Amend Manual for Courts-Material, Part IV, Paragraph 14c(2)(a), by inserting the following new subparagraph (ii) and renumbering existing subparagraphs (a)(ii) through (iv) as (a)(iii) through (v):

(e) That, under the circumstances, the conduct of the accused was to the prejudice of good order and discipline in the armed forces or was of a nature to bring discredit upon the armed forces.

c. Explanation:

(i) death, disease, or other biological malfunction in a human, an animal, a plant, or another living organism;

(ii) deterioration of food, water equipment, supplies, or materials of any kind; or

(5) Chemical agent, substance, or weapon. A chemical agent, substance or weapon refers to a toxic chemical and its precursors and or a munition or device, specifically designed to cause death or other harm through toxic properties of those chemicals which would be released as a result of the employment of such munition or device, and any equipment specifically designed for use directly in connection with the employment of such munitions or devices.

(6) Hazardous material. A substance or material (including explosive, radioactive material, etiologic agent, flammable or combustible liquid or solid, poison, oxidizing or corrosive material, and compressed gas, or mixture thereof) or a group or class of material designated as hazardous by the Secretary of Transportation.

(7) Malicious. A communication is "malicious" if the accused believed that the information would probably interfere with the peaceful use of the building, vehicle, aircraft, or other property concerned, or would cause fear or concern to one or more persons.

d. Lesser included offenses.

(1) Threat

(a) Article 134—communicating a threat

(b) Article 80—attempts

(c) Article 128—assault

(2) Hoax. Article 80—attempts

e. Maximum punishment. Dishonorable discharge, forfeitures of all pay and allowances and confinement for 10 years.

f. Sample specifications.

(1) Threat.

In that \_\_\_\_\_ (personal jurisdiction data) did, (at/on board—location) on or about \_\_\_\_\_ 20\_\_\_\_, wrongfully communicate certain information, to wit: \_\_\_\_\_, which language constituted a threat to harm a person or property by means of a(n)

Amend the Analysis accompanying Punitive Article 134, Paragraph 109, subparagraph c, by inserting the following at the end thereof:

"200 \_\_\_\_ Amendment: This paragraph has been expanded to annunciate the various means by which a threat or hoax is based. Whereas explosives were the instruments most commonly used in the past, new types of weapons have developed. These devices include weapons of mass destruction, chemical agents, biological agents, and hazardous materials."

Amend the Analysis accompanying Punitive Article 134, Paragraph 109, subparagraph e, by inserting the following at the end thereof:

"200 \_\_\_\_ Amendment: This amendment increases the maximum punishment currently permitted under paragraph 109 from 5 years to 10 years. Ten years is the maximum period of confinement permitted under 18 U.S.C. 844(e), the U.S. Code section upon which the original paragraph 109 is based.

Amend the Analysis accompanying Punitive Article 90 by inserting the following new subparagraph c(2)(a)(ii) and renumbering existing subparagraphs (a)(ii) through (iv) as (a)(iii) through (v):

"200 \_\_\_\_ Amendment: The Court of Appeals for the Armed Forces held that the lawfulness of an order is a question of law to be determined by the military judge, not the trier of fact. See *United States v. New*, 55 M.J. 95 (C.A.A.F.)."
