CMS Trunkline Gas Company, LLC; Notice of Tariff Filing

December 3, 2002.

Take notice that on November 27, 2002, CMS Trunkline Gas Company, LLC (Trunkline) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following *pro forma* sheet:

Pro Forma Sheet No. 223A

Trunkline states that this filing is being made to comply with the Commission's Order on Remand issued October 31, 2002 in Docket No. RM98-10-011. Trunkline is modifying Section 3.2(A) of the General Terms and Conditions of its FERC Gas Tariff to permit segmented transactions consisting of a forwardhaul and a backhaul to the same point. In such a segmented transaction, the revised tariff sheet makes clear that the shipper may nominate quantities of gas at a point of receipt or a point of delivery in excess of its maximum daily quantity at such point and the shipper may nominate quantities of gas in each segment up to its maximum daily quantity in the segment. Consistent with the Commission's policy and the Remand Order, the revised tariff sheet clarifies that a segment in which the flow is the opposite of the shipper's primary path will be considered to be outside the primary path for scheduling purposes.
