request. This request would be submitted via the Federal Reserve's IntraLinks system.

Section 238.143(a)(3)(ii) permits a Category II SLHC, Category III SLHC, or a SLHC with average total consolidated assets of greater than \$250 billion to request in writing that the Board reconsider the requirement to conduct a stress test on a more or less frequent basis than would be required under paragraph (a)(2)(i). This request must include an explanation as to why the request for reconsideration should be granted. The Board will respond in writing within 14 calendar days of receipt of the request. This request would be submitted via the Federal Reserve's IntraLinks system.

Section 238.143(b)(4) provides that if the Board requires a Category II SLHC, Category III SLHC, or a SLHC with average total consolidated assets of greater than \$250 billion to include one

or more additional components in certain of its stress testing scenarios the Board will notify the company in writing and include a basis for its determination. Within 14 calendar days of receipt of this notification the company may request in writing that the Board reconsider the requirement that company include the additional component(s) or additional scenario(s), including an explanation as to why the request for reconsideration should be granted. The Board will respond in writing within 14 calendar days of receipt of the company's request. This request would be submitted via the Federal Reserve's IntraLinks system.

Recordkeeping Requirements

Section 238.144(c)(1) requires a Category II SLHC, Category III SLHC, or a SLHC with average total consolidated assets of greater than \$250 billion to establish and maintain a system of controls, oversight, and documentation, including policies and procedures, that are designed to ensure that its stress testing processes are effective in meeting the relevant requirements. These policies and procedures must, at a minimum, describe the covered company's stress testing practices and methodologies, and processes for validating and updating the company's stress test practices and methodologies consistent with applicable laws and regulations.

Frequency: Ongoing, annual, bi-annual, or event-generated.

Respondents: Foreign SLHCs with average total consolidated assets of greater than \$250 billion and domestic covered SLHCs with average total consolidated assets of greater than \$100 billion.

Total estimated number of respondents: 1.

Total estimated change in burden: 31.
