SUPPLEMENTARY INFORMATION:

Abstract: The U.S. Institute is a non-partisan federal program established by Congress to provide impartial assistance to parties in resolving environmental, natural resource, and public lands conflicts involving the U.S. government. The U.S. Institute accomplishes much of

its work by partnering, contracting with, or referral to, experienced practitioners. In addition, the U.S. Institute maintains the National Roster of Environmental Conflict Resolution and Collaboration Professionals (roster). The Application for the National Roster of Environmental Conflict Resolution and Collaboration Professionals (application) compiles data available from the resumes of environmental neutrals (mediators, facilitators, etc.) into a format that is standardized for efficient and fair eligibility review, database searches, and retrievals.

The roster, the application and the related entry criteria, were developed collaboratively and with the support of partner federal agencies including the Environmental Protection Agency. To apply for membership of the roster a professional needs to complete the application form one time. Once an application is approved, the roster member has access to update information online as needed.

The proposed collection is necessary for screening new applicants and the maintenance of the online roster system. The application is available from the U.S. Institute's Web site at <http://roster.ecr.gov/reference/documents/2012DRAFTRosterApplication.pdf>.
