[Docket Nos. CP10-481-000; PF09-14-000]

Turtle Bayou Gas Storage Company, LLC; Notice of Application

August 20, 2010.

Take notice that on August 6, 2010, Turtle Bayou Gas Storage Company, LLC (Turtle Bayou), One Office Park Circle, Suite 300, Birmingham, Alabama 35223, filed in the above referenced docket an application pursuant to section 7(c) of the Natural Gas Act (NGA), for an order granting a certificate of public convenience to construct, own, operate, and maintain a new salt dome natural gas storage facility in two caverns and related facilities to be located in Chambers and Liberty Counties, Texas. Turtle Bayou is requesting blanket certificates under Part 284, Subpart G and Part 157, Subpart F of the Commission's regulations. Turtle Bayou also seeks for authorization of market based rates, approval of the pro forma tariff, and waivers of some of the Commission's regulations, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the

document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Turtle Bayou's new storage project has been designed to provide approximately 12 billion cubic feet (Bcf) of working gas capacity with a maximum injection rate of up to 300 million cubic feet per day (MMcf/d) and a maximum withdrawal rate of 600 MMcf/d. Additionally, Turtle Bayou intends to construct a total of 13.1 miles of 24-inch diameter pipeline to deliver the natural gas to Natural Gas Pipeline Company of America and Texas Eastern Transmission, LP, as well as three reciprocating units to produce a total of 16,470 horsepower, leaching facilities, water supply wells, brine disposal wells, and two meter stations.

Any questions concerning this application may be directed to Jim Lindsay, Turtle Bayou Gas Storage Company, LLC, One Office Park Circle, Suite 300, Birmingham, Alabama 35223, at (877) 558-4521 or JHL@wwminvest.com; or Amy L. Baird, Jackson Walker L.L.P., 1401 McKinney Street, Suite 1900, Houston, Texas 77010, at (713) 752-4525 or abaird@jw.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the

Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for

review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: September 10, 2010.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER10-1810-001]

E. I. du Pont de Nemours and Company; Notice of Filing

August 20, 2010.

Take notice that on August 20, 2010, E. I. du Pont de Nemours and Company, filed clarification and an amendment to its July 19, 2010 petition for market-based rate authorization and request for waivers and blanket authorizations.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant and all the parties in this proceeding.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the

Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on August 30, 2010.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 13720-000]

Energy Exchange, Inc.; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

August 23, 2010.

On May 5, 2010, and amended on July 19, 2010, Energy Exchange, Inc. filed an application, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Bear Creek Hydroelectric Project (Bear Creek Project). The Bear Creek Project would be located at Bear Creek Dam Municipal Water System within the city of Astoria, Clatsop County, Oregon. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The Bear Creek Project would consist of: (1) The existing Bear Creek reservoir and two other reservoirs (known as # 2 and # 3); (2) the existing 21-inch diameter steel pipes; (3) two new powerhouses to be located at reservoir # 2 and reservoir # 3; (4) one 125-kilowatt (kw) turbine/generating unit, to be installed in each powerhouse; and (5) a new three-phase transmission line (voltage to be determined) to connect with the nearest tie-in point on a local electric grid system. The project would produce an estimated average annual generation of about 1,700 megawatt-hours.

Applicant Contact: Duane Pratt, Energy Exchange, Inc., 2711 Centerville Rd., Suite 120—PMB 7023, Wilmington, DE 19808; phone (208) 371-1285.

FERC Contact: Patrick Murphy (202) 502-8755.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36. Comments, motions to intervene, notices of intent, and competing applications may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site. <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-13720-000) in the docket number field to access the document. For assistance, contact FERC Online Support.
