BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2013-0002; Internal Agency Docket No. FEMA-B-1311]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and

others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings.

DATES: Comments are to be submitted on or before August 19, 2013.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

You may submit comments, identified by Docket No. FEMA-B-1311, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact

stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at http://floodsrp.org/pdfs/srp_fact_sheet.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

BILLING CODE 9110-12-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5321-N-05]

Notice of Fund Availability (NOFA) for the Neighborhood Stabilization Program 2 (NSP2) Under the American Recovery and Reinvestment Act, 2009: Announcement of Availability of Updated Foreclosure Information

AGENCY: Office of the Assistant Secretary for Community Development and Planning, HUD.

ACTION: Notice; announcement of updated information.

SUMMARY: On May 4, 2009, HUD posted its Fiscal Year (FY) 2009 NSP2 NOFA. This document makes changes to the NSP2 NOFA to allow NSP2 grantees to use an updated foreclosure needs map and associated needs index score in selecting geographic target areas.

DATES: Effective Date: May 21, 2013.

FOR FURTHER INFORMATION CONTACT: Stanley Gimont, Director, Office of Block Grant Assistance, Office of Community Planning and Development,

Department of Housing and Urban Development, 451 Seventh Street, SW., Room 7286, Washington, DC 20410, telephone number 202-708-3587. Persons with hearing or speech impairments may access this number via TTY by calling the Federal Relay Service at 800-877-8339. FAX inquiries may be sent to Mr. Gimont at 202-401-2044. (Except for the "800" number, these telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION:

Background

On May 4, 2009, HUD posted its FY 2009 NSP2 NOFA on the Grants.Gov Web site¹ and on HUD's own Web site.² The NOFA announced the availability of up to \$1.93 billion for HUD's FY2009 NSP2 Program. The purpose of the program is to stabilize communities that have suffered from foreclosures and abandonment through the purchase and redevelopment of foreclosed and abandoned homes and residential properties. NSP2 is authorized by the Housing and Economic Recovery Act (Public Law 110-289) (HERA), as amended by Title XII of Division A of the American Reinvestment and Recovery Act of 2009 (Public Law 111-005) (Recovery Act).

The NSP2 NOFA requires grantees to carry out NSP2 activities in a HUD-

approved target area. HUD developed a foreclosure needs map Web site to assist grantees in selecting target areas that meet the criteria for NSP2 funding. For NSP2, the foreclosure needs map provides foreclosure-related needs scores at the census tract level and grantees select one or more census tracts that have an average combined index score of 18 or greater as indicated by the map. The needs scores were generated with foreclosure data from 2005-2008. This data is now dated and in many cases it no longer reflects the foreclosure market in NSP2 target areas. Further, HUD updated mapping capabilities for its Neighborhood Stabilization Program 3 (NSP3), allowing NSP3 grantees to draw the outline of a targeted neighborhood rather than selecting best-fit census tracts. This method allows a better correlation between the data provided and the target geography.

Updated Foreclosure Data for Use by NSP2 Grantees

To take advantage of the refreshed data and improved maps, HUD has updated the foreclosure needs map with more recent data that combines foreclosures, pre-foreclosures, real-estate-owned, and vacant property transactions in the past 18 months. From the effective date of this notice published in today's edition of the **Federal Register**, all NSP2 grantees must begin using the updated foreclosure needs map Web site when amending their currently approved target areas. Grantees may continue
