

recommendations of the Biological Opinion.

Vessel numbers and operating requirements for cruise ships, tour boats, charter boats, and private boats have been in place for Glacier Bay National Park since 1979. Regulations implementing the 1996 Vessel Management Plan increased vessel entries above 1985 levels for cruise ships (30 percent increase initially; up to 72 percent increase) charter boats (8 percent increase) and private vessels (15 percent increase). Vessel operating requirements were also set for all vessel types, including tour boats.

On February 23, 2001, the 9th Circuit Court of Appeals determined that the portion of the 1996 VMP and the implementing regulations that authorized an increase in vessels into Glacier Bay violated NEPA because an EIS was not prepared. Accordingly, further increases in vessel traffic were prohibited and current traffic levels were returned to their pre-1996 levels. On November 5, 2001, Pub. L. 107-63 (155 Stat. 414) was signed into law. Section 130 of the act requires preparation of an EIS to identify and analyze the possible effects of the 1996 increases in the number of vessel entries issued for Glacier Bay National Park and Preserve. Section 130 further provides that the EIS is to be completed by January 1, 2004.

Dated: February 7, 2002.

Robert L. Arnberger,

Regional Director, Alaska.

National Park Service

National Capital Memorial Commission; Notice of Public Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act that a meeting of the National Capital Memorial Commission (the Commission) will be held at 9:30 a.m., on Friday, March 1, 2002, at the National Building Museum, Room 312, 5th and F Streets, NW., Washington, DC.

The purpose of the meeting will be to discuss currently authorized and proposed memorials in the District of Columbia and environs.

In addition to discussing general matters and conducting routine business, the Commission will review the following:

Action Items

(1) Consideration of a recommendation relative to placement, within Area I as established by the Commemorative Works Act of 1986, of the Dwight D. Eisenhower Memorial (Public Law 106-79, October 25, 1999).

(2) Site Selection.

(a) Alternative Site Study for the Tomas G. Masaryk Memorial (Public Law 107-61, November 5, 2001).

(b) Alternative site study for the plaque to be placed at the Lincoln Memorial commemorating the "I Have a Dream" speech of Martin Luther King, Jr. (Public Law 106-365, October 2, 2000).

(3) Design Concept Review. Design concept review of the plaque to be placed at the Vietnam Veterans Memorial honoring post-war casualties of the Vietnam War (Public Law 106-215, June 14, 2000).

(4) Legislative Proposals introduced in the 107th Congress to establish memorials in the District of Columbia and its environs.

The Commission was established by Public Law 99-652, the Commemorative Works Act, to advise the Secretary and the Administrator, General Services Administration, (the Administrator) on policy and procedures for establishment of (and proposals to establish) commemorative works in the District of Columbia and its environs, as well as such other matters as it may deem appropriate concerning commemorative works.

The Commission examines each memorial proposal for conformance to the Commemorative Works Act, and makes recommendations to the Secretary and the Administrator and to Members and Committees of Congress. The Commission also serves as a source of information for persons seeking to establish memorials in Washington, DC, and its environs.

The members of the Commission are as follows:

Director, National Park Service; Chairman, National Capital Planning Commission; Architect of the Capitol; Chairman, American Battle Monuments Commission; Chairman, Commission of Fine Arts; Mayor of the District of Columbia; Administrator, General Services Administration; Secretary of Defense.

Due to the continued delay of mail delivery to the Main Interior Building and communication difficulties resulting from restricted modem and Internet access for all Department of the Interior agencies, this notice could not be published at least 15 days prior to the meeting dates. The National Park

Service regrets this delay but is compelled to hold the meeting as scheduled because of the significant sacrifice re-scheduling would require of committee members who have adjusted their schedules to accommodate the proposed meeting dates, and the high level of anticipation by all parties who will be affected by the outcome of the committee's actions. Since the proposed meeting dates have received widespread publicity in areas news media and among the parties most affected, the National Park Service believes that the public interest will not be adversely affected by the less-than-15-days advance notice in the **Federal Register**.

The meeting will be open to the public. Any person may file with the Commission a written statement concerning the matters to be discussed. Persons who wish to file a written statement or testify at the meeting or who want further information concerning the meeting may contact Ms. Nancy Young, Executive Secretary to the Commission, at (202) 619-7097.

Dated: February 7, 2002.

Joseph M. Lawler,

Acting Regional Director, National Capital Region.

BILLING CODE 4310–70–M

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation**

**Central Arizona Project, Indian
Distribution Division, San Carlos
Apache Indian Reservation, Gila, Pinal,
and Graham Counties, AZ**

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Notice of Intent to Prepare an
Environmental Impact Statement.

SUMMARY: Pursuant to the National
Environmental Policy Act of 1969, as
amended (NEPA), Reclamation proposes

to prepare a draft environmental impact
statement (EIS) regarding delivery of
Central Arizona Project (CAP) water to
the San Carlos Apache Reservation
(Reservation). This draft EIS will
evaluate anticipated environmental
impacts from alternative methods of
delivering CAP water and other water
resources, provided under the San
Carlos Apache Water Rights Settlement
Act of 1992 (Act). Currently, nine
conceptual options are being
investigated. A No-Action alternative
will also be analyzed. Public scoping
meetings will be held to receive
comments from affected and/or
interested agencies and the general
public on the environmental impacts,
concerns, and issues that should be
addressed in the EIS [see **DATES**].

DATES: To ensure consideration in the
preparation of the draft EIS, written
comments must be received by May 3,
2002 [see **ADDRESSES**, below]. The draft
EIS is expected to be available for public
review and comment in April 2003.

Public scoping meetings are schedule
to be held on:

- April 10, 2002, 5–8 p.m. in Bylas,
Arizona.
- April 11, 2002, 5–8 p.m. in San
Carlos, Arizona.

ADDRESSES: Send written comments to
Mr. Bruce Ellis, Chief, Environmental
Resources Management Division,
Bureau of Reclamation, Phoenix, Area
Office (PXAO–1500), PO Box 81169,
Phoenix, AZ 85069–1169; faxogram
602–216–4006.

The hearings will be held at the
following locations:

- Bylas—Stanley Hall, Highway 70,
Bylas, Arizona.
- San Carlos—Burdette Hall, San
Carlos Avenue, San Carlos, Arizona.

FOR FURTHER INFORMATION CONTACT: Mr.
John McGlothlen at the above address,
telephone 602–216–3866.

SUPPLEMENTARY INFORMATION: The
purpose of the project is to deliver CAP
water, and other water resources to the
Reservation provided by the Act, to
sustain and expand the San Carlos
Apache Tribe's (Tribe) agricultural base
and for other Tribal homeland purposes,
in a manner that enhances efficient
development, management, and
delivery of Tribal water resources.

The Reservation encompasses about
2,960 square miles in portions of Gila,
Graham, and Pinal Counties in east-
central Arizona. Approximately 12,000
people live on the Reservation and rely
on its local water resources for
domestic, municipal, agricultural, and
